Sweeten ! have been accepted from buyers of new Franklins, who have asked us to take their old machines in trade. We do this only after a most careful exam-

ination to determine what the car is actually worth, and what repairs will be necessary, before we can resell it. The price which we put on a used car is absolutely the lowest we will accept-based on the amount we allowed the former owner for it, plus the cost of actual repairs we have made.
