Fifth inning—With Roush out, Duncan rolled an easy grounder to Cicotte, which the pitcher proceeded to toss to the stands. Kopf singled to left, and Duncan scored when Cicotte allowed Jackson's throw to get away from him. Kopf reached second on the play. Kopf counted on Neale's double over Jackson's head. Wingo and Ring were easy outs for Collins and Gandil. Two runs.

CHICAGO

How were Chicago's runs scored? Yes.

By ROBERT W. MAXWELL
Sports Editor Evening Public Ledger

Comiskey Park, Chicago, Ill., Oct. 4.—Cincinnati won the fourth game of the world series this afternoon, walloping the White Sox by the score of 2 to 0. This is the third contest they have won and only two more are needed to cinch the championship.

Eddie Cicotte was responsible for the victory, not because of his pitching, which was exceptionally good, but because of two very bum fielding plays in the fifth inning, which presented the Reds with one run and paved the way for another.

Eddie pegged poorly to first on Duncan's grounder, and lated muffed the ball when Jackson threw home after fielding Kopf's hit. Two foozles in one inning just ruined that ball game, from a Chicago viewpoint.

The biggest crowd of the series attended the battle, 34,363 cash customers being present. It was a saddened throng which wended its way homeward after the final result was hung up.

Ring in Form

Pat Moran made no mistake when he chose Jimmy Ring. The right-hander allowed but three hits, thus duplicating Kerr's performance of yesterday. Brilliant fielding, however, saved the day for Ring. Once Duncan backed against the left-field bleacher wall to pull down Felsch's drive, and another time Neale sprinted to the right-field wall to rob Liebold of a homer.

Heine Groh, as usual, played a wonderful defensive game and knocked down several hard wallops.

At tre start it looked as if the Sox would come through and even up the series, for the local batters were soaking the ball hard. In the second Jackson hit a scratch double and with none out Felsch was told to bunt. That seems to be the system and it is a poor one. Happy can hit and it's a shame to waste him.

Anyway, Felsch bunted, placing Jackson on third, and tre other batters fell down on the job.

However, Moran used good judgment when he ordered Ring to pass Risberg and Schalk in order to get Cicotte, and this stunt worked out properly.

In the eighth inning, with Weaver, Jackson and Felsch up, it looked as if some sort of rally would be put on, but nothing happened. Rath spoiled everything when he made a sensational catch on Weaver's short fly to right, which was ready to fall safe. Daubert and Neale ran after the ball, but could not reach it. Rath ran between them and

Pitchers' Errors Decided All Four Games in Series

Defeat in every one of the four world's series games thus fer played can be attributed to the erratic twirling or fielding of the pitchers.

In the first game it was Cicotte's slow work in tossing the ball to second that lost a double play and made possible the five-run fourth for the Reds.

In the second game it was Williams's three bases on balls in the fourth that helped the Reds to three runs.

In the third game it was Fisher's wild throw to second in the second inning in an effort to force Jackson that paved the way for the two White Sox runs which proved enough to win.

In the fourth game this afternoon it was Cicotte's two errors in the fifth which helped the Reds to two runs and the game.

MOORE WON'T HEAD PRE-EMPTED TICKET; JERMON IS SPURNED

Congressman Announces He Will Be Candidate Only of Republican Forces

OFFER OF 'PEOPLE'S PARTY' GIVEN NO CONSIDERATION

Candidate Aims to Unite All Factions in Coming Mayoralty Campaign

Congressman Moore will not permit his name to appear on the "People's party" ticket, pre-emptions for which were taken by J. M. Rush Jermon, who wants a job as magistrate.

Congressman Moore will stand by his "colleagues" on the Republican ticket," according to an announcement made yesterday by the Moore campaign committee.

This is taken to mean the Republican mayoralty candidate will not permit any of his unsuccessful followers, defeated in their candidacy for Republican nominations, to pre-empt other party names and use Congressman Moore to head their ticket.

Jermon Visits Moore

Mr. Jermon called on Mr. Moore at the latter's office in the Crozer Building. They held a conference, at which Mr. Jermon formally invited Congressman Moore to go on the People's party ticket for Mayor. After talking the matter over with Mr. Jermon, Mr. Moore consulted his campaign manager, Murdoch Kendrick, and later the following statement was issued from the Moore campaign committee:

"Mr. Moore today declined a request that his name should appear on the People's party ticket.

"He announced that as the nominee for Mayor on the Republican party ticket he would stand by all his colleagues on the Republican ticket, and that, in justice to them, he could not allow the use of his name on any other party ticket.

"He was therefore compelled to decline."

This announcement is in harmony with an earlier statement to the effect that the mayoralty campaign would be conducted by a committee made up of representatives of the various factions within the ranks of the party in this city.

The keynote of the campaign will be harmony. No element is to enjoy a preponderance of favor or influence in the conduct of the contest for victory at the polls.

Vare Promises Indorsements

Announcement was also made by Senator Vare that the Republican city committee will indorse the Republican candidates nominated at the recent primaries.

In making his announcement, Senator Vare said there would be no indorsements by ward committees and that the only indorsement would be the central committee.

This committee will meet next Tuesday afternoon at 2 o'clock to act in the matter of indorsing candidates.

Congressman Moore conferred today with Murdoch Kendrick, who was his compaign manager in the contest at the primaries.

Mr. Moore further gave the impression that the central headquarters will be opened soon, and that active work of the campaign will begin without delay.

He also intimated that the same independent course would be pursued as was followed by him at the primaries. The central headquarters idea is deemed desirable by Congressman Moore in his efforts to carry out his harmony plan and to permit representation, in proper proportion, of all elements supporting his candidacy.

SOVIET PLOT BACK OF STEEL STRIKE, WORKER CHARGES

Tells Senate Investigators Radicals Conspire to Secure Control of Mills

CONDITIONS SATISFACTORY, SKILLED EMPLOYES SAY

"Wilson and Gompers With Us," Foreign Extremists Are Quoted

By the Associated Press

Washington, Oct. 4.—Activities of union organizers in steel districts before the present strike was called had "all the elements of a conspiracy," T. J. Davies, a New Castle, Pa., tin worker, told the Senate committee investigating the strike today. Foreign workmen, in some cases, he said, expect it to result in soviet operation of the mills.

"These men moved mysteriously around the plant," declared Davies, who said he represented the sentiment of 5000 tin workers. We kept hearing that they intended to cripple the plants, paralyze operations.

"These foreigners when we asked them, explained they were going to get the 'closed shop.'

"Wilson With Us," They Say

"'President Wilson, President Gompers,' they all say, 'are with us. You Americans can't work here afterward. Nothing but union men.

"'We'll get the check-off system,' they said, "and collect all the union dues.'

"Some of them explained to me: 'We won't need bosses after this, committees will run mills.'"

Davis said some workers were intimidated because they "are told their houses will be blown up, and their wives killed."

When the strike was called, Davies said, he and other workmen who sought to get into the mills at New Castle were attacked by pickets at the gates.

"They whipped the city police, they whipped the county police," Davies said, "and beat men trying to go to work. There were 500 foreigners around the mill gates, and until returned soldiers took charge of the situation there was a continuous fight."

Earns $17 a Day

Davies said his own earnings were $17 a day as a roller. He added that he was a Y. M. C. A. worker in France during the war.

Davies told the committee that when mill employes had grievances they could appeal to the foremen and if dissatisfied could go to the superintendent. He related several instances where individuals and committees from the working force had secured adjustments.

"I don't know of any labor union

Franklin Field, Oct. 4.—Pennsylvania found P. M. C. easy in the second game of the football season here this afternoon. The Red and Blue scored almost at will.

When the athletes were battling with the third period half over, the Red and Blue held a lopsided advantage of 35 to 0. Five touchdowns and the same number of goals from touchdown was the price the little P. M. C. team paid in the first half for battling their huskier rivals from Ben Franklin's institution.

Two of the touchdowns in the first half were made by Ben Derr, the sensational line plunger of three years ago. Ray Miller, Joe Straus each scored one touchdown. Heine Miller kicked four of the goals after touchdown, and Straus booted the other. P. M. C. braced in the third period and showed much better football than in the two previous sessions.

The first two periods were wild-scoring affairs for the Red and Blue. The Quakers plugged through the weak P. M. C. line for a total of five touchdowns. Joe Straus, the Texas terror of two years' ago, made his 1919 debut and made good. It took Joseph only a

WILSON BETTER, HOPEFUL REPORT OF HIS DOCTORS

His Condition More Favorable and He Rests Comfortably, Grayson Announces

HOUR CONSULTATION HELD BY SPECIALISTS

President Cheerful, Though Becoming Restless from Being Confined to Bed

DAUGHTERS VISIT HIM

Executive's Eyesight Unimpaired, Dr. De Schweinitz Finds

Grayson's Latest Bulletin on President's Condition

Washington, Oct. 4.—(By A. P.)—A bulletin issued by Doctor Grayson concerning President Wilson's condition reads:

"White House, October 4, 10:50 a. m.

"The President had a good night's rest and his condition is more favorable. "GRAYSON."

Washington, Oct. 4.—President Wilson's condition was more favorable today.

Dr. Cary Grayson, the President's physician, upon leaving the White House this afternoon, said that the President was resting comfortably and that there was no change in his condition oper that disclosed in a forenoon bulletin, when it was announced that he was improved.

The official bulletin said that President Wilson had a good night's rest, and it was stated at the White House that he rested better than on Thursday night.

President Is Cheerful

The President's temperature and pulse are normal and the President is said to be cheerful, though becoming somewhat restless about being confined to his bed.

A consultation lasting more than an hour was held at the White House today. Two specialists who have examined the President before, Dr. F. X. Dercum, neurologist, of Philadelphia, and Doctor George E. de Schweinitz, eye specialist, of the same city, consulted with Admiral Grayson and Drs. B. R. Stitt and Sterling Ruffin, of Washington. The latter two have been assisting the President's physician.

Examination of the President's eyes by Dr. de Schweinitz disclosed that his eyesight was as good as it was at the last examination six months ago.

Admiral Grayson said that he was satisfied with both the result of the consultation and the examination conducted by the eye specialist.

Daughters See President

All three of the President's daughters are at the White House and are permitted to visit their father occasionally. William G. McAdoo, the President's son-in-law, called at the White House this morning but did not see the President.

It is emphasized strongly that regardless of the President's condition today and in the near future, he would be permitted to give no attention to the affairs of his office.

Doctor Grayson said yesterday that the President's appetite had not been encouraging, with the consequence that he was weakened physically, although mentally active. In summing up the situation Doctor Grayson said that the President was "skating on thin ice," in the matter of his reserve force.

Diplomats Call

Messages from all parts of the country and many foreign capitals continued to pour into the White House today and a number of officials and diplomats called to inquire as to the President's condition.

J. J. Jusserand, the French ambassador and dean of the diplomatic corps, and Don Juan Riano, the Spanish ambassador, visited the White House again today. Others who called to inquire personally as to the President's condition were Senators Swanson, of Virginia, and Gerry, of Rhode Island, the Bulgarian minister and the Peruvian charge.

WILSON'S BROTHER IS NOT ALARMED

Baltimore, Oct. 4.—(By A. P.)—Joseph R. Wilson, President Wilson's only brother, today expressed himself as feeling that there is "no immediate cause for alarm concerning the President's condition." Mr. Wilson was in Washington yesterday.

"I was not summoned to the President's bedside," Mr. Wilson said. "I called up the White House and felt encouraged by what I was told. Of course, the President is very sick and one cannot tell what the developments may be, but I am hoping that his recuperative powers will bring him through all right.

"I have always considered that these were strong, though they have not before been put to such a test as at present.

"His condition is the result of long months of overwork. The wonder is that he stood the strain as long as he did. Regarding his illness, I have accepted the diagnosis of Doctor Grayson as correct."
