

**WANT REPAIR CREW
IN EACH DISTRICT**

Merchants Would Divide City
Into Zones for Upkeep of
Streets and Lights

WOULD ELIMINATE POLITICS

Zone repair crews to keep the lights,
streets and other city improvements in
good condition are favored by the
Twenty-ninth Ward Business Men's
and Taxpayers' Association.

The plan to have a repair crew station-
ed in each of the eight senatorial
districts, to have complete charge of
minor repairs in their respective dis-
tricts and make repairs at once, was
advanced at a meeting of the associa-
tion last night by Richard Weglein,
candidate for the new Council.

Such a system, he explained, would
do much toward securing more rapid
repairs in the lighting and paving sys-
tem. The abolition of the old ward
system of politics, he said, would do
away with the old-time manner of
awarding improvements to various
wards according to their political affilia-
tions.

The association endorsed Mr. Weg-
lein's candidacy and the zone-repair
system.

The association also decided to hold
the annual New Year's celebration
again this year, it having been elimi-
nated during the war. The carnival
will be in conjunction with a welcome-
home festival for service men, and
Post 250, of the American Legion,
will co-operate in the plan.

Edward Neopple, president of the
United Business Men's Association,
and State Senator August J. Daix also
spoke.

William J. Wahl, president of the
association, presided at the meeting,
which was held at 2800 Girard avenue.

**SPROUL GETS OVATION
AT DINNER TO ITALIANS**

Governor Cheered When Men-
tioned for Presidency as Ad-
miral Conz is Honored

Governor Sproul was hailed as the
"next President of the United States"
at a dinner given in honor of Admiral
Conz and officers of the Italian battle-
ship Conte Di Cavour at the Bellevue-
Stratford last night.

"Hurrah for the next President,"
an enthusiast yelled when Governor
Sproul was called upon to speak. The
response was immediate and for more
than two minutes the Governor had to
remain quiet while the applause con-
tinued.

He emphasized the love of country
inborn in every Italian and praised
the Italians who come to the United
States as good, substantial citizens.

Count Marchi Di Celere, Italian am-
bassador to the United States, praised
the love of country that prompts men
to devote their lives to the advance-
ment of their nation.

"The life of the individual is short,
but the life of a nation is eternal;
therefore, it behooves each of us to
devote his short life to the nation,"
he said.

A silver loving cup, three feet high,
was presented to the battleship by the
Circolo Italiano, of which Robert Lom-
bardi is president.

Admiral Conz said his mission to the
United States is to express the grati-
tude of Italy to this country and to
cement friendly relations between the
citizens of the two countries.

ment buttons for the sale of Liberty

tion can bestow and which can be ob-
tained by a Boy Scout only by win-
ning twenty-one previous awards, were

While the presentation took place the
assembly of Boy Scouts stood, and as
