There is a new "indoor sport" of men to get out. And the woman in the aisle pushed in and took her place. Then she looked about her in astoning lengthwise of the car. The rules are unwritten; in fact, the game itself is not a recognized one, but it must be a game. There is no other name to give it.

The object is to fool the greatest possible number of riders about the number of empty seats in the car. I saw the game played this morning. A woman got on the car, finding it crowded, with a double line of mey standing in the aisle. They were talking Big Rusiness in flowing terms, as men do in trolley cars in the morning, as they swayed and swung on the straps. "How nice of them!" the woman thought. "They have given all the seats in the car to women." For there was not a woman standing up.

Just one small word—QUALITY

We say to you in all sincerity, voicing at the same time the testimony of hundreds of thousands of hard to please coffee drinkers, that "Asco" Blend is the most satisfying cup that ever passed your lips.

That rich, smooth, delightful flavor and pleasing aroma, coupled with its full, heavy body, is the reason why it is the almost universal coffee.
