

KEARNEY SCHOOL BIG HOME CENTER

Men, Women and Children in
Neighborhood Gather Daily for
Gossip and Entertainment

MANY CLASSES CONDUCTED

Every afternoon and four evenings a week the Kearney School, 814 North Sixth street, is transformed from a school house into one of the most interesting club houses in the city. Men, women and children of the neighborhood gather there for their neighborhood gossip, for entertainment, study and mutual betterment.

"The things they ask for," said Miss Caroline Liveright, director of the community center. "All of the teachers and workers are volunteers, but we have managed to start classes or clubs in almost any line asked for. It is splendid seeing the children and young folks having their good times together in a happy, wholesome way. I like to see the boys and girls together here. I am convinced the center keeps many of them from standing on street corners, and attending public dances or amusement places that might be of questionable nature. Nearly ninety per cent of the people who come here are of foreign born parentage.

MRS. WILSON URGES WARTIME SAVING

Evening Public Ledger Food Expert Suggests Methods to Hit High Costs

PLEADS FOR ECONOMY

"If the women of America rally together and stand as they did during the war, the high cost of living will be literally cut in half."

Mrs. Wilson Prescribes Some Don'ts for Homes

A few of the don'ts that were told the women of Lansdale yesterday by Mrs. Wilson in the Jenkins's Moving Picture Theatre, Lansdale:

help you work. Then we'll have some real citizens."

Russian dressing from that by adding one raw carrot, one raw beet, one onion, all grated; one and a half teaspoonsful of sugar, one tablespoonful of lemon juice, one-half teaspoonful of salt. To make the real Tartar sauce add one dill pickle, chopped fine; one tablespoonful of green onion and three tablespoonfuls of finely minced parsley.

If it is too old for cooking, make soap out of it."

Fire Destroys Irish Courthouse
Cork, Nov. 19.—(By A. P.)—The Lisacrol courthouse was burned to the ground Sunday. It is believed to have been a case of incendiarism.

The Philadelphia Art Galleries S. E. Cor. 15th and Chestnut Sts., Philada. REED H. WALMER, Auctioneer.

SPECIAL NOTICE
The Wintrob Sale Has Been Postponed Until Friday, November 21
NOW ON EXHIBITION

BEHINDING FROM BUSINESS
TO BE SOLD AT PUBLIC AUCTION
Beginning Friday Afternoon, Nov. 21, 1919
AND FOLLOWING DAYS AT 2 O'CLOCK

Better Record-Service At One-Quarter the Cost

SOME business men say, "Of course, RAND Visible Card-Records give you an instant grasp of where your business stands—but it must be costly to install and operate."

FRANKLIN CAR Reliability and Air Cooling Superiority Again Demonstrated by a 98.2 Mile Non-Stop Low Gear Run Ending at Top of Famous Mt. Washington

ON August 17th, a Franklin stock model touring car ran all the way from Portland, Maine, to the top of Mt. Washington in New Hampshire on low gear without a stop. This remarkable feat is the latest public proof of the superiority of Franklin Direct Air Cooling (no water to boil or freeze).

This car, just such a one as thousands of Franklin owners are driving all over the country, carried three official observers besides its driver and averaged 11.1 miles per hour—on low gear.

The Franklin had already run ninety miles on low gear without a stop before reaching the base of Mt. Washington—in itself a test never duplicated by other cars.

Then, without halt, came the real test—the Franklin had set out to perform—a climb to the top of Mt. Washington, an elevation of 6290 feet.

Rain soaked, slippery roads; no chains; no stops permitted—these were the added difficulties to a performance generally considered impossible even under the best conditions. But the Franklin reached the summit overcame the final obstacle of a 27% grade in perfect running shape and returned to Portland the same day.

By official observation, the Franklin did not show the slightest trace of wear and tear or overheating, its engine performing with absolute regularity on all grades as well as on level going.

Ability for eighteen years to demonstrate consistently this kind of performance is what has made the Franklin known as the most practical fine car.

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation

Direct Air Cooling, eliminating Radiator, Water, and 176 other Delicate Parts, means less Weight, less Trouble, greater Simplicity, and better Results, as this test shows.
