

MAY LET EX-KAISER KEEP HIS 83 VILLAS

Bill in Prussian Diet Bitterly Condemned by Berlin Socialist Newspaper

By the Associated Press Berlin, Feb. 4.—Efforts to keep intact the fortune of former Emperor William are condemned in a long editorial printed by Vorwarts, the Socialist organ of Berlin. The newspaper says this movement is in behalf of a man who ruined Germany.

The bill now before the Prussian Diet represents a masterpiece of old Prussian efficiency, says the editorial. "For the financial status of Count Hohenhausen is placed on the basis of his right to property, while nothing is said as to his guilt or the political situation. It is perhaps well to remember that the national constitution gives the government the right to seize private fortunes."

Details are given by the newspaper, which says the bill declares the royal house will give "in the interest of the general welfare" certain possessions, such as real estate, works of art and valuable articles, but provides the former emperor must be paid 100,000,000 marks in compensation.

Especially bitter is the newspaper's comment when it says the Hohenzollerns will retain eighty-three villas and real estate plots, houses in Berlin, Potsdam, Kiel and Ploen and castles and forests throughout the country.

Added to these estates the royal fortune comprises properties in trust and strong box funds.

This list, the newspaper asserts, totaled 175,000,000 marks, and includes good industrial mortgages and obligations, "and very few war bonds."

Crown insignia "which are not valuable," it is declared, are given to the state, but the jewels will remain the property of Count Hohenhausen.

Paragraph two of the bill gives the state certain private royal estates, but, says the article, "they consist of a half dozen ruins, one having two rooms and a kitchen and another a mere rundown shooting lodge."

London, Feb. 4.—(By A. P.)—A dispatch to the Exchange Telegraph Co. from Constantinople today says: "The Young Turks Red army will in the near future reach Constantinople to throw out the Turkish enemies. The Turkish Bolsheviki announce that a holy war against Great Britain will be undertaken in the spring."

Washington, Feb. 4.—(By A. P.)—Danger of an attack on Constantinople by the Young Turks Red army, as reported in dispatches today from London, is not regarded as serious by army officers here. The Red army is supposed to refer to the nationalist army, which is virtually entirely dependent on the orders of Mustafa Kemal. Its exact strength is not known here.

About a month ago the nationalist army succeeded in advancing as far as Akhna Karahissar, where connection was made with the Young Turks at Aiden. Attacks were made on the British and Armenians at the same time, but the movement apparently was halted. There are British and French troops in the vicinity of Constantinople, and Greek forces are in Smyrna.

SELECTION OF KING DIVIDES HUNGARIANS

Some Seek Scion of Powerful Foreign Dynasty—Others Want Joseph

Budapest, Feb. 4.—(By A. P.)—The royalist party in Hungary is divided into two groups. One demands a national king—if possible, a Hungarian. This group is willing to accept Archduke Joseph. The other group is working to invite a member of some powerful dynasty, so that he might bring with him the economic and political aid of his country. There is again much talk about Prince Arthur of Connaught.

eration by the United States Congress of a law authorizing a loan to Austria has caused immense satisfaction and raised hopes in Vienna. Doctor Reusch, Austrian finance minister, said to the Associated Press last night. "What Americans have done already for Austria," he said, "will become part of Austrian history. The rising generation will grow up in the knowledge that it has been saved by American relief."

THE FRANKLIN CAR

Winter Does Not Affect Its Growth in Sales Because Winter Never Affects Its Usefulness

WHEN a car can be used unrestrictedly the year round, the season at which it is bought is immaterial. Motorists are showing that they realize this, by keeping the sales of the Franklin Touring Car steadily on the increase even during the cold months.

ably. That's why you will find that Franklin owners habitually take longer trips in a day than others, and accomplish them with ease and safety.

Freedom From Trouble and Its Costs Franklin direct air cooling (no water to boil or freeze) is an important factor in this uniform popularity. Franklin direct air cooling is useful in summer, doing away with overheating, and in winter its advantages are even more valuable. It does away with many common winter annoyances—the usual starting troubles, draining and refilling, expensive anti-freeze mixtures, leaky radiators and pipes.

Tire Reliability and General Economy And blowouts and punctures are so rare that most Franklin owners do not bother to carry spare tires. Actual records show that the average is only three punctures in the life of a complete set, with blowouts almost unknown. Economy in every other respect, too, is certified by the familiar Franklin figures: 20 miles to the gallon of gasoline 12,500 miles to the set of tires 50% slower yearly depreciation

Under all conditions of roads or weather, the light and flexible Franklin handles readily and rides comfortably.

No car is so peculiarly fitted for all-year service as the Franklin. Its sales show this. They are increasing faster than those of any other fine car.

Some Recent Franklin Road Records New York to Boston and return (458.8 miles) in 12 hours, 5 minutes— Indianapolis to Syracuse and beyond (832.6 miles) in 22 1/2 hours— Cincinnati to Cleveland and return (553 miles) in 15 hours, 45 minutes— Boston to Syracuse and return (693 miles) in 24 hours, 20 minutes, with a woman driving— New York to Montreal (398 miles) in 9 hours, 59 minutes— Waterloo, Iowa, non-stop, dirt road record (865.4 miles) in 24 hours.
