

MANCHESTER GREET'S U.S.A.

World's Greatest Trade Boom to Follow World's Greatest War.

On both sides of the Atlantic there is a tremendous shortage of Peace-time products brought about by the transfer of normal effort to abnormal war production. Millions upon millions of people are needing and waiting for goods to an extent never before experienced, and from now onward the natural result must be a period of unprecedented opportunity for shippers and business men—the tide which taken at the flood leads on to fortune.

BOWERS' REGATTA SHIRTING

A Shirting for real hard wear.

For smart and distinctive designs, and for absolute fastness of color. It has been renowned for half a century for its remarkable

Strength, Durability & Wearing Qualities
