1,125,000 INCREASE IN BUDGET SOUGHT FOR WORKS OFFICE

Appeal Before Councils' Committee—Would Make Total \$11,000,000

MOST OF CASH IS NEEDED TO PAY MORE TO LABORERS

Bureau Chiefs Under Datesman Say Men Must Have More Pay

Mayor Smith's original budget, asking \$9,777,000.75 for the Department of Public Works, will be increased by the finance committee of Councils today to approximately \$11,000,000, at the demands of Director Datesman and his bureau chiefs are met.

Half of this increase is said to be necessary because of the increased cost of street cleaning, ash removal and garbage collection. The other is asked to provide for the establishment of new positions in the department and increases in wages.

The committee will also consider today the budget for the Mayor's department. Although few changes are expected in the Mayor's budget, it is understood Mayor-elect Moore plans an enlargement of his office and the finance committee will naturally act on his suggestion or his representatives might make.

Ernest L. Tustin, named director of the Department of Public Works by Mayor-elect Moore, is expected to attend the hearing.

File Supplementary Statement
 The Department of Public Works has all \$9,777,000 for this year, and Mayor Smith asked for the same amount in the budget he presented for 1920. A supplementary budget, provided by Director Datesman, provides for the increase.

Highway Chief Asks Money
 In the Bureau of Highways, Chief Datesman asked \$24,840 for increased salaries and \$188,500 to boost his pay of the workmen on the streets.

Try to Settle Alignment Row Over Crow as Chairman—Grundy Is Central Figure

By GEORGE NOX McCAIN

If there is any simple-minded soul who imagines that the inception of the fight against Republican State Chairman Crow was a matter of yesterday or last week, his system of political logic and analysis has been cut on the bias.

Everybody on the inside has known that it was only a matter of time until the explosion occurred and the top was blown off things. For a month past there have been held, at intervals, very quiet and whispered conferences on the subject, which were participated in by every leader of prominence in both ends of the state.

They were confined, he said, to the defense of native ideas. The protection of Italian populations was the duty and indisputable right of Italy.
