

### LEGION WILL AID RED CROSS DRIVE

Service Men to Co-operate With Women in Rollcall at Polls

### OBSERVE ARMISTICE DAY

All posts of the American Legion in Pennsylvania were requested today by the county chairman to co-operate with the American Red Cross on election day, November 4, in an effort to enroll 50,000 dollar Red Cross members here.

The city has been subdivided into senatorial districts. Chairmen have been named for all eight districts, who will work with the representatives of the Red Cross and arrange to have a legionnaire at each of the 1356 polling places with a Red Cross nurse to solicit memberships.

Notice was sent out to the eight district chairmen urging them to call joint meetings Tuesday of the posts and Red Cross representatives from the wards, so that persons may be assigned to each of the polling places. The district chairmen were provided with the names of post chairmen, Red Cross representatives and the location of each of the division polling places.

George Wentworth Carr, county chairman, addressed the following communication today to post chairmen of the American Legion in this city:

A plan will be devised by which it will be possible to reach the members of the legion and arrange for the stationing of service men at the 1356 polling places throughout the city. The committee which has been announced by the chairman is as follows:

First district, Joseph V. Somers, Post No. 249; Post, Twenty-sixth, Thirty-sixth, Thirty-ninth, Forty-ninth wards, second district, J. G. Gordon Foster, Post No. 272; Second, Third, Fourth, Seventh, Eighth, Ninth, Thirtieth wards, third district, R. H. Wallberg, Post 146, Fifth, Sixth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Sixteenth, Eighteenth wards, fourth district, Lucien A. Hauslein, Post 61, Twenty-fourth, Twenty-seventh, Forty-ninth, Fifty-first, Fifty-third, Fifty-fourth, Fifty-fifth, Fifty-sixth, Fifty-seventh, Fifty-eighth, Fifty-ninth, Sixtieth, Sixty-first, Sixty-second, Sixty-third, Sixty-fourth, Sixty-fifth, Sixty-sixth, Sixty-seventh, Sixty-eighth, Sixty-ninth, Seventieth, Seventy-first, Seventy-second, Seventy-third, Seventy-fourth, Seventy-fifth, Seventy-sixth, Seventy-seventh, Seventy-eighth, Seventy-ninth, Eightieth, Eighty-first, Eighty-second, Eighty-third, Eighty-fourth, Eighty-fifth, Eighty-sixth, Eighty-seventh, Eighty-eighth, Eighty-ninth, Ninetieth, Ninety-first, Ninety-second, Ninety-third, Ninety-fourth, Ninety-fifth, Ninety-sixth, Ninety-seventh, Ninety-eighth, Ninety-ninth, One hundredth wards.

Requests have reached the legion from various parts of the city and from a number of different organizations that November 11, Armistice Day, shall be celebrated fittingly in this city.

Owing to the fact that many of the leaders in the legion will be absent from the city, being in attendance at Minneapolis, it has been considered advisable to celebrate this occasion through the various posts. Arrangements have been perfected for proper observation of the day which marks the first anniversary of the cessation of hostilities in the world war.

### Chester Man Dies in Hospital Here

Albert Lasitte, sixty years old, of Chester, died this morning at 2 o'clock at the Polyclinic Hospital. He was found on the sidewalk at Thirtieth and Morris streets, Saturday, unconscious. His death was caused by hemorrhage of the brain.

### AUTO KILLS CHILD; PARENTS INJURED

Driver Turns Off Lights and Races Off, Leaving Father Severely Hurt

### BABY'S COACH IS SMASHED

A sixteen-months-old baby was killed and her father is in a critical condition in the Frankford Hospital as the result of being struck by a heavy touring car on Cottman street near Castor road last night.

The mother of the child, who was walking alongside the injured man who was pushing the coach, was side-wiped by the racing automobile and received slight injuries. The driver of the car switched off his lights, put on additional power and speeded away.

The dead child was Anna Zeboski. Her parents are Mr. and Mrs. Frank Zeboski. At the Frankford Hospital today it was said that Zeboski recovered consciousness several hours after the accident, but his condition is such that the doctors would not predict his chances of recovery until another and more searching investigation of his injuries is made.

Mr. and Mrs. Zeboski left their home, a short distance from Castor road on Cottman street, to visit friends about 8 o'clock last night. There is no sidewalk along Cottman street. Zeboski pushed the coach and with his wife, walked in the street.

Without warning a big touring car going far above the speed limit came east on Cottman street and struck the trio. Zeboski was thrown many feet, the coach was demolished and the child ran over and instantly killed. Mrs. Zeboski was hauled aside.

William Weisbrod, a cripple, who was standing nearby, hardly had time to see that there were three men and three women in the automobile before the driver extinguished the lights. Weisbrod could not see the license number.

He summoned help. Mr. and Mrs. Zeboski, both of whom were unconscious, and the body of the child were rushed to the Frankford Hospital. Mrs. Zeboski is suffering from shock. After being treated she was put in charge of relatives.

Zeboski is known to have a fractured skull and internal injuries. He probably suffered other hurts.

The police have been unable to trace the murder car. The meager description given by Weisbrod has been of little help to them, but they hope some member of the party of six will divulge their identity after the seriousness of the accident becomes known.

Frederick Schonfeld, seventy-seven years old, of the Jewish Hospital, was run down and seriously injured by an automobile at Rising Sun lane and Zeroux street last night. William Rush, 7233 Rising Sun lane, driver of the car, will have a hearing today.

Bernardo Martapella, sixty-five years old, 4941 Stiles street, died in the West Philadelphia Homeopathic Hospital yesterday from injuries received when he was run over by an automobile last Thursday. James Riddle, of Ardmore, driver of the machine, will be arraigned before the coroner.

### SOUTH AMERICA'S LURE

Bishop Says Rich Trade Opportunities Beckon U. S.

Wilmington, Del., Oct. 27.—South America, according to the Right Rev. Homer C. Stuntz, of New York, one of the bishops of the Methodist Episcopal Church, offers trade opportunities for North America which do not seem to be fully appreciated.

In an address before the Chamber of

Commerce, at a luncheon today, given in honor of the Methodist board of bishops, who are holding their semi-annual meeting here, Bishop Stuntz, who spent many years in South America, said the Panama canal had done more than any other one thing to unite the American hemisphere.

He spoke of the great mineral wealth of Bolivia. There is gold enough in the Andes, he said, for commercial and coinage uses of the world for 500 years. Millions have been spent on development of copper mines. Bolivia, Argentina, Uruguay and Brazil have fertile soil, which afford resources even greater than the mines and forests.

"Of all the markets in the world as I have seen it," said the bishop, "there is no place where cheap goods find a poorer market."

Lack of coal makes it necessary to buy manufactured goods elsewhere. Another favorable condition, he said, is that South America is the one portion of the world where there is certain to be sudden and solid increases in white populations.

mittee and others, Archbishop Moeller being first to welcome him. Cardinal Mercier shook hands and greeted each one with a kindly message.

### All Odds and Ends of Furs

We have determined that we will never wait until the end of a season before offering our "odds and ends" at reduced prices:

We have determined that we will sell out (regardless of cost or profit) that merchandise which has sold down to "small lots," at a time early enough in the season to be of real service to our customers who buy:

We have determined that NOW is the RIGHT TIME to sell out the large and varied quantities of "Odds and Ends of Furs" that have accumulated during the last six months of selling.

N. B.—Our prices have always been less than usual because we manufacture and sell direct to the public, thereby eliminating the middleman's costly services.
