Letter to Post Commanders Shows That Government is Eager to Co-operate

ADVICE ON COMPENSATION

Dr. Fairfax Irwin, district supervisor of the United States Public Health Service, 1512 Walnut street, has addressed to the post commanders of the American Legion in this county a communication urging all former service men to apply for medical relief and fill out application for compensation in accordance with Public Act 326.

When this evidence cannot be had immediately, and the seriousness of the applicant's condition does not warrant delay, he may be admitted and his papers secured as early as possible.

If the applicant has a certificate of discharge without statement of any disability, the officer in charge may consider whether the disability for which he claims treatment is due to a reactivation of a condition for which he had previously received treatment while in the military service, or if the present disability can be reasonably connected with a former injury or disease incurred in the military service.

Must Fill Out Form "All persons discharged from the military forces applying for medical relief under this act shall, when able, and unless they have previously done so, fill out Form No. 526, which is an application for compensation which may be done at this office."
