McCARTY PLUGGING  
EPISCOPAL'S LINE

Coach Putting on Full Steam  
With Churchmen Eleven for  
Academic Competition

FIFTEEN GAMES TOMORROW

By PAUL PREP

Not since 1912 has Episcopal Acad-  
emy had a championship gang of grid-  
ders. That year the Churchmen took  
a fall out of the academic entries for  
the annual laurels, including a victory  
over Penn Charter, which was "Died-  
Merritt's" first season with the little  
Quakers. With P. C. apparently greatly  
weakened for the present campaign,  
expecting to give up somebody's title, and  
Coach Charles J. McCarty is putting  
on full steam, with the hopeful hope  
of bringing the Interacademie League  
diamond to the Lenox street institu-  
tion.

Charles, however, has a gigantic job  
on his hands to bolster up the Episcop-  
al line. There have been several bad  
years in which McCarty has had to  
Carty has had his eye open for man-  
agerial to plug up the weak spots. By  
the time the league games get under  
way, along about the first week in No-  
vember, Coach McCarty hopes to have  
a very much improved front line of

McCartys has a pair of crackling good  
quarterbacks in his stable, and he can  
very well now begin getting into  
the game at different times. Catesby  
has been running the team in great  
shape, and Kaplan is virtually "working  
his head off" to get up on even  
terms with his team pal. However, it  
is almost a certainty that both youths  
will be used alternately that at the quan-  
tum point.

Kahn is the "heavy man" of the  
Episcopal aggregation. He is a hard  
man to stop, and when he starts from  
the middle position of the back field it  
takes a mighty good tackler to drop him.  
Martin and Williams are the  
halves, while the latter's chief forte  
in ground gaining is plowing off tackles  
and getting into the end zone. Both  
are prominent. With Kaplan or Catesby  
Martin, Williams and Kahn,  
Coach McCarty believes he will have  
a good playing back field.

Don't Pay Too Little

The question of your Fall Suit or Overcoat  
should be given the greatest thought—you  
should be more skeptical than ever before,  
because of the questionable materials used by  
some unscrupulous merchants plus an exces-  
sive profit they demand—therefore you should  
exercise your good judgment in the selection  
of a store that has established an enviable  
reputation of honesty and integrity in their  
advertising—

WANT VARSITY LETTER  
FOR COLLEGE TENNIS

Tennis Players Favor Being  
Given Recognition Like Foot-  
ball Men at Columbia

New York, Oct. 16.—Athletic direc-  
tors of Columbia are being sounded on  
the subject of making tennis a major  
sport. A campaign is to be conducted  
by the National Lawn Tennis Associa-  
tion with this end in view. Already  
many of the colleges have signified their  
willingness to accept the plan, and it is  
probable it will be adopted at Colum-  
bia when brought before the proper  
authorities.

It is also stated in the official  
ruling on this subject that losses, on  
the other hand, may be deducted from  
one's income.

But, anyhow, it's going to make a  
lot more arithmetic, make a lot of  
family trouble and everything else  
when the spouse starts figuring up  
just how he stands for the year in  
the matter of deuces wild and a full  
house.

It's hard enough to figure up  
whether a feller has won or lost  
sometimes. But when you add to  
this the necessity for whacking up  
with the spouse, then come  
the set thrills.

If one is in poker and gambling  
as a business or is compensated by  
insurance or otherwise in it, it is  
understood from the interpretation  
that he won't come under the rule-

ments of the college's title, and Coach  
Charles J. McCarty is putting  
on full steam, with the hopeful hope  
of bringing the Interacademie League
