FOOTBALL folk out in Delaware and Montgomery counties are all excited. Saturday the Haverford team cited. 'Saturday the Haverford team meets the Garnet at Swarthmore in the first formal battle in two years. The rivalry between these suburban institu-tions that began with their opening clash in 1879 is keener than ever and the battle at the end of the week prom-ises to draw the largest crowd in the history of their meetings.

The Main Liners have a very sore spot in their memory and they are hoping much, but not betting a lot, that they will be able to heal the 57-7 wound inflicted by Swarthmore on the occasion of their last meeting in 1917.

eran material. I Late Increvement Haverford, with her green team, naturally made a poer start, but Ben-nett has worked long and faithfuily with the result that in the least two weeks the team has showed remarkable form considering the inexperience and lightness of the material. Stevens College gave Haverford a lot of worry right of the bat with the start of the bat worked in the scrimmage and will be in shape to play against Haverford. CHALLENGE TAVE.

right of the ball game by one touchdown to none. Haverford next tackled and defeated a team of all-stars, but the following week Lafavetic trimmed the Main Liners with ease, 41 to 0, and little Delaware College came through on the following Saturday and administered a 14-0 blow.

This series of early defeats did not bave a demoralizing effect, largely be-cause the conches and members of the cause the coaches and members of the team realized that they had nothing to start with and that only time would de-velon a winning combination. Every-body connected with the team took a brace after the defeat by Delaware and Haverford won the two following games from Franklin and Marshall, 10-7, and Johns Houkins. 7-0. Last Setarday they played Dickinson to a 7-7 dead-lock.

Played Good Football

While Haverford did not pile up big scores in her last three games, she did what pleased Coach Bennett and the alumni more than anything else-she played snappy, heady, modern football.

Yesterday the team was sent through a long drill ending in a scrimmage. On account of the extreme lightness of both backs and forwards, the open game is being used to the exclusion of all else.

Haverford has developed a good running attack and very creditable air offense. Toogood, the lanky guard who has

Atlantic for the Machine in the Cold Garage

TIAN

Puts Pep in Your Motor

Bitter, chisel-y weather. The urgent trip to the city. The unheated garage. You pull out the "choker" and press the starter-pedal. A few spirited churns of the crank-shaft-and she takes the spark.

That's Atlantic volatility. Quick starts in winter-weather. Atlantic, mind you. A mongrel fuel may take the spark in sweltering summer. But in winter-be more certain than ever to use Atlantic Gasoline exclusively.

Atlantic is the year-round motor-fuel that puts punch behind the pistons; that carries you farthest in the fastest time; that yields big dividends in mileage and general motor-efficiency. Always use Atlantic.
