TWO PARLIAMENTS PLANNED FOR IRISH

Home Rule Bill With Senate Included in Scheme to Be Introduced

TO SUPPRESS SINN FEINERS

By the Associated Press London, Nov. 25.—A new home rule bill setting up two parliaments in Ireland, with a council of senate of forty to be chosen by the two, probably will be introduced in Parliament within the next two weeks.

Daily sessions are being held by the cabinet committee in charge of the measure, the subject under discussion at present being finance, which is in charge of a subcommittee under the chairmanship of J. Austen Chamberlain, chancellor of the exchequer. Control of customs has always been a point of sharpest difference when other home rule schemes have been debated, and was one of the rocks upon which the Irish convention was shipwrecked. Control of police is another knotty point.

The most hopeful sign of an agreement is the silence which Sir Edward Carson, the Ulster leader, has preserved since the latest Irish kite was flown. Sir Edward has not issued any mandates to the Ulster volunteers to keep their powder dry, while the presence of two Ulster staunch Unionist leaders, Walter Hume Long and Baron Birkenhead, on the committee shows that Ulster is tending toward conciliation.

Dublin, Nov. 25.—(By A. P.)—Widespread suppression of Sinn Fein organizations has been ordered by the government. The Official Gazette today publishes a proclamation suppressing all Sinn Fein bodies, the Irish Volunteers, the Cumann na mBan and the Gaelic League in all counties and boroughs of Ireland.

KILLS WIFE AND HIMSELF

Farmer's Shot Also Set Fire to Home Near Allentown

Allentown, Pa., Nov. 25.—Angered, it is alleged, because his wife caused his arrest, following a quarrel over the proposed sale of their farm, Frank Arthofer, fifty-eight years old, killed her yesterday at their home at Saucung, between Ringen and Centre Valley, then ended his own life.

The shot that Arthofer fired into the body of his wife at close range set fire to her clothing. The burning garments in turn ignited the house, which was partly destroyed. The fire was discovered by H. John Leppert, son-in-law of the Arthofers, and his wife, who were asleep in an upstairs room. They were roused by the shots and rushed downstairs in time to save the house and probably their own lives as well as those of their two children.

HOPE OF ADRIATIC SETTLEMENT SEEN

Paris Parley May Bring Compromise—Slavs to Sign Austrian Treaty

MILO RESIGNS HIS POST

By the Associated Press London, Nov. 25.—Considerable improvement in the Adriatic situation is reported here as a result of conversations in Paris between British, French, Italian and Jugo-Slav representatives.

The latest indications are there is a possibility of a compromise settlement satisfactory to all parties, including Captain Gabriele D'Annunzio, which would avert hostilities.

Paris, Nov. 25.—(By A. P.)—Plebiscitaries of Jugo-Slavia will sign the Austrian peace treaty at 5 o'clock this afternoon. They will attach their signatures simultaneously to the treaty for the protection of racial minorities, to the arrangement of reparations concerning Italy and also to the financial arrangement concerning the sharing of expenses in the liberation of the former Austro-Hungarian provinces.

The time for the signing of the Italian peace treaty has been definitely fixed. The Bulgarian plenipotentiaries will sign the document at the Neuilly town hall at 10:30 o'clock tomorrow, Thursday, morning.

Rome, Nov. 25.—(By A. P.)—Plebisciti held a long conference yesterday with Camille Barreze, the French ambassador, according to an announcement made by the Epoux.

Rear Admiral Enrico Millo, who has been named as governor of Dalmatia as well as commander of the occupation forces in that country, has resigned the former office.

Rear Admiral Millo recently has taken a prominent part in developments along the Dalmatian coast. When Captain Gabriele D'Annunzio, who has held Plume for the last two months with his "irregular" Italian troops, landed at Zara, south of Plume, on Friday, November 14, he was welcomed by Admiral Millo, who later swore allegiance to the D'Annunzian movement.

His action was deprecated in a semi-official statement issued at Rome, but it was said Admiral Millo would remain in his position in Dalmatia pending decision by the government as to what steps it would pursue.

Admiral Millo's title to the "governorship" of Dalmatia was apparently solely by virtue of appointment by d'Annunzio. An account of d'Annunzio's expedition to Zara, which landed at Rome last Saturday, said that d'Annunzio in his speech to the people of Zara concluded by presenting Admiral Millo as "the first governor of Italian Dalmatia."

It was stated that afterward Admiral Millo announced that he had sent a telegram to Rome accepting the governorship of Dalmatia, "in the name of the king of Italy."

Indications from today's dispatch appear to be that, in compliance with the wishes of the Rome government, Admiral Millo has resumed the title bestowed upon him by the D'Annunzian expedition.

OPERA-GOERS WAIT IN RAIN

Taxi Drivers Strike, Leaving Many to Find Own Way Home

Many opera goers waited in the rain in vain for their taxicabs after the opera last night because of a strike of drivers employed by the American Taxicab Co., Locust street west of Broad.

Many last-minute cancellations were made by the company, but other opera goers visited the Metropolitan Opera house, and did not know of the strike until after the performance.

The drivers want an increase from \$3.75 to \$4 a day. The company charged they were induced to walk out by a union agent antagonistic to the company.

MRS. TOM THUMB, FAMOUS LILLIPUTIAN, DIES, AGED 77

World-Renowned Midget Had Wonderful Career and Was Loved by All Children of a Generation Ago

Middleboro, Mass., Nov. 25.—Countess Primo Magri, known to the general public as Mrs. Tom Thumb, and one of the best known lilliputians in the world, died in her home here yesterday after a long illness. She was seventy-seven years old, and had traveled around the world several times under the management of the late P. T. Barnum.

Mrs. Tom Thumb, born Lavinia Warren, was the daughter of a Yankee farmer and could trace her ancestry through Richard Warren of the Mayflower company, to William, Earl of Warren, who married Gundreda, daughter of William the Conqueror.

She was born October 31, 1841, on the Warren farm at Middleboro, Plymouth county, Mass. Her parents were above average size as were four brothers and two sisters. One sister, the youngest of the family, Minnie Warren, was of the same stature as herself. In her autobiography, written thirteen years ago, Countess Magri tells of many amusing incidents in her girlhood, due to her small size. She says that she weighed six pounds at birth, normally until one year old and then her growth became very slow until she was ten, when it ceased altogether. She was then twenty-four inches in height and weighed twenty pounds.

At sixteen years old, Lavinia became a public school teacher, which position she held for one term, her smallest pupil being far taller than the teacher. During the subsequent vacation she had a half for overtime in slow-freight service, and that the matter of a strike for increased pay had not entered into their deliberations.

Cleveland, Nov. 25.—(By A. P.)—The 500 general claimants of the four railroad brotherhoods in conference here took a vote on the offer of Director General of Railroads Hines granting time and one-half for overtime in slow freight service, just before adjourning for lunch. The vote was given to tellers to count and will be announced after the convention reconvenes this afternoon.

Louisville, Ky., Nov. 25.—(By A. P.)—A strike vote has been taken among the approximately 4000 members in Louisville of the Brotherhood of Railway Trainmen, and has been taken to Cleveland by Sigmund A. Lee, head of the union local here. J. M. Lee, a brother of Sigmund, announced last night. "It is my impression that the vote was overwhelmingly in favor of a strike," he said.

SHORE & TURKEY DINNERS on THANKSGIVING. Served 3 P. M. to 10 P. M. Rosemont Cafe 214 S. 2nd

THANKSGIVING DAY, 1919 FINDS

The Episcopal Hospital

IN NEED OF FUNDS

In these days of nation-wide drives for various worthy causes and pressing needs, the needs of home charities should not be lost sight of, or their upkeep neglected.

There is urgent necessity for funds for the adequate maintenance of the Episcopal Hospital in its noble field of service. A general appeal at this Thanksgiving season is, therefore, appropriate.

It is fitting that we lay our case before Philadelphians regardless of race, creed or color, for the Episcopal Hospital throws open its doors to the sick and suffering of every faith, and receives neither state nor city aid.

Although it is primarily under Protestant Episcopal auspices, only seven per cent of those ministered to during the past year were of that faith.

The remainder were Roman Catholics, Presbyterians, Methodists, Lutherans, Baptists, Hebrews, etc. The hospital is distinctly a city asset, as it contributes largely in filling a city need.

The manufacturers of the great mill district of Kensington know, through experience, the value of the Episcopal Hospital in the healing of the sick and injured and the relief of distress in their immediate neighborhood. A great work is done through the hospital itself and through its Social Service Department that would otherwise devolve upon them.

Episcopalians who take pride in the Episcopal Hospital as a factor in denominational charity, we appeal also to you for the full measure of your loyal, liberal and constant support.

CONTRIBUTIONS MAY BE SENT TO George H. Frazier, Treasurer, S. E. Cor. 4th & Chestnut Sts.

The Hospital of the Protestant Episcopal Church in Philadelphia FRONT STREET AND LEHIGH AVENUE

YUDENITCH LOSES JOB; NO ARMY LEFT

Kolchak Dictatorship Fades and Denikine Also Is Hard Pressed by Reds

"MIRACLE" LENINE CRIES

By the Associated Press London, Nov. 25.—General Denikine's army in southern Russia is captured ten towns in three days, according to a wireless dispatch from Moscow.

Soviet troops are entering Ukraine, where they intend to stay. Admiral Kolchak's forces in central Siberia are retreating rapidly, according to the dispatch. The Reds have reached a point eighty-seven miles east of Omsk.

The northwestern Russian army, under General Yudenitch, is broken up and has virtually ceased to exist as a unit, advises from Revel state.

Nikolai Lenine, Bolshevik premier, is jubilant over the victories on three fronts, Moscow reports. In addressing the second all Russian congress of the Mussulman communist organizations of eastern peoples, Lenine said: "Incident attacks by enemies of the revolution have brought about a miracle. We have gained a full victory over Kolchak which will be of historic importance for the peoples of the east."

KILLED DENTIST, HE ADMITS

Prisoner Also Planned to Murder Patriotic Physician

Norwalk, O., Nov. 25.—(By A. P.)—Charles Rehfield today confessed to the murder of Dr. Horace A. Benson, a dentist, according to the police. Rehfield is said to have declared he shot Benson with a dum-dum bullet through a basement window last night.

Rehfield, who was captured six miles from here today by a posse after an all-night search, is said to have admitted he had also planned "to get" Dr. Carl Schaefer, a physician, because he had been prominent with Benson in fighting pro-German propaganda during the war. Rehfield had been interned for some time.

Dum-dum bullets and a rifle were in a basement window last night. The supply there has reached such a low point, the advice said, that food now is being distributed only upon physicians' prescriptions. The fuel supply also was reported low.

PERFECTO—The junior member, 10c straight.

Saliva Saves Teeth. Nature's chemistry is always sensible—and scientific. Tooth decay is the work of bacteria caused by the decomposition of tiny particles of food. Nature provided in saliva a perfect antidote for this condition. Saliva saves teeth and is the only thing that can save them. Some dentifrices are actually dangerous because, being very strongly alkaline, they tend to paralyze the salivary glands and check the flow of saliva, thus defeating Nature's system of tooth protection. MENNEN'S CREAM DENTIFRICE Increases the Flow of Saliva. Mennen's contains a mild fruit acid which stimulates the salivary glands and increases the quantity and quality of saliva for a considerable period after using. Mennen's aids Nature and is in accordance with Nature's chemistry. It cleans teeth wonderfully, breaks down tartar formations and removes tobacco stains. A 20% content of alcohol insures antiseptic action. Mennen's is so concentrated that a half inch or less is all you need to use, so it is truly economical. It costs 35 cents. The Mennen Company Newark, N.J. U.S.A.
