Saving Coal for **Nelson Valves**

NELSON Valves are favorably known throughout the Nation. Famous, too, is the Automatic Fuel-Saver with its record for efficiency and economy.

The Nelson Valve Company recently conducted a onemonth test of the Automatic Fuel-Saver. This valuable system that always supplies the right amount of air-to the fuel bed, showed these results:

"A saving of 10% in our coal bill. Furthermore, on account of the balanced condition of the draft, we are able to maintain a uniform pressure chart throughout the entire working period. Results are so satisfactory that we wished to write you about it.

We will gladly send you upon request an interesting booklet that gives further advantages of the Automatic Fuel-Saver. Write us now.
