

PER LA SOLUZIONE RIGUARDO FIUME

Giornali Italiani Deplorano Vivamente il Ritardo Frapposto dagli Alleati

Published and Distributed Under PERMIT NO. 841

Roma, 5 novembre.—Tutta la stampa italiana pubblica articoli con i quali deplora vivamente il ritardo frapposto dagli Alleati per la soluzione della questione di Fiume e del resto della costa orientale Adriatica.

Gli articoli sono in forma vibrata e ripercuotono lo stato d'animo del Paese che reagisce contro la sopraffazione di cui si considera vittima da parte della diplomazia insidiosa.

Il "Corriere della Sera" si appella direttamente alla Francia e dice che essa non può rimanere ancora irresoluta al fronte alla sopraffazione di cui evidentemente sono vittime l'Italia e Fiume.

La Francia deve convincere Wilson che non è disonorevole cedere alla voce della giustizia e cedere al consiglio della patria di Lafayette.

In occasione dell'anniversario della grande vittoria riportata dall'Italia sull'esercito austro-ungarico, il Re ha conferito il Gran Collare dell'Annunziata al Generalissimo Armando Diaz.

SPARTACANS PLOT RISING IN GERMANY

Proposed Revolution Is to Be Assisted and Officer by Russian Bolsheviks

CENTERS IN RUHR REGION

By the Associated Press Essen, Germany, Nov. 6.—Investigators for the Denzsch Allgemeine Zeitung of Berlin, claim to have discovered plans for a communist uprising to depose the present German Government and to establish a new one modeled on the Russian plan, which would be associated with the present Russian soviet system.

The investigators assert that the proposed revolution is to be assisted and officered by Russian Bolsheviks, and that the outbreak is to have its beginning in the Ruhr coal district.

Munich, Brunswick and other cities are claimed to be centers for the movement. According to the paper Spartacans and communists will be armed throughout Germany. The communists are said to count on desertion by whole groups of the national defense army and in taking them into their army. General fighting headquarters, it is asserted, will be established in Brunswick, already a Spartacan and communist center, and a council government is to be proclaimed.

The Allgemeine Zeitung's investigators began their work several months ago when the Spartacan unrest in the Ruhr district threatened the coal supply, and even menaced the government. Government troops were sent in at that time, some communists were executed, and martial law was proclaimed. Quiet was apparently restored. The investigators say, however, it is only a surface quiet, that the entire district is restless under martial law and that an outbreak is planned for the coming winter when the workers will strike again.

U. S. BUTTONS ADORN COATS OF MANY ENGLISH GIRLS

Means "We Two." Rosy-Cheeked Maidens Tell Minnesota Congressman — Replaces Ring as Token of Engagement With Yanks

London, Nov. 6. The "U. S." on navy and army buttons and pins has a new significance since Cupid has taken a hand in army and navy affairs. Hundreds of English girls are wearing the insignia as a token of their engagement to American service men. To them "U. S." doesn't mean Uncle Sam. It means "we two," and the expression has grown so prevalent that almost every one here knows what a "we two" pin or button is. A Minnesota congressman was being shown through the Strand and Trafalgar Square a few days ago, and he stopped as a group of five rosy-cheeked English girls came along. He noticed four of them were wearing "U. S." insignia, so he questioned them. He found three of them expected to marry men from the Twenty-eighth Division from Pennsylvania. The fourth expected to go to South Dakota. All of them were expecting to sail for the states as soon as passports could be obtained. It is remarkable how interested English girls are in learning where certain American cities and states are located, and what they are like. "We two" is the most significant thing to them whether it means life in Brook-

lyn, Philadelphia, Cleveland or Portland. The western states seem to lead in the number of English sweethearts, though Pennsylvania and New York probably will get a good many more as soon as passports are easier to obtain. So far only the wives of American men have been taken care of. The sweethearts are having to wait till Bill or Henry or Sam gets established at home, and can send for them. Cupid got in his work mostly through the Y. M. C. A. huts, Knights of Columbus, Red Cross and community service headquarters, where parties and entertainments were given. Republicans Capture Schuylkill Pottsville, Pa., Nov. 6.—All the Republican county candidates in Schuylkill were elected by large majorities ranging from 6000 to 8000. The \$500 was paid the state last night.
