Out of this conference at Paris, if it should make a mistake, may come a catastrophe as terrible as that of the great war itself. It may err, either by failing to arrive at peace with Russia—if Leuine will still accept peace—or, having decided upon war, by failing to make it on a scale big enough to insure victory.

Any course between peace and the smashing of Leuine will be suicidal. Turkey is First Danger Point

Dispatches from London indicate that Turkey is the first danger point. The Bolshevik occupation of Trans-caspasia creates the probability of the passing of the Caucasus, and a juncwas finily in the hands of the Red forces. How to Guarantee Spring Delivery of Hudson and Essex Open Models

No Large Money Outlay Required. Make Your Choice Now. We Will Store It For You and Insure You Against Disappointment

In the light of the year just closed, it is not conjecture to assert that a shortage of Hudson and Essex cars is sure to recur this Spring.

More than 22,000 Essex cars were sold in the past twelve months. The factory capacity was increased time after time. Beginning with a daily production of 30 cars, it reached 125 cars daily.

Yet we were never able to overtake advance orders.

A similar condition was true with respect to Hudson.

You remember how scores waited in vain for delivery. Perhaps you were among those disappointed.

Practically our entire quota of both Hudson and Essex cars were sold weeks ahead. Few were able to get delivery who had not placed their orders ahead.

Settle the Delivery Worry Now

This year we have arranged a special plan to guarantee you delivery, during the acute spring rush of orders.

It will require no large outlay of money.

You can place your order now. We will have your car ready for you on the day you want it.

Thus you dispose of all concern about getting your Hudson or Essex when you want it. It will be a source of satisfaction to know you are insured against having to accept some less wanted car, when the season for open types crowds the market with more buyers than we can supply.

If your preference is for a light car what choice equals the Essex?

It represents a new, unexpected value. It brings to the light car field such quality and fine performance as was hitherto found only among large costly cars.

Note the Quality of the Essex

If speed is your requirement see if the Essex does not meet it. Where luxury and finish are demanded compare the Essex with any car.

It is needless to speak of the Hudson. All know what it has done. Its records, which prove supremacy throughout the range of performance, are confirmed by the satisfaction that more than 80,000 owners know in their Super-Sixes.

The supply of Hudsons and of Essex has never been sufficient for the demand.

You can only insure yourself against disappointment in getting either of these popular cars, by placing your order under the convenient plan we have set forth
