

**JOHN WANAMAKER
HOST TO LEGION**

Will Invite Officers of Posts Here
to Attend Organ Recital on
"Armistice Day"

BELGIAN MUSICIAN TO PLAY

American Legion officers of the county committee and of the seventy-seven posts in the city will be the guests of John Wanamaker, November 11, Armistice Day at the evening organ concert in the Wanamaker store.

In the absence of a general celebration of Armistice Day, this will be the principal function in which the legion will participate through the representatives of the various posts throughout the city.

The recital will be given by Charles M. Courboin, the Belgian virtuoso. The program will include patriotic and national numbers in honor of the former service men and women who will be in attendance.

Suggestions have been received from the national headquarters in New York as to how Armistice Day can be celebrated properly by the posts throughout the United States. Among the ideas for most events are: League of nations' dinner, in honor of all world war veterans; parade, in which the G. A. R., Spanish-American war veterans and the world war veterans may participate; a patriotic demonstration; a citizenship ceremony; miniature county fair, municipal bonfire.

New York headquarters have urged the posts to visit comrades in government hospitals. Appointment of visiting committees is recommended to perform this legion duty. The bulletin, from Franklin D'Olier, director of state organization, reads in part:

"In the government hospitals throughout the country are still convalescing many thousands of soldiers who were incapacitated during the recent war, either by wounds or other illness. These men are anxiously looking forward to the day when their physical disabilities will have been overcome and they can once more follow their civilian pursuits in life. The sense of appreciation for the circumstances in which these men are placed, held by all of us who have been discharged from the service, would seem to make it incumbent upon the members of the American Legion to periodically visit the government hospitals in their particular localities and to speak a word of comfort and encouragement to these men, letting them know that we, as members of the American Legion, and as individuals, are very much interested in their rapid recovery.

"These periodical visits may be arranged through the local posts appointing a visitation committee to be composed of eight or ten members, all of whom should be, if possible, wounded

men, or those who have been in hospitals while in the service. It is suggested that the local posts of the American Legion, as an organization, first address the authorities of the hospital, explaining their intentions and sole purpose of the visit and endeavoring to arrange a time convenient for the committee, if they are unable to call during visiting hours.

"The salutary effect which these visits will create in bolstering up the morale of men in the hospitals will assist materially their rapid recovery."

Unidentified Woman Hurt
Persons are being made to establish the identity of a woman, about thirty-five years old, in the Women's Homeopathic Hospital with a fractured skull and other injuries received when she was struck by a trolley car at Twenty-second street and Indiana avenue last night. She was dressed in black and had \$500 in her purse. Her condition is said to be critical.

**TEUTONS HERE STOP
CRITICIZING TREATY**

Circular Withdrawn by Signers
After Justice Agent Gives
Them Warning

THEY ASKED FOR ADVICE

Distribution of a circular addressed to "Beloved German Christians," in which the peace treaty is criticized as harsh, ended today, following a warning issued by Todd Daniel, chief special agent of the Department of Justice here, that enemy aliens would not be permitted to attack the treaty or engage in political discussion. The names of two enemy aliens, both clergymen, were among the six signed to the circular.

Mr. Daniel issued his warning when he was visited by Christian Pfann, Jr., of 336 North Randolph street, a signer of the circular; William Moening, of 463 North Eighth street, and the Rev. Fritz Otto Evers, pastor of the Zion German Lutheran Church.

The three promised to discontinue distribution of the circular and destroy all copies in their possession. "I told them frankly," said Mr. Daniel, "that the government had no complaint to make against the taking up of offerings for charitable purposes for persons in distress, but that political discussion by enemy aliens would not be tolerated any more now than before the armistice."

The officers of the relief society that issued the circular are the Rev. Friedrich Flotheimer, Rockland and Howard streets; Oline; the Rev. Emil R. W. Schlick, 55 East Walnut lane, Germantown, both enemy aliens, and the Rev. P. H. Dippele, 1230 North Sixth street; the Rev. G. G. Rath, 3821 Germantown avenue, and the Rev. J. B. Forster. Mr. Pfann also is an officer of the society.

TWO CHILDREN BURNED

Grandfather Beats Out Flames, Saving Little Girl's Life
Two children were seriously burned while playing with matches at their homes.

Julia Sinnelli, six years old, of 618 Carpenter street, was taken to the

Pennsylvania Hospital in a serious condition. Her life was saved by her grandfather, Frank Lamason, who beat out the flames with his hands.
John De Grott, three years old, of 3440 Filbert street, was taken to the Presbyterian Hospital seriously burned on the face and hands after a box of matches with which he was playing had ignited.

A Series of Eye Talks
By Joseph C. Ferguson, Jr.
Our Next Talk, Wed., Nov. 19
Why You Should Consult the Oculist
WELL-KNOWN physician has declared that no less than 70 diseases affect the eyes.
In other words, in addition to the usual refractory troubles that cause bad sight, eye troubles may also be caused by each of seventy diseases—either of the eyes themselves or of other organs, and affecting the eyes at the same time. It is as plain as the nose on your face that the logical thing to do in case of defective sight is to consult no one but the oculist—since he is the only one qualified by medical and optical study and practice to accurately diagnose and prescribe proper relief.
Glasses will be prescribed only when necessary. There is no reason why they should influence the Oculist's decision.
When they are necessary have them made by a prescription optician.
