

ROLLING STOCK

By FANNIE HURST

Madam Millie Moores, modiste, is beside herself with misery because she has seen her husband go out and meet Gert, a dress model in the establishment, which Millie owns and Phonzie manages. Phonzie and Gert are buying a carriage for Phonzie's baby, as a surprise for Millie.

CHAPTER SIX MISS DOBNER clapped her hands in an ecstasy of inspiration. "Good! We'll wheel it home. We can make it by midnight, what you bet?" He turned upon her, but with a ray in his eyes.

"What you say, Phonzie?" "All right, don't answer. Moon all you like for my part." And he fell to whistling as he strode beside her, his eyes on the light-spangled outline of the city.

"Don't wake him, Gert." She was reluctant to withdraw herself. "His little darling lists, so pink and curled up! Little Phonzie darling!"

"What you say, Phonzie?" "All right, don't answer. Moon all you like for my part." And he fell to whistling as he strode beside her, his eyes on the light-spangled outline of the city.

"WOULD YOU"

Worry about the future success of your husband's business if you learned that you had only a year to live? Read how one woman solved this problem.

FANNY HURST The clever writer of the serial story which ends today, is also the author of this new serial. You will find this just as absorbing as White Goods, just as appealing as Rolling Stock, with an added interest of its own.

She showed him aside, the banter she suddenly found her voice. "No, let me." She fell to pushing it silently along.

HENRY WATTERSON'S REMINISCENCES

Two Volumes of Chatty and Informal Essays About Men and Events

Few books of reminiscences contain more interesting matter than Henry Waterson's. He is eighty years old, and for seventy years or more he has been in touch with distinguished men.

He writes of all these things most deftly and they are only a small part of the contents of the book. His story of the Hayes-Tilden election is told with first-hand knowledge.

But in spite of all its merits the book is a disappointment. It was evidently written from week to week as it appeared originally in the Saturday Evening Post.
