STEEL MILLS SHOW NEW YORK HARBOR INCREASED OUTPUT

Strikers Combat Claim by Com- Ferry Workers and 15,000 panies That Men Are Going

Back to Work

By the Associated Press Pittsburgh, Oct. 15.-Pittsburgh dis trict steel mills are operating more fully longshoremen and other harbor workers. today than at any time since the na- which has paralyzed port activities here tion-wide strike of steel workers began, for several days and threatened a se

hundreds of men are returning to work daily.

Reports from the Carnegie Steel Company are to the effect that thirty-nine of its blast furnaces are operating on full time. Clairton Steel Company officials say their fourteen-inch mill, opened last Monday, is still running full blast, while 1800 men are reported to be at work in the plant of the Weirton Steel Company at Weirton, W. Va, The plant is operating '100 per cent, according to representatives of the concern.

The claims of the companies were met by union leaders today with the statement that the strikers are gaining ground steadily and that no desertions have been reported. Strike-breakers have been reported. Strike-breakers

The claims of the companies were met by union leaders today with the state-ment that the strikers are gaining ground steadily and that no desertions have been reported. Strike-breakers brought into the Pittsburgh district re-cently are joining the union, an an-nouncement from strike headquarters said.

Another effort to have the Pittsburgh City Council grant union leaders a public hearing on their charges against the police officials and magistrates will probably be made this week, according to those in close touch with the situation at strike headquarters. A petition for a hearing, which was presented to the Council yesterday, but failed of adoption, complained that city authorities had denied strikers the right to hold meetings and had discriminated against organized labor.

Chicago, Oct. 15.—(By A. P.)—Reports today indicate that strikers are continuing to return to the steel mills in the Chicago area and that virtually every plant, shut down by the walkout six weeks ago, is operating with a reduced force.

reduced force.
At Gary, Ind., steel mill officials report an overabundance of unskilled labor, but admit that there is a shortlabor, but admit that there is a short-age of skilled employes. Union leaders continue to dony that strikers are re-turning to work in large numbers at any-point in the Chicago district.

Youngstown, O., Oct. 15.—(By A. P.)—For the first time since the steel strike began the Ohio works of the Carnegie Steel Company were operating today. Two of the company's blast furnaces started up, with indications of resumption in other departments during the day.

The Brier Hill Steel Company has the own hearth furnaces in operation

The Isrier Hill Steet and Tube Com-five open hearth furnaces in operation today and the Sheet and Tube Com-pany started additional sheet mills. At the latter plant a large percentage of the skilled labor has returned, mill

officials said.

According to observers, approximately 7000 strikers, or about 20 percent of the total in this city and East Youngstown, have returned to work. Neither company nor union officials would estimate the number returned to work. The valley remains quiet, with few pickets on duty.

United States.

The itinerary calls for a stay at South Bethlehem. Pa., October 17 and 18, with a visit to steel plants and Lehigh University; Niagara Falls, October 19; Schenectady, N. Y., October 20, and West Point, October 21 and 22. At the Military Academy a statue will be formally presented by the mission.

Members of the mission include General Cornille, Governor General Roume and Inspector Generals Gatine and Brisac.

Woman Killed: Husband Blind Woman Killed: Husband Blind
Hartford, Conn., Oct. 15.—(By A.
P.)—Mrs. George W. Fair, of this city,
was struck and almost instantly killed
by an automobile owned and driven by
C. L. Fisher. She was picked up upconscious and died on the way to the
hospital. Fisher was arrested, but was
later released. About ten days ago
Mrs. Fair's husband was blinded in an
accident in a factory.

Peabody System of Coal Mine Management

Offers to the owners of coal mines or coal property an unusual service:

We undertake the management of coal mines and operate them with econ-

omy of production. We make appraisals to determine mineral valuesthe possibility of increased development — as well as to inventory value of machinery, buildings and

other equipment. We assist in financing coal properties if they are or can be made competitively merchantable.

Longshoremen Resume Labor, **Accepting Compromise**

I. W. W. QUARTERS RAIDED FOOD SHORTAGE RELIEVED

By the Associated Press

New York, Oct. 15.-The strike of more than three weeks ago, according rious food shortage, was broken today to reports from representatives of the when the ferry workers returned to employers. The latest statements from work and 15,000 of the 80,000 longthe various companies indicated that shoremen resumed their labors. Union hundreds of men are returning to work leaders predicted that by Friday all of the longshoremen would be at work.

action during the next few days. The strikers voted to abide by the wage award of the national commission pend-ing further negotiations on Decem-ber 1.

The teamsters' strike The teamsters strike remains in force, as the men decided last night that they would not return until they receive more definite propositions concerning an adjustment of their de-

mands.

It was announced that half of the city's food reserve had been consumed through the joint strikes of the long-shoremen and teamsters.

DR. KUNO MEYER DIES: NOTED AS LECTURER

German Professor Predicted *War Would Extend Into World Conflict

London, Oct. 15 .- (By A. P.) -- An ouncement is made in Berlin of the death in Leipsic of Dr. Kuno Meyer, professor of Celtic language and liter ature at the University of Berlin.

Dr. Kuno Meyer was a lecturer widely known in the United States. He was born in Hamburg, December 20, 1858, and received his early education in that city and at Dessau. Later he became a student at the University of Leipsic, specializing in Celtic philology. Subsequently he became director of the School of Irish Learning in the University of Dublin and then entered the faculty of the University of Liverpoot. He was a voluminous writer, among

He was a voluminous writer, among his works being books on Irish legend and history.

Doctor Meyer was virtually the first work. Neither company nor union officials would estimate the number returned to work. The valley remains quiet, with few pickets on duty.
