Dartmouth Basketballers Meet Swarthmore Following Defeat, 34 to 29, by Temple

George Zahn will chaperon his Dart month University basketball team to Swarthmore late this afternoon for a game there with the college five of that place. Mr. Zahn, who is a Philadel-phian, is making his first visit here as coach of Dartmouth. He has a mighty hard proposition on his hands this year, as basketball talent at the Big Green

Last night Dartmouth played Temple University and ran second to the local five by a score of 34 to 29. Captain Gillam's foul tossing and the excellent field goal shooting of Gross gave Temple a hard-fought victory. This was the third consecutive de-feat the big green team has suffered on its present tour.

"My present duties with the National here is enough to give me all the action I want, "said "Pon" to-day, However, because the deputy marshal of Baltimore insists that O'Brien continue refereeing in the Orloie City, Frank has decided to spend his Friday nights there. The Dartmouth team scored first blood when Kopf, a brother of Bill Kopf, of the Cincinnati Reds, tossed a goal from the fifteen-foot mark. The big green team could not hold the lead long, as Gillam tossed four foul goals in a row and from the mark. Billy Silverman, president of the Auditorium A. The Dartmouth team was away off form in its passing and time and again the Temple men would take the ball the Temple men would take the away from them.

Johnny Gill, a newcomer here, will make his debut in Philadelphia at the Auditorium next Tuesday night. Matchmaker Williams hus bagked Gill with Len Rowlands.

ANNUAL REPORT IS READ entering into a new agreement with the minor leagues.

Cincinnati, O., Jan. 8 .- August Herrmann, chairman of the National Baseball Commission, recommended that no chairman to succeed him should be elected at the present annual meeting of the commission held here today.

Heermann said that in view of the fact that no definite conclusions in the matter of a chairman have been reached by either of the two leagues or the committees representing them that the election should be deferred until the meeting of the two leagues called for

Herrmann made his recommendation in his annual report, which he read at e meeting. Referring to the fact that a year ago

he advised deferring election of a chair man until the club owners were agreed on the question of a one-man commis-sion or a three-member board, as at present. Herrmann said:

"In the National League one clubowner at least is again advocating the appointment of a one-man commission notwithstanding that a proposition of this kind was decisively defeated by the

None of these matters, however, should cause any prolonged delay. All of them, in my judgment, could be settled at one meeting of all of the interested parties, which, as I have already stated, should be had at as early a date as possible. "In the meantime, if my colleagues are of the opinion that the commission should operate temporarily without a chairman I will be glad to tender my resignation immediately."

## I'll stake my reputation as a tobacco expert on your judgment of this

I alone know and can appreciate fully the vast store of personal experience behind the ADLON cigar-

The years of toil and study, at the cigarmaker's bench and in the experimental laboratory-

The thousands of miles of travel through the tobacco regions of Cuba and America, and to the leaf markets of Europe-

The hundreds of tests of tobacco curing processes and blending methods.

And after all my forty years of intensive, whole-souled devotion to the cigar manufacturer's art, I am convincedI KNOW!—that the ADLON is the greatest cigar value in the market today.

The ADLON is based on the most careful, scientific study and analysis any cigar, at any price, has ever had. The details of its production would fill a book.

One thing, for example: By a process exclusively my own I remove or nullify the extraneous gums found in all tobaccos, that so generally impair the flavor of ordinary cigars.

The ADLON has the full, true tobacco flavor - from the moment you light it until you've drawn from the stub the last possible puff.

A fragrant Havana-filler-andshade - grown - wrapper cigar so wonderfully and mildly blended that it will satisfy the most finicky taste.

Try the ADLON - the Corana shape first. At cigar counters everywhere.
