

EXPECT RAIL MEN TO COMPROMISE

Hines and Brotherhoods Resume Conference After Dead-lock Yesterday

Washington, Nov. 12.—(By A. P.)—Representatives of the four railroad brotherhoods and Director General Hines resumed negotiations today on the brotherhoods' demands of wage increases and revisions of working conditions, after they had failed to agree yesterday.

The railroad administration refused the full demands of the railroad organizations and offered a substitute, which the brotherhoods declined to accept. Director General Hines pointed out that he could make no agreement to increase the pay of railroad employees because of the short time before the railroads will be returned to private ownership.

The brotherhood leaders were said to have been impressed with his argument and this was taken as an indication of their willingness to compromise.

Miners Will Meet Operators Friday

Continued From Page One

Soon just prior to the walkout of the miners, except that there will be no threat of a strike hanging over the country as an argument for the miners.

Bismarck, N. D., Nov. 12.—(By A. P.)—Governor Linn J. Frazier early today declared martial law in the coal mining districts of North Dakota, and announced he would take over the lignite coal mines of the state, which have been closed for several days on account of a strike of the 1500 miners.

Word reached the Capitol late last night that the miners would not return to their posts in the coal mines though the strike had been officially called off by national officers, but that they would return to work under the orders of Governor Frazier.

Pittsburgh, Nov. 12.—(By A. P.)—Not a union mine in the Western Pennsylvania coal field was in operation today, but operators expected that the strikers would begin to get back by the end of the week, and production would be resumed in earnest. The men are awaiting the official order to return.

According to estimates of employers' representatives the miners' strike in the Pittsburgh district had caused a production loss to date of 1,800,000 tons of coal.

Charleston, W. Va., Nov. 12.—(By A. P.)—Kanawha coal field miners did

not obey the orders of their leaders and return to work early today. Only four of the 200 mines in the district began work, and these with small forces.

Deputy sheriffs, acting on an executive warrant issued by Governor Cornell, today seized nine army rifles and 1000 rounds of ammunition at Dawson, a mining village in the Cabin Creek district. The arms were consigned to a miner living in Dawson.

Officers of District No. 17, United Mine Workers of America, with headquarters here, and of District No. 20, at Breekeley, W. Va., dispatched today to the various localities the order of the international union calling off the miners' strike. Early reports did not indicate in what spirit the men received the order to return to work. It was estimated that approximately 400 mines, employing 42,000 miners, were closed down by the walkout.

Bay City, Mich., Nov. 12.—(By A. P.)—Twenty-four hundred miners employed in Michigan's fifteen coal mines are awaiting the return from Indiana of H. Stevenson, district president, United Mine Workers, to determine when they will resume work.

Columbus, O., Nov. 12.—(By A. P.)—Operators were optimistic that coal production in Ohio would soon reach normal again. They pointed to the fact that while the miners lost approximately \$2,000,000 in wages during the ten days they were on strike, they should be able to make up their losses without difficulty.

Terre Haute, Ind., Nov. 12.—(By A. P.)—While coal mines in the Indiana fields were ready for operation today and miners' trains ran on regular schedule, few men reported for work and neither miners nor operators look for anything like normal production for several days. Except for the mines in the American mine at Hicknell, all works have been kept in condition for immediate operation.

The attitude of the mine workers was not clearly defined today. It was reported that one local west of Terre Haute met and voted not to return to work. For the most part, however, the miners appeared willing to abide by the decision of the international officers.

Des Moines, Ia., Nov. 12.—(By A. P.)—Not a union mine was in operation in Iowa today, said reports to headquarters here of the State Operators' Association. None of the union men have gone to the mines and it is said the men intend to remain idle for the time being, at least.

Birmingham, Ala., Nov. 12.—(By A. P.)—At least three-fourths of the striking coal miners will be again at their posts by tonight, and all should be in by noon tomorrow, according to Secretary J. L. Clemons of the United Mine Workers of America. Production yesterday was more than 50 per cent normal.

HAZING AT F. & M. COLLEGE

Freshman Found Badly Battered. Army Men Seek to Avenge Him

Lancaster, Pa., Nov. 12.—The faculty of Franklin and Marshall College last night considered a hazing that took place early yesterday morning when Robert Duttonhoffer, a freshman, was severely injured and left helpless on a lonely road where he was found by a passerby. It is said Duttonhoffer's family will demand the expulsion of the hazy's assailants.

Minus his hair and an eyebrow, with his face badly battered and his back badly bruised, Duttonhoffer is at his home, but will recover. Members of the Army Club, to which Duttonhoffer belongs, and which is composed mostly of ex-service men, said the frat houses were searched for hazers, but they none were found. In case any of the students are expelled it is asserted the entire sophomore class will resign.

The firing of twelve men from the college varsity football team last night is said to have been a direct result of the hazing.

WEDDING PLAN IS MYSTERY

Fiance of Brooklyn Girl Supposed to Have Died

New York, Nov. 12.—Miss Sophie Loderhose, whose wedding to a mysterious "Doctor Hoffman," now supposed to be dead, was to have taken place yesterday at the Immanuel Lutheran Church, remained in seclusion all day in her home in Brooklyn, emerging only to gather in the milk bottles at 7 o'clock in the morning.

The mystery surrounding the supposed death of her fiance in an automobile accident at French Lick Springs, Ind., remains as deep as ever. A letter carrier made two visits during the day, but was met by Miss Emily Loderhose, sister of the bride-to-be.

PLAN MEMBERSHIP DRIVE

Credit Men Launch Project at Luncheon in Bellevue

The Philadelphia Association of Credit Men yesterday launched a membership drive at a luncheon in the Bellevue-Stratford. The association is affiliated with the national organization of credit men.

At the luncheon the principal speaker was City Statistician E. J. Cattell. He urged the members to push the drive, saying that the association's ideals, if carried out, would be a great factor in settling industrial strife.

Tunnel Near Naples Collapses

Naples, Nov. 12.—The central portion of the tunnel between Naples and the village of Fuscirotta, in the suburbs to the southwest, collapsed yesterday. No casualties resulted.

STRIKERS SELL BONDS

Coal and Steel Workers Dispose of War Securities

Pittsburgh, Nov. 12.—(By A. P.)—Striking coal and steel workers in the Pittsburgh district sold liberally of their Liberty Bonds when they left mills and mines. While no record of the amount has been kept, bankers believe it reaches far into the hundreds of thousands of dollars.

The movement began soon after the steel strike was called, and was immediately noticed by the Pittsburgh branch of the Federal Reserve Bank when other banks and individuals presented large numbers of \$50 and \$100 Liberty Bonds for exchange into bonds of larger denomination.

Y. W. C. A. WORK ABROAD

Activities in Foreign Lands

Reading, Pa., Nov. 12.—A review of the work which the Young Women's Christian Association accomplished in France during the war, was presented today by Miss Harriet Taylor, to the world program conference of the east central field of the Y. W. C. A., at Galen Hall, Wernersville.

Miss Taylor is to sail for France on November 22, to attend the final sessions of a conference with officials of the French Government.

Miss Bertha Conde, senior secretary of the student department of the national board, emphasized the association's work.

Mrs. Katherine Willard Eddy, head of

PUT PAINT ON STATUES

Spartans Deface White Marble of Prussian Rulers

Berlin, Nov. 10 (delayed).—Spartans yesterday defaced the white marble statues of Prussian rulers in the famous Siegesallee, or avenue of victory. Red paint was smeared over the statues and various inscriptions were written on them such as "long live world revolution," and "down with capitalism."

Two of the offenders were arrested, but the others resisted the police and escaped.

OLDSMOBILE Eight

Moderately priced, extremely refined to the smallest detail, the Oldsmobile is a car you'll be proud to drive. See the new models.

Don't wear out the starter ~ use Atlantic Gasoline

Cold night. Surprise storm. Motor chilled through and through. The "starter" churns and churns, striving to justify its name. Carbureter floods. You're out o' luck. You've been all through such experiences. The answer is—

Atlantic Gasoline, that takes the spark in the shortest possible time; that acts favorably upon the carbureter's breathing-passages; that gets you and your party home in record time.

Use Atlantic Gasoline in cold weather, use it in hot weather, use it in any weather, anywhere, any time. It's always uniform and ready to serve you faithfully.

A majority of motorists and truck-owners in the State use Atlantic Gasoline. Profit by their example.
