

EPISCOPALIANS ASK CURB ON MOVIES

General Convention Calls on Congress for Law to Restrain "Thrillers"

LABOR UNREST DEPLORED

Detroit, Oct. 22.—The impression created by the recent race riots in Omaha and other cities of the country showed its effect in actions in both the House of Bishops and House of Deputies of the Episcopal general convention yesterday. One result was to bring out a stirring denunciation of the moving-picture thriller in the House of Bishops, and the unanimous passage of a resolution by that body condemning the spirit of lawlessness created by thrillers and a suggestion that Congress appoint a committee to devise means of curbing the present tendency of the young to go in for crime.

Bishop Shaylor, of Nebraska, spoke in condemnation of the scenes of vice and lawlessness presented in moving pictures, and attributed to them much of the crimes among the younger generation, and which had been very evident in this city. He referred to the mob outrage in Omaha, and said this incident had undoubtedly some influence in inflaming the public mind.

At the same time in the House of Deputies a resolution brought in by the social service committee was adopted with much the same idea. This resolution put the convention on record "as condemning mob violence in every form, and calls upon all people to remember that it is a clearly defined and imperative Christian duty to sustain the civil authorities in the righteous exercise of their powers in seeing that even-handed justice is uniformly administered, according to due and lawful processes."

From this phase of the spirit of unrest the House of Deputies turned to the numerous strikes in the country and adopted a resolution urging capital and labor to form a partnership in the interest of the community.

A federal law on marriage and divorce is advocated in a resolution adopted unanimously by the House of Bishops. This resolution calls on Congress to enact a uniform divorce law which will equalize the procedure in the country. The resolution was adopted by unanimous vote.

The diocese of Pennsylvania is underwriting a seventh of all the missionary work of the Episcopal Church. Bishop Philip Rhineclander told the House of Bishops at a late session yesterday. He added that not only could the diocese do that, but it had more than made good on all its appointments.

He was speaking in behalf of the final adoption of the plan for the nation-wide campaign which is now planned to raise \$67,000,000 for church extension work during the week ending December 7.

In the House of Deputies Reynolds D. Brown, chairman of the nation-wide campaign committee for Pennsylvania, urged the house to adopt the plan and explained the commission of fifteen appointed to handle the campaign and disburse the funds according to the needs of the church. The house in both instances during the afternoon gave unanimous indorsement to the plan of campaign.

Franklin Spencer Edmunds, who is attending his first general convention, was today appointed a member of the joint commission of fifteen which is to investigate the worth of faith healing and the way it can be used under safeguards to the advantage of the church. This commission is to look into the work being done by Dr. James Hickey, of London, and report to the next convention.

BISHOP GARLAND'S ELECTION CONFIRMED

Detroit, Oct. 22.—(By A. P.)—The house of deputies this morning, in executive session, ratified the election last Saturday by the house of bishops of the following to be missionary bishops: Suffragan Bishop Thomas J. Garland, of Pennsylvania, to the missionary district of Utah; William Henry Owers, Bradford, Pa., to Liberia; Samuel W. Grace, negro, of Petersburg, Va., to Haiti; Dr. James C. Morris, Madison, Wis., to the Panama Canal zone, and Dr. Gouverneur F. Mosher, Wuslin, China, to the Philippine Islands.

Supervision of church work has been

LEGION TO AID MEN AT HOG ISLAND

Wants Representative on Industrial Relations Board to Guard Interests

CHARGES ARE DISPROVED

Appointment of a representative of the American Legion in the industrial relations branch of the employment organization of the Hog Island shipyard is being urged by the Philadelphia county committee, representing the service men.

This recommendation was made at the meeting of the county committee. The committee, which originally investigated labor conditions at Hog Island as they affected former service men, was directed to place the proposition before the shipyard officials.

It is the purpose to bring about the appointment of a member of the legion so that former service men seeking employment at Hog Island may have a friend at court. Carl Nechs, Post 188, presented the motion. The committee which will meet the Hog Island officials is headed by Vincent A. Carroll, of Post No. 270.

Mr. Carroll presented a report which relieved the shipyard of criticism in the employment situation.

Benjamin Golder, a state representative and member of the Saxe post, said the Hog Island yard should give employment to every wounded soldier who sought service there.

The committee was continued to urge the appointment of a representative in the industrial relations branch and to investigate charges that some ex-service men are not receiving the same wages as is being paid to other employees.

"Mr. Hensch, president of the shipyard, may be very fair in this matter," said George C. Stranahan, of Post No. 7, "but he doesn't know what is going on in the yard. I know what I am talking about when I say that the foremen and superintendents are actually discriminating against service men."

Chairman Carroll issued a call for

TRAIN ROBBERS JAILED

Three Men Sentenced for Wrecking and Theft of Car

Seranton, Pa., Oct. 22.—Ralph Taylor, of Harrisburg, said to be the brains of a scheme to sidetrack a car containing a consignment of tobacco and cigarettes en route from Hagerstown to Harrisburg last June, in Federal Court today was given a year in the Dauphin jail after his pals, George Forry, of Hagerstown, and Charles Custer, of Charleston, W. Va., railroaders like Taylor, had turned state's evidence.

Forry and Custer were given nine months. The court was told that a railroad clerk, who gave the routing of the car was to get \$450 for his work.

The trio punctured the air line on the freight train, crippled the tobacco car so badly that it had to be placed on a siding, as they had planned, and then proceeded to rifle it, 750,000 cigarettes being loaded on a truck.

2 MORE FINISH IN AIR RACE

Pearson and Manzelman Complete Transcontinental Flight

Minneapolis, N. Y., Oct. 22.—(By A. P.)—Second Lieutenant Alexander Pearson, Jr., and Second Lieutenant Earl Manzelman arrived here today, having completed the round trip in the army transcontinental air race. Lieutenant Pearson, flying a De Havilland-4, arrived at 7:55-30, and Lieutenant Manzelman, in a similar machine, at 2:12-50.

Manzelman left Cleveland at 7 a. m. today. Pearson following at 7:10. Buffalo Pearson was leading by fourteen minutes, and he retained his advantage to the end, winning the honor of being the fourth aviator to finish the 5200-mile flight.

CHILD RUN DOWN BY AUTO.

Tiny Victim Hit While Playing Near His Home

An automobile driven by Charles Sheek, Cleveley street near Huntingdon, struck Enel Fheronen, six years old, 204 Fairmount avenue, causing injuries which may prove fatal. The accident occurred at noon today while the child was playing in the street near Fourth street and Fairmount avenue.

The little victim was taken to Roosevelt Hospital and is believed to have sustained a fractured skull. Sheek is being held by the police of the Third street and Fairmount avenue station for a hearing tomorrow.

Hanscom's
Special 50c Table d'Hote SUPPERS

are in a class with the unusual things like, for instance, Hanscom's fancy chocolates at 60c and Grand Bouquet coffee at 46c lb., etc., etc.

1233 Market St. 2nd Floor
There will be a new Hanscom Restaurant at 324 and Market Streets in a few days.

complaints of this character from comrades in the American Legion in this county relative to the employment situation at Hog Island. Each complaint will be investigated by the committee.

Strike Hits Santos Coffee Port

Santos, Brazil, Oct. 22.—A general strike has been declared here. As Santos is the world's greatest coffee port, the strike is expected to affect materially the coffee trade. The police have been re-enforced by 400 soldiers.

Whisky Not Whisky Until Tasted

Wilmington, Del., Oct. 22.—Whisky is not whisky in the eyes of the law until it has been tasted by an officer competent to decide. Judge Churchman ruled in City Court yesterday. He dismissed the charge against Alexander Gato and Daniel Petro, arrested while driving a truck loaded with 132 quarts of alleged whisky. The men live in Philadelphia. Although it had been analyzed by the state bacteriologist, his evidence was not admitted.

HALLAHAN'S
GOOD SHOES
Wideness of Choice

The swellest shoes for dressy men are plenty; so are quiet styles and betweens. This wouldn't, couldn't be the business it is if it limped anywhere.

Shell Cordovans \$10.85

A special offering of these high-grade shoes for men. Black, wine and brown; wing tips, straight tips, English, medium, and conservative lasts. Shoes of this quality are worth \$15 on today's market. Really, Mr. Man, this is an opportunity you cannot afford to overlook.

And then, too, at the same price (all good \$15 value) we have about forty styles of men's reasonable kid and calfskin footwear. All top grade; in black and the newest tans and browns; with tips and lasts as mentioned above.

Branch Stores Open Every Evening

One fire would convince you —why WAIT for a fire?

Don't wait until the engines arrive to wonder whether your records and orders, your letters and contracts are safe.

"BUILT LIKE A SAFE"

"Y and E"

NOW, in advance of the fire —TO-DAY—is the time to spend an hour in investigating a filing cabinet that will protect your valuable records from three to thirty times as well as any other steel cabinet.

Most steel cabinets, you know, are made with plain steel walls, cheaper to make, but more expensive to own.

We ourselves make plain-wall cabinets, but for use only where there is no danger from fire.

FIRE-WALL STEEL FILING CABINETS

have double walls with asbestos inter-lining which makes them three to thirty times as proof against fire and heat as any other steel cabinet.

Here's how these better cabinets are built:

First there is an outside wall of steel. Then comes a protected air chamber—then a layer of asbestos, then another air chamber, and finally a strong inner steel wall.

This five-fold, Fire-Wall protection goes all around top, bottom, front, back and sides. "Y and E" Fire-Wall Cabinets are "Built-like-a-Safe", with the protection that only asbestos can give.

Cost no More

You can buy these better cabinets at the price of the ordinary steel filing cabinets. Since you pay the same price, why not get the proved protection of the asbestos construction?

It will pay you to write or phone for our new booklets—"Steel Cabinets that Protect" and "Vertical Filing Down-to-Date."
