

ANGELES, ON TRIAL, DEFIES CARRANZA

3000 Admission Tickets Issued
to Court-Martial of Villa's
Chief Lieutenant

TO LAST ABOUT THREE DAYS

By the Associated Press
Juarez, Mex., Nov. 25.—The court-martial trial of General Felipe Angeles, chief lieutenant of Francisco Villa, proceeded today at Chihuahua City and, according to advices received here, it probably will not be completed for two or three days.

The former comrade-in-arms of President Carranza, but recently engaged in active campaign for the overthrow of the present Mexican government, has not relented in any degree since his arrest, according to reports received here. Yet he expressed confidence that he would receive "justice" at the hands of the court, although declaring his enmity to Carranza.

Major Gabano Sandoval and the four federal soldiers who captured Angeles on November 15 in the Sierra de las Minas district, have been rewarded. Sandoval has been promoted to be a lieutenant colonel and the privates each received 1000 pesos.

Three thousand tickets to the trial were issued by General Manuel M. Dieguez, commander of military operations in northern Mexico, according to a report brought here last night by a newspaper man of Chihuahua City.

On his arrival at the state Capitol General Angeles found awaiting him a telegram from Mrs. Angeles, who, with her children, is in New York city.

"Whatever may happen to me," the rebel leader is quoted as saying, "I do not have to worry about my family, because Mrs. Angeles and the children are provided for."

In a telegram to General Dieguez, Mrs. Angeles asked that her husband be given every attention "so that he will not suffer."

Angeles presented as strange an appearance as could be imagined after his capture," said a Chihuahua newspaperman, who interviewed the rebel chieftain in a boxcar on the way to Chihuahua City last week.

"He had two books, 'The Life of Napoleon' and 'The Life of Jesus Christ,' which he had been reading on the train. The only other thing he carried was a red blanket. His face was covered with long gray whiskers.

"Angeles told me that when he was captured he had not eaten for six days. On his arrival at Camargo he was given a suit of clothes by order of General Dieguez. Two of the three men with Angeles have been executed."

BALTIC STATES PLAN PEACE WITH RUSSIA

Germans in Desperate Straits
Near Mitau—Attacked by
Letts and Lithuanians

Reval, Nov. 25.—(By A. P.)—The Baltic states' alliance is a fact and will be publicly declared when the governments which participated in the negotiation at Dorpat have ratified the preliminary agreement.

Peace discussions will begin when Maxim Litvinoff, Bolshevik representative, returns from Copenhagen. Litvinoff has full power to negotiate a peace with the Baltic states on behalf of soviet Russia.

The Bolsheviks are continuing to attack the Yamburg district with strong forces in an endeavor to crush the Russian northwest army under General Yudenitch.

Berlin, Nov. 25.—(By A. P.)—German troops in the Baltic region are in a desperate situation, according to reports printed in the Tageblatt.

Legions, including several free corps, have collected south of Mitau and have been attacked by Lettish forces near Krunka, the enemy advancing from the northeast in an attempt to seize the railroad running from Mitau to Shavil. Five trains along the road carrying refugees from Mitau have been fired upon by Lithuanians, it is said, fifty persons being killed and 150 wounded.

Efforts are being made to keep the railroad clear so that the refugees can escape. The general in command of the Sixth German Corps has his headquarters at Shavil, west of which city the roads are in control of the Germans. Dispatches state that the situation is very serious and in some places desperate.

London, Nov. 25.—(By A. P.)—A German wireless dispatch received here says the Russian Bolshevik newspaper Pravda, of Moscow, announces that a new Russian Government is projected in which the Mensheviks (Moderates) will participate, that a peace offer is to be sent to Admiral Kolchak and General Denikin, and that Nibolai Lenin, the Bolshevik premier, intends to convene a national assembly in Moscow.

ENTENTE FIRM ON TREATY

German Delegates Report Small Degree of Leniency Is Shown

Berlin, Nov. 25.—(By A. P.)—Privy Legation Councillors Simson and Grapert returned to this city this morning from Paris, and later held a conference with Doctor Haniel von Halmhaus, under secretary of state. According to the Tageblatt, they reported the Entente showed some small degree of leniency, but said the impression, on the whole, was unfavorable.

The Entente is represented as seeming willing to accede to a request for verbal negotiations relative to peace terms as yet unfulfilled, but demands that Germany make good the losses caused by the sinking of the German fleet in Scapa Flow stand virtually unchanged.

"Hopes here and there in Germany that America's failure to ratify the treaty might force France and England to a more favorable attitude toward Germany may be considered false," says the Tageblatt. "Representatives of France and England in Paris probably will much sooner attempt to inflict their decisions upon Germany independent of the American Senate."

FLOR DE MANUEL

Extra-Mild HAVANA Blend Cigars

It is a difficult task to blend the rich Havana leaf of sunny Cuban fields with lighter tobaccos so expertly that none of the Havana's rare fragrance is lost.

Yet this must be done to insure the mildness that cigar smokers demand.

In MANUEL, these tobaccos are so cleverly blended that the resulting "bouquet" can no more be described than it can be successfully achieved by other blenders than our own.
