

SABBATH DEFENSE URGED ON NATIONS

World Citizenship Conference Is Told International Combine Is Needed

ALTAR TO COMBAT DIVORCE

By the Associated Press

Pittsburgh, Nov. 10.—International defense of the Sabbath was urged at the World Citizenship Conference, which opened here today, by Dr. W. M. Rochester of Toronto, in presenting the report of the World Commission on the Lord's Day. The report declared that "the Christian Sabbath had suffered seriously" during the war.

"It was the glorious day," said Dr. Rochester, "for the Sunday newspaper, the theatres, sports and for industries whose leaders were impatient of the wholesome restraints required by the recognition of this day. No such parade of honorific interest and patriotic fervor has been made by any class as by the enemies of the Christian Sabbath during the war."

The nations must combine in organization, education, legislative endeavor and such other efforts as shall ensure that the Christian Sabbath shall have a place permanent and supreme of its kind in the life of the world."

An increase of 400 per cent in the number of divorces annually granted in the United States during the last half century was attributed to "the disappearance of the family altar and the apparent decay of religion." The report containing that assertion was made by Judge W. H. Thomas, of Santa Ana, Calif., chairman of the World Commission on the Family.

The seeming dissolution of the religious theory of marriage has been one of the big items in the instability of the family, the judge declared. After that came nineteen other contributing

causes. The judge recommended that an educational campaign be directed toward informing the general public on the causes which demoralize the family. Adequate wages as means of preserving the institution of the family were urged by Bishop W. M. Bell, of Washington, D. C.

TRY TO SAVE CREW OF LOST U. S. SHIP

Polarland Sinks and Fate of Sailors in Lifeboats Is Uncertain

New York, Nov. 10.—(By A. P.)—The shipping board steamer Polarland reported yesterday from Halifax as abandoned seven-five miles off Cape Breton, has sunk.

A ship that responded to the wireless calls for help is endeavoring to rescue the crew from the lifeboats, according to a wireless message received by the agents here today. The rescue ship is presumed to be the British steamship Kanawha.

The Polarland was operated by the West India Steamship Co. Four other steamships are in distress off Nova Scotia.

Halifax, N. S., Nov. 10.—(By A. P.)—The steamship Kanawha has found no trace of the Polarland after a four-hour search in the vicinity of the lost ship's position reported before she went down, according to a wireless message from the Kanawha today.

BRITAIN NOT READY FOR RUSSIAN PEACE

Won't Treat With Lenine Until After Discussion in House of Commons

TURKS MAY AID BOLSHEVIKI

By the Associated Press

London, Nov. 10.—Great Britain has no intention of opening peace negotiations with Lenine and Trotsky until the House of Commons has had an opportunity to discuss the subject, Andrew Bonar Law, government leader, declared in the House of Commons today.

Mr. Bonar Law made this statement in answering questions and newspaper charges regarding Premier Lloyd George's speech at the Guild Hall on Saturday, in which he hinted at an attempt to negotiate peace with the Bolsheviks. He said the premier had simply expressed the hope that there would be some method found of achieving peace with Russia.

The Daily News accuses Mr. Lloyd George of inconsistency and insincerity in all his dealings with Russia. It contends the terms which the soviet government is willing to accept are essentially reasonable. It declares a sincere attempt at peace ought to be successful, though "if the Bolsheviks meet with military successes they may be tempted to put the price of peace higher than they are putting it today."

"The determination of labor to end intervention in Russia has at last taught the premier that labor is more to be feared than a reactionary press," says the Herald, calling upon labor to force the government to make peace on the soviet terms.

The discoveries resulting from raids on soviet quarters in the United States are said by some newspapers to be proof of the danger of dealing with the Bolsheviks.

According to an Exchange Telegraph dispatch from Copenhagen, Mustafa Kemal Pasha, head of the nationalist Turkish government set up in Asia

Minor, has proposed an alliance with Nikolai Lenine, Russian Bolshevik premier. An army of 3000 Turks to attack the nationalist forces, the report says, has been organized by General Ahmed Bey at Belu Kesem.

Occupation of the town of Fastoff, near Kiev, by soviet troops, is reported in a Russian Bolshevik communique received by wireless today.

Helsinki, Nov. 10.—(By A. P.)—Opinion in political circles here is that the Baltic states and Poland, at the conference being held at Dorpat, will reach an agreement to invite the Bolsheviks to send representatives to Dorpat on November 17 to discuss peace.

Vladivostok, Nov. 4 (delayed).—(By A. P.)—Preparations for the transfer of the government of Admiral Kolchak from Omsk to Irkutsk are being rushed and many of the government establishments are already on their way to the latter city, according to an official dispatch from Omsk.

The advance of the Bolsheviks has been slowed somewhat astride the Tiumen Railway, the Siberian first army holding at present the Eatz river from Mulkhinskoe on the north to the front of Galshmanova-Kozakova-Dubenkino-Petrovskoy.

U. S. Troops Moved to Kanawha City, Charleston, W. Va., Nov. 10.—(By A. P.)—Several hundred federal soldiers who have been quartered in the armory since the inception of the coal strike were moved to Kanawha City, two miles east, where they went into camp. The hospital and transportation units remained in Charleston, while Colonel W. F. Hargell, the commander, announced he would continue to maintain headquarters here.

WIFE IN PLANE GREETED HUSBAND ON LINER

Woman Surprises Spouse by Novel Welcome at New York

New York, Nov. 10.—(By A. P.)—An airplane greeting from his wife was the welcome George L. Adams, of Plisgah, N. C., received Sunday when the steamship Royal George arrived off Sandy Hook from Southampton.

Cable messages from Adams telling of his aerial trips as a passenger from London to Brussels and from London to Paris made Mrs. Adams decide "to fly rings around him."

As the steamship approached the Hook, a wireless message told Adams to look heavenward. The airplane dipped and as it circled about the vessel he was able to see Mrs. Adams waving an American flag.

Chicago, Nov. 10.—(By A. P.)—Republican national committeemen from a dozen states held an informal conference here today for the purpose of discussing plans for the presidential campaign of 1920.

Hays, who presided, said the chief object of the conference was to make preliminary arrangements for the meeting of the full committee next month in Washington, when the place for holding the national convention will be chosen.
