TO CANVASS MARYLAND VOTE

Both Sides Claim Governorship. With Democrat Apparent Winner. Baltimore, Nov. 6.—(By A. P.)—Intense interest attaches to the meeting of the election supervisors who will assemble in Baltimore today to canvass the returns of Tuesday's election...

Chairman Tait, of the Republican state central committee, claims the official canvass will show the election of Harry W. Niece.

The work of canvassing the returns will require several hours and the result probably will not be known until tonight.

If the unofficial plurality given Mr. Ritchie stands the Republican leaders will take up the question whether to ask for a recount of the ballots. This would have to be made by the House of Delegates.

According to the unofficial returns the total vote for governor, with thirty counties missing and estimated, follows:

Ritchie, Democrat, 111,144; Niece, Republican, 110,878.

N. J. REPUBLICANS SAY CHIEFS ERRED

Blunder on Prohibition Issue Held Cause of Bugbee's Defeat

EDWARDS WINS BY 15,000

Trenton, Nov. 6.—History repeated itself in New Jersey Tuesday. The liquor question, which cut the Republican party out of power more than thirty years ago, was again responsible for the defeat of the Republican candidate for governor.

In three years a Republican plurality of 69,547, received by Governor Edge, was turned into a Democratic plurality of 152,000 by 15,000 accorded Senator Edward J. Edwards, the Democratic candidate for governor.

Republicans find some comfort in the fact that the Legislature, for another year at least, will continue under their control.

Liquor Issue Responsible. Many Republicans throughout the state are inclined to view the defeat of Mr. Bugbee as attributable to tactical blunders of the party leaders in handling the liquor problem.

The issue over public utility regulation and particularly the rates of the Public Service Railway Co., was local in its effect and was probably more pronounced in Camden and vicinity than elsewhere in the state.

The liquor prohibition was the one thing most discussed by voters before and after going to the polls.

"Wets" Put Hope in Edwards. The big question in the minds of re-joining "wets" in New Jersey was: "How is 'Teddy' Edwards going to make it possible for Jeffersonmen to get a

perfectly legal drink in that state after January 10, 1920, the day for the beginning of operation of the national prohibition amendment?"

"I have got to feel my way to see what can be done," Governor-elect Edwards said. "I am going to do anything I can possibly do to protect the liberties of the people of New Jersey, I am starting out with the assumption that the constitutional amendment providing for national prohibition is not constitutional."

"I take the result of the election to mean that the people of New Jersey refuse to ratify the federal prohibition amendment, and in taking the position I am taking I am expressing the will of the voters."

Edwards a Teetotaler. "I am a teetotaler," the governor-elect continued, "but I haven't any objections to the other fellow having a drink if he wishes it and behaves himself. If I had my way I should like to regulate the traffic so it could not be offensive to any man."

It is possible for a man with enough booze to stick his collar with enough money to last him for a lifetime while the man of small means is prohibited from getting a drink if he feels like having one. There is not any justice in such a situation."

TAMMANY LOSES; BIG G. O. P. GAINS

N. Y. Assembly Will Have 110 Republicans and 35 Democrats

New York, Nov. 6.—Revised returns compiled today show that the new Assembly will be composed of 110 Republicans, thirty-five Democrats and five Socialists. This is a gain of sixteen votes for the Republicans, a loss of nineteen for the Democrats and a gain of three for the Socialists.

New York city elected five Socialists, instead of two as previously reported. Representative F. H. La Guardia, the Republican candidate for president of the Board of Aldermen, defeated Robert L. Moran, his Tammany opponent, by a plurality of 1363.

La Guardia is the first candidate of his organization to win a straight party fight for an important municipal post here. The final tabulations were: La Guardia, 403,051; Moran, 401,688.

Henry H. Curran, Republican candidate for president of the borough of Manhattan, received a plurality of 9703 over Edward F. Boyle, Democrat.

Charles F. Murphy's candidates for Supreme Court justices, Irwin Entenmyer and Robert L. Luce, the central figures in the campaign, went down to glorious defeat before Justice Joseph E. Newburger and Phillip J. McCook.

RE-ELECT DR. JACOBS

Lansdale's "Grand Old Man" Sent to Council for Another Term

Lansdale's "grand old man," Dr. John N. Jacobs, eighty-one years old, has been re-elected to the Lansdale Borough Council. More than fifty years ago he was elected to Lansdale's Council for the first time. This year opposition to his candidacy developed, but he won easily.

Doctor Jacobs was Montgomery County's first controller. He was appointed to the office by Governor Tener and refused his term salary of \$19,400, saying that he wanted to serve his county without pay.

TOLEDO MAY HAVE TO WALK

Trolley Company Forced Off Streets by Indignant Voters

Toledo, O., Nov. 6.—(By A. P.)—Approval by the voters of an ordinance forcing the street-car company to suspend business finds the city entirely unprepared to provide transportation.

Toledo will have to walk unless there is some hasty solution and officials now believe the ordinance will force hundreds of interurban cars to cease running into the city.

The latest count shows the voters, by a margin of 873, approved the ordinance that provides that the trolley company must vacate the streets. The trouble began with a fare increase.

Church Women's Clothes Censured. Atlantic City, N. J., Nov. 6.—(By A. P.)—Present-day styles of clothes worn by church women were censured today at the National Training conference of the later-church World Movement of North America.

NO GERMAN NEED BE IDLE

Work of Restoring French Mines Will Last Eight Years

Berlin, Nov. 6.—(By A. P.)—Work for all the unemployed in Germany for the next eight years will be provided in restoring the ruined mines of northern France, says Vorwarts. This opinion is based on the report of the German

mining commission, sent to France recently to ascertain the damage, and which has just made public its findings. "The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for every one else engaged in superfluous labor. The report shows the fallacy of the theory that emigration of 10,000,000 to 15,000,000 persons from Germany is an economic necessity."
