MOORE PLANS TO USE HOLLAND REFUSES

Contractor-Politicians Know No Other Tactics, Say Independents—Order to 'Slay and Spare Not.' Battle Won't End in Primaries

RUTHLESS METHODS

By GEORGE/NOX McCAIN

The outstanding feature in the local political situation is not the fact that there is to be a bitter factional fight. All that has been discounted. It has been a matter of common knowledge for months. It is no sudden revelation that Sheriff Ransley is to be opposed in the Third Congressional district.

The big feature is that the Vares and their followers, with a total lack of foresight and the bitterness of defeat rankling in their hearts, will persist in waging a war that will cost them four years of exile from the political feeding crib and, besides, will cost them tens of thousands of dollars.

The big feature is that the Vares and their followers, with a total lack of foresight and the bitterness of defeat rankling in their hearts, will persist in waging a war that will cost them four years of exile from the political feeding crib and, besides, will cost them tens of thousands of dollars.

The Vares propose to fight the new reform Republican organization to the last ditch. The declaration of Senator Dave Martin makes this apparent. But of thousands of dollars.

The entire force of the Moore organization will now be used to crush the opposition. The fact might as well be known. It is apparent to the Mayor that nothing can succeed in this fight but ruthless rolltical methods. The Varc organization knows no other method of fighting. It has thrown strategy, diplomacy and conciliation to the winds.

The word has now gone forth to "slay and spare not." David Martin is a political derelict without patronage. The number of officeholders in his ward "There is only one thing to do now, and that is to clean the old machine out root and branch. It will have to be done sooner or later.
