

**NEW U. S. NOTE
IS SENT TO JAPAN**

**Delay in Reply on Trans-Siberian
Railroad Charged to Internal
Difficulties**

KOLCHAK ASKS BIG CREDIT

By the Associated Press
Tokio, Saturday, Oct. 18.—The Japanese Government not having as yet replied to the American note concerning co-operation in the administration of the Trans-Siberian Railroad, it is understood here that the United States Government has dispatched a second note on the subject to Japan.

American, according to report, says, in effect, that the length of time Japan is taking to reply to the former note indicates the importance which the Japanese Government attaches to the subject at issue, and intimates the United States completely shares this view of the matter. The note is said to express gratification in the fact that General Oki, commander of Japanese expeditionary forces in Siberia, has signified his intention to bring about complete co-operation between Japanese and American troops. Nevertheless, the United States makes it clear that America is anxious that a definite policy relative to Siberia, including the question of the withdrawal of American troops, be announced, and in a perfectly friendly tone requests Japan to forward a reply to the original note as soon as convenient.

Information has been received by the Associated Press that the Japanese reply will be forthcoming in a few days. Further investigation seems to indicate that the reason for the delay is the controversy between the moderates and the extremists and the difficulty of satisfying the military group in framing a response. It is apparent here that the result of the negotiation between America and Japan will determine whether the two countries shall in the future co-operate in solving the Siberian problem, or whether America is to pursue an independent policy.

It has been learned that Admiral Kolchak, head of the all-Russian Government at Omsk, is trying to solve the Siberian crisis, and recently asked the Allies for a credit amounting to \$500,000,000 to be used for military and economic purposes. At the same time he is said to be seeking additional allied troops to guard the Trans-Siberian Railroad between Urtuk and Omsk as substitutes for Czech-Slovak troops who will soon return to Europe.

Siberian banks, co-operating with the Omsk government, have succeeded in arranging a credit of \$25,000,000 with Japanese banks, the interest rate being 7 per cent. As security they have deposited in the Omsk Mint gold bullion to an equal amount. Negotiations for credits of \$35,000,000 with American banks and \$50,000,000 with English institutions have taken a favorable turn.

LONDON GREET'S ALFONSO

Spanish King Welcomed Warmly in Victoria Station by Large Delegation
London, Oct. 24.—(By A. P.)—King Alfonso of Spain, whose regular visits to England were suspended during the war, arrived in London last night. He was met in Victoria Station by Lord Stanmore, representing the king, Princess Beatrice, the staff of the Spanish embassy and many of the Spanish colonists.

The platform of the station was carpeted and draped. The king greeted Princess Beatrice affectionately, kissing her on both cheeks, and after that there were only the king, Lord Stanmore and the king's advisers. The king delivered a message from the king and queen, and an informal reception followed. The party was photographed, and then drove to the Grosvenor Hotel.

The Spanish ambassador had met the king at Folkestone and accompanied him on his journey.

4 WOMEN ADVISE JAPANESE

Women Physician Chosen as Aide to Labor Congress Envoys
Tokio, Sept. 14.—(Correspondence of the Associated Press.)—Four women advisers accompany the Japanese delegation to the international labor congress in Washington, two of them are the remaining two advisers to the delegates representing the interests of capitalists and laborers, respectively.

Ko-Ko Tanaka, wife of Odo Tanaka, is one of the advisers to the governmental delegates. As a suitable candidate for another female adviser to the official delegate, Dr. Tomoko Inouye was nominated. Miss Inouye is a graduate of the University of Ohio, and is the only Japanese female physician who has studied medicine in America.

RICE SCARCE IN PHILIPPINES

Shortage So Acute That Government Takes Stocks and Places Embargo
Manila, P. I., Sept. 27.—(Correspondence of the Associated Press.)—So acute has become the rice situation in the Philippine Islands that the government has placed an embargo on the cereal and is attempting to import 3000 tons from French sources at high prices to reduce the shortage. The shortage is said to be the result of hoarding by Filipino middlemen and to the lack of proper facilities for distribution of the cereal in non-producing areas. Crime has increased since the shortage became acute.

The government has fixed retail prices for rice, taken over the stocks on the basis of those prices and is handling the distribution.

APPEALS TO UNITED STATES

D'Annunzio Sends Message Asking Help of American "Brothers"
Rome, Oct. 24.—A message to America from Gabriele D'Annunzio, leader of the Italian irregular troops which are holding Fiume, is printed in newspapers here. It bears the date of October 12 and was brought from Fiume on October 19 by Whitney Warren, the American architect who went to that city early in October to offer his services to D'Annunzio.

Eight paragraphs of the message were suppressed by the censor. The remainder of the appeal addresses Americans as "brothers" and implores their help for Fiume, which, the message says, "is fighting for liberty."

URGES RED PEACE OFFER

Tereatenko Favors Move; U. S. Official Ready to Transmit It
London, Oct. 24.—(By A. P.)—Michael I. Tereatenko, former minister of foreign affairs of Russia, who fled to Sweden from his native country in 1918, has proposed to the State Council at Moscow that a peace offer be made to the enemies of Russia, according to a wireless dispatch received here from Berlin.

It is reported an official representative of the United States is in Moscow and is willing to submit the offer to the Allies.

Tremendous Sale of Men's Overcoats at \$45

Fall Overcoats : Winter Overcoats : Ulsters : Storm Coats

A very great shortage of men's clothing for this season was foreshadowed long ago—less clothing, higher material and labor costs, and firm prices, to say the least. Checked up in every conceivable way, the warning seemed very real, and the Gimbel Stores protected themselves—and you by giving—

Orders for More Than a Million Dollars' Worth

Today we announce the first large distribution of our good fortune—for every garment is a real big bargain.

- Ulsters**—big fellows to ride in.
- Town Ulsters**—short enough to walk in.
- Chesterfield Overcoats**—silk lined.
- Great Coats**—storm fearless.
- Ulsterettes**—with waist seam and belt.
- Heavy Overcoats.**

There is choice from over a hundred fabrics; there is choice of styles, so that you buy exactly the desired thing, not merely "something that will do."

Forty-Five Dollars

Depend on Gimbel standard of tailoring and linings and depend on the garments holding their shape—hard as is the usage that overcoats get. \$45—it sounds too good to be true!

Men's Leather Coats, \$35 | **Men's Raincoats, \$12.50**

One Thousand Worsteds Suits at \$45

Single- and double-breasted; the late good models—both conservative and extreme. Gimbel clothing service stands easily first in Philadelphia—because Gimbel clothing is kept good clear through. Any well-pressed garment looks "good" in a window. But your clothes should keep on looking well in actual wear—should be made to stand man's carelessness; can't be fussing over one's clothes all the time. But Saturday—Overcoats at \$45.

**Street Dresses : Afternoon Dresses : Party Dresses : Business Dresses : Dance Dresses
