Giornali ed nomini di stato riflutano di commentare la presente politica americana, nel far rimanere assenti rappresentanti degli Stato Uniti dalle couversazioni in Londra e Parigi. Nei circoli semi-ufficiali, bene informati, si esprime liberamente la fiducia che gli Stati Uniti non si interporranno in qualsiasi decisione che sara' raggiunto sulla questione Adriatica, nella presente e conferenza.

WHEN you stand opposite the PEERLESS you will see a car looking like many other cars you have looked at before.

YET-Beneath the conventionalized color and form and shape there exist remarkable differences-the real things you want to buy.

To tell you that the PEERLESS operates with a superlative degree of reliability, runs at a maximum of economy, depreciates very slowly, 11 is simply to make a statement that costs nothing but words.

To show you is a different matter. The proof constitutes the acid test.

EXPERIENCE neither delicacy nor hesitation in doing so; remember cross-examination is self-invited; we want to know what you want to know; we want to show what you want to know-we want to demonstrate the name "PEERLESS" by the practical process of evidence.

France the premier is not a member of either the Senate or the Chamber of Deputies. This was a result of M Clemenceau's refusal to be a candidate in the Var constituency, Rene Renoul the the var constituency, the Kene Kene is being elected to the premier's seat in the senate. M. Why is PEERLESS an absolutely reliable car? How does PEERLESS operate so economically? Why does PEERLESS depreciate so slowly?

The REASONS are in and on the machine-beneath the varnish and paint and upholstery-reasons it would take a tiresome amount of words to explain in print, but can be shown clearly by personal demonstration, well inside an interesting and educational half hour.

Cars are not sold by advertising, but by word-of-mouth recommendation. We consider each PEERLESS demonstration a potential endorsement of the car thereafter to a circle of friends; the little time we give brings us infinitely valuable prestige. Experience no hesitation, therefore, in taking that time. The obligation is entirely on our side, and you will be neither pressed nor asked to buy.

IF, however, you contemplate purchase, and wish comparison un practical conditions of operation, it will be our pleasure to give you a second and final demonstration in the form of a pleasant hour's ride in the car, during which we will demonstrate starting, running, hill-climbing and racing-feats that will cause you to realize the WHY of the name
