

WANTS CHRISTIAN UNION AGAINST SIN

John D. Rockefeller, Jr., Urges Co-operation in Fight on "Forces of Evil"

PLAN LAYMEN'S MOVEMENT

Special Dispatch to Evening Public Ledger. Atlantic City, Jan. 9.—Leaders of the Interchurch World Movement to-day said that the enthusiastic espousal of the cause by John D. Rockefeller, Jr., before 1000 delegates to the conference here will do more than any other thing thus far to insure success for the get-together movement.

Mr. Rockefeller gave unqualified endorsement of the Interchurch Movement, which he summarized as having five major points for good: Its value in teaching the benefits of co-operation and exchanging of views; its principle of modern efficiency; its teaching of real economy and elimination of wasteful methods; its securing of the interest of unattached churchmen and its tremendous power through the united sympathy and interest of 15,000,000 American men and women dedicated to its high purpose.

Mr. Rockefeller, speaking of the surveys of the movement at home and abroad, declared that "too long has the church felt that the rule of thumb was sufficiently accurate as a guide and measure in its work."

"These surveys," he said, "are prophetic of a new era in Christian work."

Telling of his conviction that this was the hour for united Christianity, Mr. Rockefeller said that ever since he entered social work ten years ago he has been struck by the fact that the forces of evil "stood in a solid phalanx, united and co-operating for their nefarious purpose." He said that in contrast to this army stood the army of Christ, "small units, fragmentary and unrelated."

The speaker said that he could see only two possibilities for the movement. First, he said, jealousy, suspicion, pettiness and misunderstanding might creep into the movement; "a possibility unthinkable in a movement in which every man and woman is pledged to work under the Great Leader, God, for the advance of righteousness." The second possibility was the great growth of the movement, the possibility which, he said, seemed to be the only logical one.

Dr. D. D. Forsyth, of Philadelphia,

chairman of the Methodist century committee; Dr. C. R. Watson, also of Philadelphia, and Dr. J. Ross Stevenson, of Princeton, were signers of a report adopted today by the Interchurch Movement, approving the first inter-allied evangelistic budget in the history of the Christian church.

It calls for the expenditure of \$200,000,000 during 1920 and of \$1,330,000,000 during five years to carry the Gospel to every corner of America and to foreign fields, to properly finance hospitals and homes, make liberal grants to struggling colleges, fight social and industrial unrest and accord a living wage to both ministers and missionaries.

Chambers of commerce, labor unions and manufacturers' organizations are to be enlisted, Dr. Daniel A. Poling told the conference today, in a great interdenominational laymen's movement to fight corruption in municipal government, exploitation of labor and other evils.

"The men of America, as a result of the cataclysmic changes in Europe, are the last remnants of the Christian church," Doctor Poling said.

It was announced that the first national conference of the laymen's activities department will be held in Pittsburgh January 31.

CLERGYMAN EXONERATED

Jury Finds Him Not Guilty of Immoral Conduct. Providence, R. I., Jan. 9.—(By A. P.)—Rev. Samuel Neal Kent, an Episcopal clergyman formerly at Newport and now rector of a parish at Warwick, Pa., was found not guilty of charges of immoral conduct on the government reservation at Newport by a jury in the United States District Court here last night.

Mr. Kent was placed on trial last Monday morning and for four days counsel for government and defense fought every step of the way. The case was important, counsel for both sides contending, because the character of a minister of the gospel had been attacked.

Mr. Kent was on the witness stand in his own defense.

FORECASTS REVOLT IN U. S.

Speaker Says Rebellion is Likely to Follow Prohibition. Syracuse, N. Y., Jan. 9.—(By A. P.)—Revolution is likely to follow in the wake of prohibition, according to the Rev. Dr. G. Campbell Morgan, pastor of Westminster Chapel, London, now visiting in Syracuse.

"Whenever a great country banishes strong drink it must prepare for a revolution," he declared from the pulpit here. "When a man stops drinking he begins to think. All that has happened in Russia in the revolutionary line has occurred since vodka was abolished. Whenever London goes dry her East End will arise."

SOCIALISTS FIGHT BAN BY ASSEMBLY

Declare They Will Carry Battle for Seats in N. Y. to U. S. Supreme Court

New York, Jan. 9.—(By A. P.)—Rapid development in the plans of Socialist leaders was indicated today in the fight to regain the seats of the five members of the party suspended from the Assembly at Albany. Work was carried on feverishly to prepare the defense to be made before the Assembly judiciary committee at the capitol next Wednesday.

The suspended assemblymen were on the program to speak at a big outdoor mass-meeting here today. Appeals for support are being made in a house-to-house canvass of the city.

At the hearing before the judiciary committee, the Socialists, in addition to denying the charge that the platform of their party is inimical to the best interests of the state of New York, will contend that the action of the Assembly was entirely due to the Lusk committee, which feared important disclosures which the Socialists intended to submit.

At the People's House, which contains New York county headquarters for the Socialist party, the excitement of yesterday continued today. It was reiterated that the fight to save the seats of the suspended assemblymen would be carried to the Supreme Court of the United States if necessary.

A. E. Stevenson, counsel for the joint legislative committee probing seditious activities, today branded as untrue the statement of the five suspended Socialist assemblymen alleging collusion between the committee and a representative of the British Government in the search last June of the Russian soviet bureau.

HIP POCKETS WILL SHRINK

Clothing Designers Act on Disappearance of Mysterious Flasks. New York, Jan. 9.—(By A. P.)—Prohibition will sweep hip pockets in men's trousers into innocuous desuetude, according to a prediction by experts of the International Association of Clothing Designers who issued the following edict today:

"Make them smaller and shallower this season."

Commenting on the attitude of the designers, George W. Hermann, a member of the organization, said: "It is illegal to tote a gun, it's unhandy to carry your handkerchief there and you can't buy anything but wood alcohol to put in your flask. So the pocket, just naturally will shrink away."

MORE PAY FOR PROFESSORS

Princeton Trustees Vote a Second Salary Increase for Faculty Men. Princeton, N. J., Jan. 9.—For the second time in the same scholastic year an increase in the salaries of Princeton professors has been granted. This move was made by the trustees of the college, and is "hot" news to the faculty, in the cost of living which has made it impossible for many instructors in the United States to continue in their chosen profession.

This extra pay is an addition to the \$500 voted to the teaching staff early this fall. It was given in view of the fact that the initial bonus did not apply to members of the faculty this fall, or to those who had an increase last June. The scale, when adopted, will be retroactive, and will date from the beginning of the present academic year.

\$400,000 FIRE IN SCRANTON

Two Large Buildings in Business District Area Burned. Scranton, Pa., Jan. 9.—Two large buildings in the heart of the business section were burned today. The Manhattan Theatre adjoining was threatened, but the firemen saved it.

A double fire wall prevented the blaze from extending to a seven-story building nearby. The loss is \$400,000.

CHINESE APPRECIATE PERSHING'S KINDNESS

Refugees From Mexico Give Him Traveling Case on Leavenworth Reservation

Leavenworth, Kan., Jan. 9.—(By A. P.)—Presentations and receptions were given General Pershing upon his arrival here today to inspect the post and army service schools. A pair of silver spurs was presented on behalf of the public in a reception at the court house. Twenty Chinese refugees from Mexico gave the general a traveling case.

The Chinese had been permitted to colonize on the military reservation here after Pershing obtained permission for 500 of them to accompany the punitive expedition out of Mexico in 1917.

A reception and "hop" were planned in the general's honor by army officers stationed at Leavenworth, Kan. Tonight he will leave for Kansas City. He spent yesterday in Omaha.

NEAR-BEERS NEED LICENSE

Brooks Law Applies to Them, Attorney General Schaffer Rules. Harrisburg, Jan. 9.—(By A. P.)—Acts of Congress relative to the sale of liquors have not superseded the Brooks high license law in Pennsylvania so far as beverages containing less than one-half of 1 per cent of alcohol are concerned and a license is required to sell beverages containing alcohol, according to a ruling given today by Director of Foods, James Foust by Attorney General William L. Schaffer.

Mr. Schaffer says he is of the opinion that the words "concurrent power" in the eighteenth amendment are intended to authorize either the state or the federal government to carry the amendment into effect, and if the state imposes severer restrictions than those imposed by Congress the state laws may, within the confines of the state, be enforced.

RAIL CONFEREES AGREE

Favor Returns to Roads Six Months After End of U. S. Control. Washington, Jan. 9.—(By A. P.)—Continuation of the standard return to railroads for a period of six months after the termination of federal control was agreed upon today by Senate and House conferees on railroad legislation.

In fixing this date the conferees accepted the Esch bill provision. The Cummins bill would have limited the time to four months.

The memorial adopted by the National Shippers' Conference opposing provisions of pending railroad bills, was presented to Chairman Cummins and Esch, of the Senate and House Interstate Commerce committee, today by Clifford Thorne, of Chicago.

Mr. Thorne said shippers opposed creation of a transportation board; permanent guaranty of a definite percentage of return as prescribed in the Cummins bill; government appropriation of surplus earnings; compulsory consolidation of roads and pooling of earnings of the carriers.

Shippers, he said, favored retention of unimpaired authority of the state over rates and service applicable to state traffic; legislation that would prevent a nation-wide tie-up and quick return of the roads to private control.

Author of "Young Visitors" Weds. London, Jan. 9.—(By A. P.)—Miss Daisy Ashford, author of "The Young Visitors," a book written during her childhood, which has attracted much interest during the last few months, was married at Chelsea yesterday to James Devlin, with whom she was acquainted in national work during the war.
