

**SCHOOL CONTROVERSY
COMPROMISE IS DENIED**

Board Members Say No Decision
Has Been Reached on Miss
Margaret Maguire

Members of the Board of Education say there is no foundation for the rumor that a "compromise" has been effected between Superintendent John P. Garber and the elementary schools committee, whereby Miss Margaret Maguire will be named head of a proposed bureau of special education, and Dr. Arnold J. Gerson reported associate superintendent to succeed the late Theodore MacDowell.

Dr. Garber today said he would have no objection to the appointment of a woman as associate superintendent. "If we had a woman whose experience fitted her for such a position, I believe," he continued, "that training as a district superintendent is first necessary, and Miss Maguire has not had that."

William Rowen, chairman of the elementary schools committee, said there had been no speculation concerning the appointment of Miss Maguire as head of the proposed new department of supervision over graded and ungraded children. "That department has not been created as yet," he said, "and it cannot be created without the approval of the finance committee and then the Board of Education as a whole. All of that cannot take place before our semi-annual meeting in January. So far as Miss Maguire is concerned I am sure many members of the board believe in her ability, but I cannot say about her appointment."
