The beauty of this polish is that it lasts so long. I have known myself to rub some on my nails and have them retain their polish for two or three days. It is a dry paste, very easily applied, and one jar lasts forever and a day. The price is fifty cents. price is fifty cents.

Of all the Old-World stones for neck laces, pendants and rings, I think that cool green jade is the lovellest. Not only cool green jade is the lovellest. Not only does it make such effective jeweiry, but it brings out all the whiteness and softness of a well-shaped hand or rounded neck. And of all the jade settings I have ever seen I think the pendants I saw today are the most exquisite. They are set with real Chinese jade, these pendants, mounted in gold. One has a tassel of baroque pearls. Another is encrusted with a queer gold Chinese insignia. The pendants have all been repriced because the shop is about to be moved. Prices begin around \$15.

Dear Cynthia—R. F. K., you are blind I must say: surely that girl you speak of can't love you as she says. If she wants you to furnish a home, she should help you in all the ways she can. Stop buying her caudy and don't take her to dances and shows so often. I know, as I have a friend who married one of those girls. Look to your own other washable collars and cuffs with one of those girls. Look to your own judgment and don't marry her.
