Keogh's Failure to Call Six Ball Gives New York Youth 125-119 Win

GREENLEAF PLAYS MATURO

By JAMES S. CAROLAN

For three hours and eighteen minutes brace of bespectacled members of the Order of the Cuc engaged in battle. Fifty-one times the word "safety" almost incoherently was announced.

Fifty-one times the bespectacled heroes refused to take a chance and scatter the apparently helpiess ivories.

In the meantime age and youth were engaged in picking off all the available "cripples." but refused persistently to take the big smash.

There must be an end to all games, and finis rapidly was being written upon this one, which was played at the Parkway Building last night.

With a difficult shot in front of him and the ivories well bunched, Louis D. Kreuter, youth, gazed at his 124 total, blinked as he saw a 116 pasted beneath the name of Jerome Keogh, aged, gave the massed ivories another once over, then called his twenty-fifth "safety."

The Fatal Six

Keogh proceeded to pocket three, had the spheres well scattered and triumph appeared certain.

The fourth ball also, was pocketed.

Keogh proceeded to pocket three, had the spheres well scattered and triumph appeared certain.

The fourth ball also was pocketed.

Referre Peterson in his arctic voice alled "four." and the required five vere in front of the veteran Keogh. The crowd was prepared to depart when Youthful Kreuter interrupted: "Mr. Referee, I protest the last

Mr. Keogh failed to call the Your protest is recognized; the point does not count and the table is yours," replied the ever-frigid, exacting C. C.

Then Youth Kreuter went to the table, snared the required point and the he match was over.

The six hall was the turning point in rec

this marathonic exhibition and meant defeat for Keogh, triumph for Kreuter. **Kreuter's Fourth Straight** This represented the fourth straight triumph for Kreuter. Last Wednesday triumph for Kreuter. Last Wednesday evening Kreuter was in last place, with three defeats out of as many starts. His sensational reversal of form has carried him into fourth place, only a fail game behind Keogh and a complete game in the rear of Allen for second place.

mitted Dumoe to play was the sub-ject of much criticism among the stu-dents and townspeople. Why Penn should come forth and virtually say that Dumoe must be declared a professional for playing in last Saturday's contest is a deep myster. Krenter is playing as strong a game as many in the tournament just now. He plays Fink this afternoon and should

register his fifth straight.

Any kind of a setback for Greenleaf against Maturo tonight, with Krenter's creasing confidence through continued numbh, will make him a dangerous

Muller Gums Works

The going was close for the first fif-teen minutes, and then the Chief gummed the works for Germantown with three field goals in two minutes, all from the side. This boosted the totals from a tie at 11 all to 17-11 in favor of Trenton.

The second half began 19-13 and Germantown cut it down to 20-17 only to fall again by the wayside. Trenton then spurted to 29-21 and once Black entered the fray in the last six minutes, the club played far better and the final count was 31-28.

The visitors amassed nine field goals to six. They went to Muller, 6; Newman, 2; Suils, 1; Holman, 2; Powell, 2; Schmeelk, 1, and Simindinger, 1.

was opposed to Cy Simindinger. The latter had little opportunity to stop the shots, but it was good policy to make a switch, but the change came too late. Itill Black was substituted and he took Schmeelk's position at forward, while Garry dropped back to guard.

HERMAN HINDIN is ambitious. In Many Garry dropped back to guard. Hughie Hutchinson for the position of Too many fouls marred the game and sparring partner for Johnny Kubane.

Too many fouls marred the game and too much time was consumed in the tossing of the one-pointers. More than fifty were inflicted, the majority of those on Germantown being against Holman and Schmeelk, the former for running and the latter for honoing.

Holman again played wonderful ball and his second shot was the feature of the night. His first came in the opening minute of play. He is as fast a player as there is m the Eastern League.

Sparring partner for Johnny Kilbane. "Hughle is a great boy," confided silent Herman, "and I believe he will be a good boy to help the champion. Then you know if Hughle had six months' work under Kilbane, Hughle also would profit."

Hindin thinks that in Hutchinson he has his most promising title hope since Joe Tuber's time. Hutchinson has developed in the last year.

The Verdict - Mild Havana

Longfellow (foil-wrapped) Box of 25-\$3.50

*HE present trend is, obviously, toward cigars of the milder type having full Havana fillers like Robt. Burns. In this connection the rapidly increasing popularity of Robt. Burns is worth a moment's thought.

In achieving mildness, coupled with Havana fragrance, Robt. Burns has steadily upheld the Havana tradition which no true smoker would dispense with willingly.

The natural vigor of his full Havana filler is tempered to just the right degree of fragrant mildness -yet free from excess strength.

Fine hand workmanship goes into Robt. Burns. His leaf is rolled by men who understand how good cigars are made.

Experienced dealers know the futility of offering "just-as-goods" for Robt. Burns. But let your own smoke palate be the judge. Mild Robt. Burns is bound to back up good words with good deeds.

Salon Sedan Show Week of Dec. 8th to 13th

Here is a family car! You may drive it yourself. It is a strictly fivepassenger vehicle with lots of sprawl room in front as well as in the tonneau.

There are so many cars of this same sort which are far more expensive, yet, taking into consideration the good Lexington chassis underneath and the comforts offered in this type of body, why should anybody in America want a nicer car than the Lexington Salon Sedan?

Convenience being one of the prime considerations in closed cars, Lexington has provided two doors on each side.

The upholstering is a rich velour or leather. Where wood shows on the interior it is handsomely grained mahogany. Dome light mouldings and other decorative metals are wrought of satin silver in the Mount Vernon design.
