Joseph F. Guffey Says Petroleum Concern Fosters Intervention Propaganda

### **OBEYS LAW, 1S UNMOLESTED**

By the Associated Press By the Associated Press Mexico City, Feb. 5.—Ninety per cent of the "interventionist propa-ganda" carried on in the United States is the "work of the American Associa-tion of Petroleum producers." deelared Joseph F. Guffer, president of the Agwin Oil Co., in a statement issued here. He said that the association hid boycotted his company and had tried valuity to get the State Department to refuse to per-mit him to charter United States ship-ping board tankers. Mr. Guffer associated he had conferred

Mr. Guffey asserted he had conferred with President Carranza and Luis Cabrera, secretary of the Treasury, and would leave in a few days for New York "to start a campaign favoring com-pliance on the part of American oil men to Mexican oil laws." Companies which he controlled, he said, had slways obeyed Mexican laws, paid taxes and never protested to the American State Department. As a re-sult, he asserted, they had never been interfered with by the Mexican Govern-ment.
