

TROOPS POLICING RIOT-SWEPT GARY

Four Companies of State Militia Rushed to Steel Town, Following Outbreak

MAY CALL FOR REGULARS

By the Associated Press
 Gary, Ind., Oct. 6.—State troops today patrolled the avenues leading to steel plants and parts of the city, where disorders were liable to develop, four companies having been brought here late last night from Indiana Harbor and East Chicago, Ind., where twelve companies were quartered, after rioting was resumed here by strike sympathizers.

Late at night hundreds of strikers began to congregate before the gates of the United States Steel Corporation plant and the mill of the American Sheet and Tinplate Company. Police and special deputies clashed with the crowd of strikers, and many bricks and stones were thrown. Finally the situation became so threatening that Major Gordon P. Hodges called on Adjutant General Harry B. Smith, of Indiana, who is in command of the troops ordered into the district by Governor Goodrich, when rioting broke out Saturday night, to send several companies, as he believed affairs had got beyond control of the police.

WALTER H. SCOTT

Elected and approved as the new secretary of the Camden county Y. M. C. A. to fill the vacancy caused by the resignation of David S. Rash, Jr., who took a similar position in Bergen county. The Y. M. C. A. headquarters in Haddonfield, N. J., have been moved from the Clements building to Haddon Hall.

Preacher Leads Troops

While the troops were on the way here in street cars the police succeeded in dispersing the crowds after using their clubs freely and making more than a dozen arrests. Major Gordon P. Hodges, pastor of the Second Presbyterian Church in Indianapolis, who is in command of the battalion sent here, reported to Major Hodges, and after a brief conference the guardsmen were distributed at various points where it was believed disorders might occur.

A foreman for the United States Steel Corporation was shot and seriously injured early this morning while standing in his own doorway. It was not known whether the shot was purposely fired or whether the wound resulted from a stray bullet, although two shots were fired at several members of the citizen police when they drove a crowd from the neighborhood of the foreman's home. No one was hit, however.

Adjutant General Smith today said he intended to preserve order in Gary, Indiana Harbor and East Chicago, Ind., even if he had to call out every unit of state troops and then request federal troops, which he said Secretary of War Baker had promised to send, if it became necessary.

Chicago, Oct. 6.—(By A. P.)—Clashes between strike sympathizers and the police and special deputies during the last thirty-six hours did not deter leaders of steel mills from attempting to start additional plants today. Company officials said they had assurance that large numbers of men would return to work and that many plants would resume operations.

Union leaders increased their picket lines early today in an effort to prevent desertions, and said they looked for no material reduction in the ranks. John Fitzpatrick, chairman of the national committee conducting the strike, who planned to leave for Washington tonight to confer with heads of the American Federation of Labor, said many members were being taken into the union every day.

At Waukegan, Ill., additional deputies were put on duty early today, where officials of the American Steel and Wire Company announced that hundreds of men would return to work.

PITTSBURGH MILLS PLAN TO REOPEN

Pittsburgh, Pa., Oct. 6.—(By A. P.)—An effort by employers to open additional plants in the Pittsburgh district today marked the beginning of the third week of the steel workers' strike. Representatives of the steel companies say hundreds of men returned to work in the mills last week, and they declare that sufficient workers will desert the strikers' ranks today to assure the reopening of plants which have been tied up by the walkout.

Union leaders were emphatic in their declarations that plans of the employers to start operations in the mills will fail. They say the strikers will stay out and that the end of the day will show few, if any, of the men back on the job.

Heavy rain fell during the morning. All was quite throughout the district. Hundreds of deputy sheriffs, mill guards and police patrolled the streets at the various plants.

MORE MEN WORKING AT OHIO PLANTS

Youngstown, O., Oct. 6.—(By A. P.)—Apart from a slight increase in the number of men entering the Youngstown Sheet and Tube Company plant early today, there was no change as the third week of the steel strike began here today.

LANCASTER GIVES HONOR TO HEROES

City Ablaze With Enthusiasm as 5000 Soldiers and Sailors Parade

GIFTS FOR ALL IN LINE

Lancaster, Pa., Oct. 6.—This city is thundering today with cheers for heroes; thousands of flags and pennants stream between telegraph and telephone poles and house-tops are fluttering and flapping overhead; the roars of bands are meeting in the echo, and 5000 soldiers and sailors are being welcomed home with unparalleled enthusiasm.

From Reservoir Park on the east, along a zigzag course to Buchanan Park on the west, thousands of men, women and children from every borough and town in the county cheered and wept and sang as the returned fighters moved in sixteen-file fronts in their official review. Heading the column was General Edward C. "Yard Ahead" Shammoun, late commander of the 111th Infantry. On his staff were high officers from all parts of the county, many wearing war medals.

A cheer that rolled across the city was started when the head of the column swung into line. Boys of the Rifles and Key-stone Divisions, units "shot to pieces" received an ovation, and back of them came the national army men with memories of Mount Faucon still fresh. Army and Red Cross nurses paraded, and men who were not assigned to units paraded under the colors of the American Legion.

Tribute to Wounded Heroes

Only once were the thousands unable to cheer. It was when the line was punctuated by a string of automobiles with wounded and crippled boys sitting helplessly. Throats became clogged with emotion and hand-clapping substituted for the vocal efforts.

The boys passed two reviewing stands. In one the aged veterans of the Civil War stood at attention as the Yanks filed past. In the other Mayor Harry L. Trout and other city officials sat. Beside Mayor Trout stood Brigadier General Robert C. Davis, a native of this city, and a member of General Pershing's staff.

At Buchanan Park the boys had several hours of outdoor entertainment, and later returned to the central and southern market houses, where banquets were served. Three hundred women volunteered to serve them.

Tonight teams representing the Rain-bow and Twenty-eighth Division units will play basketball; there will be a boxing show, and the affair will wind up with a big dance on Lima street under a roof of red, white and blue electric lights.

All service men and nurses will receive gifts from the city tonight.

In response to the proclamation of Mayor Trout, every place of business was closed today.

PLANNED MASSACRE IN ARKANSAS TODAY

Officials Redouble Efforts to Apprehend Negro Leaders of Proposed Uprising

Elaine, Ark., Oct. 6.—(By A. P.)—Discovery of what is believed to have been a widespread plot on the part of organized negroes for a general killing of whites in this locality, and possibly in other parts of the South, led officials today to tighten up on emergency measures and redouble their efforts to apprehend leaders of the alleged organization who are still uncaptured.

The existence of the alleged conspiracy was brought to light by the committee of seven appointed by civil and military authorities following the race disorders here last week through the questioning of negro prisoners.

According to committee members the negro captives readily revealed to them the inner workings of the plan. Today, October 6, the negroes declared, was the date set for the uprising. Women are said to have been members of the organization, which the authorities say was known as the Progressive Farmers' and Household Union of America.

Twenty-one white planters in this district, according to the alleged confessions, had been marked to be killed first. The killing of the twenty-one, it was asserted, was to be followed immediately by a general massacre of whites, after which the negroes were to take over the land and till it. It was said efforts were being made to connect white men with the propaganda to incite the negroes to kill white residents.

Shah of Persia in Paris
 Paris, Oct. 6.—The shah of Persia, who for some time has been sojourning in Switzerland, arrived in Paris yesterday. He was received at the railway station by a representative of the foreign ministry.

PRECAUTIONS AGAINST FIRE

Wildwood Council Forbids Erection of Frame Buildings

Wildwood, N. J., Oct. 6.—As a consequence of twenty-five fires the city commissioners have passed an ordinance forbidding the erection of frame buildings in the center of the city. Two zones are established, the first extending from Holly Beach avenue on the west to Atlantic avenue on the east and from Lincoln avenue on the south to Pine avenue on the north; the other starts at Pine avenue and goes north to Twenty-sixth avenue and has the same east and west boundaries as the first zone.

The commissioners will also renovate the first ward fire company's property and purchase additional apparatus to the amount of \$20,000. L. M. Rice, an engineer, has been authorized to submit plans and specifications for a surface drainage system on Pacific avenue, which is flooded by every heavy rainfall.

GIRL PISTOL BANDIT CAUGHT

Manhattan Lass Turns Highway-woman, but is Poor Runner

New York, Oct. 6.—Accused of holding up and robbing Herbert Boyd at the point of a revolver, a twenty-six-year-old girl describing herself as Jeanette Mullins was held in \$5000 bail in a police court here yesterday. Two men charged with aiding her in the robbery were also held.

Boyd, it is charged, was approached on the street by the girl, who ordered him to throw up his hands. After the robbery the victim set up an outcry which resulted in the pursuit and capture of the girl and her companions. Twelve dollars, which was said to have been taken from Boyd's pockets, was recovered.

Foreign Trade

We offer a practical, thorough course in Foreign Trade, that embraces every phase of exporting. The course will give the training necessary to hold responsible positions in overseas business. It will also give men already with export houses a brushing up on modern export practices.

Opening meeting, Thursday evening, October 16.

Call or write for 16-page booklet.

 The Maker-to-Wearer Plan as Applied to FURS and How it Benefits Every Woman

Furs and Millinery
 Fur Repairing and Remodeling

Putting into practice the "Maker-to-Wearer" plan in the Fur business is a rare achievement of which we are justly proud. The theory calls for rather more than the usual accompaniments of business because experience is one of the large factors: strong financial standing is necessary because of the vast expenditures involved in buying great quantities of skins in the open markets; and keen understanding of fashions and their constantly changing modes.

Thus, because we manufacture all the lovely Fur garments that constitute the immense stocks that are now ours, we present unusual "economy" benefits to every woman who wishes to revel in the unquestioned luxury of Furs. Add to this money-saving fact of our own direct manufacturing the all-important occurrence of our having purchased the imposing majority of our present assortments of pelts more than six months ago, the difference in price thus represented is today equal to about 25 per cent.

We list today (for your tomorrow's choosing) representative collections of the Forbes collections of Furs:

MAN WINS MARRIAGE BET

Wagered 1 to 10 He Would Wed Within Year

Kansas City, Mo., Oct. 6.—Cupid won a 10 to 1 bet here on the board of trade. W. J. Mesendeck and James Russell, well-known grain dealers, while at luncheon recently, discussed marriage. Mesendeck bet Russell that he (Russell) would not be married within a year. Russell accepted the bet. The odds were 10 to 1.

Came the following telegram to Mesendeck from Russell a few days later:

"Mail us \$10, care La Salle Hotel, Chicago. We need the money."
 "Mr. and Mrs. James N. Russell."
 The couple were sent the following reply:

"Inclosed find payment. Any man who would get married on a \$10 bet at the expense of a friend deserves a heavy fine as well as suspension from the board of trade while he is absent."

VETERAN ELECTROCUTED

Second to Dies in Three Months
 Mending Switch at Johnsonburg
 Johnsonburg, Pa., Oct. 6.—Ralph Hurley was electrocuted here Sunday afternoon while making repairs on an electrical switch in the leather room at the Highland paper mill.

Hurley's left hand came in contact with the live current of 600 volts, causing death instantaneously. A fellow workman tried to pull him away and was shocked. He then turned off the current.

The young man was recently home from France, where he served with the A. E. F. He was twenty years old. Three months ago today another young man lost his life under similar circumstances at the same plant.
