NEWS OF FINANCIAL WORLD - NEW YORK AND PHILADELPHIA STOCK QUOTATIONS

OPENING WAS IRREGULAR WITH STRONG UNDERTONE Notable Absence of Spectacular Fluctuations in Specialties. Steels Active, but Moved Within Narrow Range

NEW YORK, Nov. 3.—Although there were irregular changes in the stock market during the first fifteen minutes the tone was strong and the important movements were higher. Comment was made on the fact that there were no extremely wide fluctuations, the widest movement being in the steel industry, which rose 1/2 to 1 1/2 and Great Northern rose 1/2 to 1 1/2. Trading in the steel industry was on a large scale again, but these stocks moved within a comparatively narrow range. United States Steel moved 1 1/2 to 1 1/4, but reacted to 100 1/2. Sloss-Sheffield rose 1 point to 89, from which it declined to 87 1/2. Bethlehem Steel rose 1/2 to 100 1/2, followed by a reaction to 100 1/4. Cane Sugar was prominent, advancing more than 2 points to 46 1/2. Sinclair Oil indicated accumulation, apparently by interests connected with the underwriting syndicate, and advanced 2 points to 63.

SHARP ADVANCE MADE IN THE CORN MARKET Sentiment in Pit Undergoes Complete Change—Commission Houses Big Buyers

CHICAGO, Nov. 3.—There was a scramble by commission houses to buy corn this morning, induced by a sharp advance in prices for live hogs and the tone was strong. Sentiment appeared to have undergone a change and the market seemed to have gotten out of the rut into which it had been for the past two or three weeks. The outlook for small receipts, due to a shortage of cars and land available, helped the buyers and shorts, who had been holding out in the hope that the movement would pick up, were driven to cover. Offerings were small and confined to profit-taking on the bulge. Arrivals here today were 62 cars. December opened at \$1.32 1/2, to \$1.33 1/2, against \$1.23 1/2 at the end of Saturday, and moved up to \$1.33 1/2, January started at \$1.20 1/2, at the end of Saturday, and moved up to \$1.21 1/2, at the end of Saturday, and later sold at \$1.21 1/2. Oats were firm on buying by commission houses and local available, but short by the strength in corn. Offerings were light owing to small receipts and talk about demand for exports. Arrivals here today were sixty-nine cars. December opened at 72 1/2, to 72 1/2, against 72 1/2 at the end of Saturday, and moved up to 72 1/2, at the end of Saturday, and later sold at 72 1/2. Receipts of wheat here today were seventy-nine cars, at Minneapolis, 489 cars; at Duluth, 116 cars, and at Winnipeg, 570 cars.

RESERVE BANKS' DISCOUNT RATES Federal Reserve banks were established for some of the later deliveries, due to buying influenced by unexpected strong cables, the higher stock market and yesterday's weather, which was said to include frosts, light to heavy, in parts of Texas, Oklahoma and Arkansas. Trade was on a big scale here with a number of large blocks changing hands.

NEW YORK COFFEE MARKET New York, Nov. 3.—The coffee market was very steady at the opening with call prices 3 to 10 points above the close on Saturday.

LITTLE INTEREST SHOWN IN ANY OF LOCAL STOCKS

Holiday Influences Cut Dealings Down to Small Proportions. Prices Were Inclined to Drop

Trading in the local stocks was greatly curtailed as a result of the restraining holiday influences. Dealings were extremely narrow, with the majority of the local shares showing no inclination to bid. Stock prices, however, came more from neglect than because of selling pressure. Moderate liquidation, nevertheless, was noticeable in Philadelphia Electric and United Gas Improvement. The former was offered freely at 25, at which price the stock seems to have good support. United Gas declined 50 cents to 50.

Business Notes The Swiss embroidery and cotton-cloth exportation to America in October increased to 5,800,000 francs. In October, 1918, these exports aggregated under 500,000 francs.
