You can obtain Crew Levick products easily, quickly and without any hitch

We have been constantly devoted to the solving of lubricating problems for over 57 years.

In all that time it has been constantly brought home to us that the success of any merchandise lies wholly in its ability to serve—and that accessibility is the outstanding factor in the ability of any product to serve.

One of the greatest of all our lubricating problems was the gears and bearings of our own organization.

They are well lubricated, as are all moving parts that rely upon Crew Levick lubrication—but none run more smoothly and evenly than those of the great comprehensive distributing service that makes Crew Levick products so easily and quickly accessible to all users of lubricants and gasoline.

In addition to the list of Crew Levick stations below there are innumerable dealers covering the same territory who have hitched their wagons to Crew Levick quality.

Crew Levick tank and service stations are located in these towns of the eastern district:
