## TREATY BACK IN SENATE

Reported by Foreign Relations Committee With G. O. P. Reservations

mittee With G. O. P. Reservations Washington, Feb. 10.-(By A. P.)-The peace treaty, referred to the Senate foreign relations Committee yesterday to technically rid it of cloture, was re-ported back today by the committee without debate and without a record yote. Republican and Democratic lead-ers agreed, however, not to take it up in the Senate until next week. The committee's action was entirely perfunctory, the Senate having given in-structions that the treaty be reported out immediately together with the Re-

mit immediately together with the Re-multican reservations adopted at the session of Congress.

The parlimentary result is to bring the treaty and the reservations again into a status where amendments to either can be offered and discussed with-out any limitation on debate.
