# If you judge bread as you judge the purity of milk you'll insist on **Bond Bread**

Scientists say: "Eat more bread and milk"

The leading dietetic experts of the world say that bread and milk is not only the best all-round food, but that it is the cheapest of all foods, nourishment considered. Give your children more Bond Bread and milk! Eat more of it yourself.

You would not give your children milk that was not properly inspected.

That is why you buy your milk from a well-known, reputable dairy which conforms to all pure-milk laws.

Why not be as particular about the bread your children eat?

### How Bond Bread's purity is safeguarded

How does the Law safeguard the purity and nutrition of milk?

1. The cleanliness of conditions under which milk is produced are enforced by law.
2. The nutritive value of milk must be up to standard.
3. Purity and freedom from harmful

bacteria are rigidly prescribed by law.

4. Cleanliness and sanitation in handling, bottling and delivering milk, are strictly enforced.

Compare the way Bond Bread's purity is absolutely assured—

1. No private kitchen is cleaner and sweeter than the sanitary, sunlit

plants of the Kolb Bakery Company.

2. The scientific Bond Bread process makes every grain of wheat yield its utmost nourishment.

3. Every ingredient of Bond Bread is listed on the wrapper—and their purity guaranteed by the Bond of the Kolb Bakery Company.

Bond Bread is so named because each loaf bears this bond of the Kolb Bakery Company.
