

NEWBERRY'S TRIAL IN U.S. COURT BEGUN

Michigan Senator and 123 Others Arraigned on Election Fraud Charges

BASED ON 1918 CAMPAIGN

Grand Rapids, Mich., Jan. 27.—United States Senator Truman H. Newberry and 123 men prominent in Michigan politics went on trial in the Federal District Court here today, charged with conspiracy, fraud and corruption in the 1918 senatorial election. The importance of the issue involved, the prominence of most of the defendants and the imposing array of legal talent presaged one of the most notable cases in the legal annals of the state.

Of the 135 men indicted by the federal grand jury last November, nine have entered pleas of nolo contendere, the case of one has been continued owing to illness, and another, upon whom service has not been obtained, was said to be in South America. Twenty-three pleaded guilty and 101 stood mute when arraigned.

The government's case is in charge of Frank C. Daley, former United States district attorney at Indianapolis, who prosecuted the Terre Haute election cases. Martin W. Little, who last week withdrew as counsel for the New York assembly committee trying the five suspended Socialist assemblymen, headed the legal forces on the defense, which are said to number about fifty.

Aside from the defendants, the 135 veniremen, attorneys, court attendants and nine newspapermen, few were able to gain admittance to the opening sessions of the trial, and the little courtroom of Judge C. W. Sessions had to be rearranged to seat these.

Wide Range of Indictments

The indicted men include every member of the committee that conducted the Newberry campaign and state, county and municipal officials in virtually every county from Lake Superior to the Ohio border.

The indictments charge violation of both federal and state laws by use of money and violation of the federal corrupt practices act. Use of the mails to defraud all the people of Michigan is further charged against the campaign committee. More than \$100,000 of the contributed fund, it is charged, was converted to the personal use of some of the campaign managers.

James V. Helme, former state dairy and food commissioner, who opposed Henry Ford for the Democratic nomination in the senatorial primary, the indictment alleges, was compensated by the Newberry organization for making the primary race. The alleged purpose was to prevent Democratic voters from "lining up" with Ford in the Republican primary.

Attached to the indictments is a list of more than two score "overt acts." These contain charges that a number of those indicted had given rewards ranging from promise of a "good job" to payments of sums ranging from \$5 to \$2750 in return for support in the Newberry campaign. One country editor is alleged to have received a ton of print paper.

the men who directed the campaign work in 1918 appeared before Judge Sessions December 8 and on the advice of counsel stood mute. The right to raise technical questions, it was stated, would have been sacrificed by plea of not guilty. Senator Newberry and each of the thirteen men who appeared with him were held in bonds of \$10,000 and \$5000 on the first and second indictments, respectively.

The maximum penalty for the offenses charged is a fine of \$10,000 and two years' imprisonment. The possible duration of the trial was variously estimated at from four weeks to two months. Both the government and the defense were expected to call several hundred witnesses.

WEDS RUSSIAN PRINCESS

American Mission Member Takes Bride in Caucasus

New York, Jan. 27.—(By A. P.)—The marriage of Norman Whitehouse, son of Mrs. Fitzhugh Whitehouse, of Newport, I. I., to Princess Tamara Bagration Mouskhransky, of Russia, was announced here today.

Last February Whitehouse was sent on a mission to the Caucasus by the American peace delegation. On December 28 he was married at Tiflis. His bride and her sister, Princess Ratiel, before the revolution were two of the largest land owners in the Caucasus, having about 24,000 acres. Their father died before the war and their uncle, a general, was murdered by the Bolsheviks.

Mr. and Mrs. Whitehouse now are in Paris.

RADICAL SOCIALIST BOOK URGES FORCE

Seizure of Industries Advocated in Pamphlet Read at Assembly Hearing

WRITER OUTLINES TASK

By the Associated Press
Albany, N. Y., Jan. 27.—Proponents of "the dictatorship of the proletariat" hold that the first step must be seizure of the government by any means possible and the taking over of industry by force, according to a pamphlet read today at the trial before the Assembly judiciary committee of the five suspended Socialist assemblymen charged with disloyalty.

The pamphlet, written by "Hall Rogoff" and published by the Jewish Socialist Federation of New York, was translated from the Hebrew by Charles M. Robinson, a Department of Justice operative serving the joint legislative committee investigating radicalism, who was recalled to the stand today.

Purporting to give views of both proponents and opponents, the pamphlet asserted the former held preparation must be made for "revolution" and "class dictatorship." Upon the seizure of the industries, they would run by workingmen's soviets, according to the program.

The dictatorship was said to be necessarily a temporary phase in the transition from a capitalist to a socialist form of government.

"Socialists," the book set forth "seek to enter into the government for two reasons, first, to be nearer the doors of government councils, and second, to hinder this character of work in any way possible. The first is the more important as it gives the Socialist a chance to see into the strategy of the government, thereby enabling him to carry out his propaganda better. It is true that not always is this aim reached. The bourgeois atmosphere which he breathes gradually infects him and he begins to make compromise."

The pamphlet defined socialism as "a Red movement, with blood in its veins," asserting that "in America we have had only the echo of what happened in Europe"; the stage here was still one of "theoretical discussion," the book said, and there was "danger the housecleaning will not be as thorough among us as it should be."

ARMENIAN MANDATE MAY GO TO HOLLAND

Dutch Will Get Responsibility if U. S. Refuses, Paris Reports

Paris, Jan. 27.—(By A. P.)—In case the United States refuses to accept a mandate for Armenia it may be given to Holland, according to a dispatch from the Hague to the Matin, quoting rumors in that city.

Washington, Jan. 27.—(By A. P.)—The United States has reached no definite conclusion as to the recognition of the republic of Armenia, it was stated authoritatively last night.

The relations of the United States toward the Armenian state treaty have been under consideration by this government, it was added, but never has a decision been made to accord recognition to the proposed state, as a Paris

dispatch quoted Hugh C. Wallace, United States ambassador to France, as having announced to the council of ambassadors. Recognition of a state, the boundaries of which have not been defined finally, would be unusual, it also was said.

ARMY BILL UP NEXT WEEK

Senate Will Act on Compulsory Training Measure

Washington, Jan. 27.—(By A. P.)—Although Chairman Wadsworth announced he probably would report the measure today it was not believed the new army reorganization bill, ordered favorably reported yesterday by the Senate military committee, would be called up in the Senate before next week. The bill, designed to create a permanent military policy, provides for compulsory military training for boys between the ages of eighteen and twenty-one inclusive, this provision having been included by a nine to five vote of the committee last yesterday.

The bill as finally agreed upon, its sponsors claim, will cut in half the annual expenditures for the military establishment. It is radically different from the reorganization bill submitted by the War Department, but is virtually in the same form reported from the subcommittee.

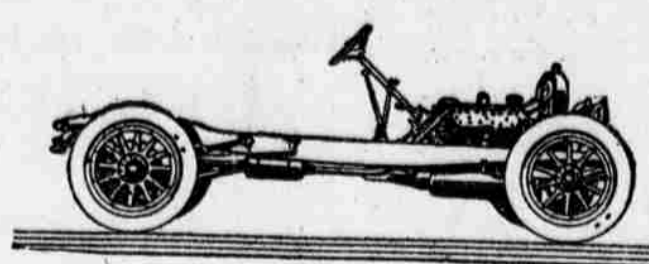

Beside the compulsory training feature it provides for the establishment of one army to be divided into a citizen army composed of men who have received the compulsory training, a standing army consisting of 250,000 enlisted men and 18,000 officers, and the National Guard. Specific provision prohibits the citizen army being called to the colors except in case of war.

Early Morning Fire in Box Car

Fire in a box car at Sixty-first street and Eastwick avenue called out firemen at 4:30 o'clock this morning. Firemen drawing the fire apparatus slipped frequently on the ice-glazed streets, but the firemen arrived in time to save the car, which was on the private siding of the H. A. May Foundry Co. The car was loaded with sand used for moulding purposes. It is believed a spark from a watchman's bouffe caused the blaze.

Welcome Transfiguration Rectory

Members of the men's club of the Protestant Episcopal Church of the Transfiguration, at Thirty-fourth street and Woodland avenue, last night, tendered a reception to the Rev. Clarence Ernest Ball, rector of the church. More than fifty men were present to welcome the new rector, who was assigned to the church about two months ago.
