# **REGULARS AND YANS RESUME PLAYING FOR** LAKE CHARLES TITLE

After Two Weeks of Hard Work Athletics Deserved Vacation Yesterday-Scott Perry, Who Is a Great Fisherman, Makes 1920 Debut in Game Today

> By ROBERT W. MAXWELL. Sports Editor Evening Public Ledger Copyright, 1920, by Public Ledger Co

Lake Charles La., March 6.

EVERYTHING is set for a ball game at the Athletics' field this afternoon. The regulars and the Yanigans will engage in another deadly duel for the championship of Lake Charles, and this means an awful lot in these parts.

Yesterday there was no game for two very good reasons. First, the weather was entirely too cold, and second, no game had been scheduled. If there were any other reasons Connie kept them to bimself, which means he maintained a discreet silence.

"Still, we should worry about cold weather," said the shlvering schemer with a smile. "The boys have been working pretty hard for nearly two weeks and it is time to give them a vacation. Their arms are getting sore and yesterday's layoff will do them good. We have many exhibition games scheduled and the loss of one or two now means nothing."

The noble athletes were out at the ball park bright and early in the morning, going through exercises characteristic of all training camps. They tossed the ball around, played in the bunting game, ran around the park and did everything which would get the soreness out of their muscles.

. . . **A**FTER an hour and a half Connie chased them in, thus saving them for the afternoon workout.

### Running Around Bases Is No Fun

A FTER lunch the cold northern winds died down and the weather became alightly warmer. This meant more hard work and the boys had a strenuous time of it. All of the pitchers were out warming up, keeping the four catchers on the jump. Then there was batting practice with Gibson, Pierson, Bigbee and Grevell performing on the mound.

After this Connie ordered his hired hands to practice bunting, and this took up most of the afternoou. All the batter has to do in this game is bunt the ball and then run around the bases. By the time he has recovered from the ill effects of the personally conducted tour it is his turn to bat again, and the same stunt must be done all over again.

This is one of Connie's favorite exercises at this time of the year, and it A'S PASTIME IN certainly gets the players in condition. Seven or eight trips around the bases are enough to get any man in shape, if he can stand the strain,

4 4 4 THE regulars tried it first and then staggered on the diamond to give the Yanigans a chance.

### Scott Perry Starts Season on the Slab

SCOTT PERRY will make his 1020 debut in today's game. He has been work- Regulars Engage Yanigans Three League Matches, ing hard and is in shape to last the required three innings. Naylor, Kinney. While North Wind Chills Spec-Hasty, Eckhart and Rommel also will have a chance to perform.

Perry was to have been saved for the battle on Sunday, but after he had expressed a desire to go fishing for sunfish and other denizens of the fresh-water deep, Connie told him to do his little act on the mound today. Scott is a great GREVELL AND KEEFE START fisherman and will admit it under close questioning. He says he will discard his fast one and use nothing but hooks.

Next week will be a busy one for the players. They will practice on Mon-1 day, but Tuesday will play the Texaco stars for the championship of Texaco, or wherever they come from. The same team will be met on Wednesday, and the patives here say the big leaguers will meet with stiff opposition. Texaco has cleaned up everything in these parts, they say, and the players do not fear our A's.

**A**<sup>FTER</sup> this the regulars and scrubs will put on their daily stant for the remainder of the week. Then the squad will be divided into two teams and the real work will begin

Corps, O what would it do for me? You'd learn "to range this wide world o'er" knows something of wireless telegraphy and mechanics. In fact, when he comes out of the Marine Corps there are all sorts of big-paying civilian jobs

By sky and by earth and sea-To be at home in lands that lie Where the East and West Worlds meet;

To front the best man, eye to eye, And stand on your own two feet.

O Corporal, tell me, straight, what

kind of a man the Marine Corps makes?

Marines are encouraged to go in for boxing, football, baseball and swimming. Competent coaches and The sort of chap you're glad to find At your side when a rough house breaks— The sort of a chap who can crack trainers are provided and every fa-

cility for a man to indulge in the form of sport that most appeals to a joke And laugh when the sky looks

black, The kind who'll share his last lone

smoke or give you the shirt off his back.

back. Have you ever seen a Marine swinging by, and envied him his carefree air, the breadth of the shoulders and the depth of the chest under his well-fitting uni-form? Is it any wonder the girls have a soft spot in their hearts for these "soldiers of the sea"?

That Marine didn't just happen to be the husky lad he in. He is merely a walking example of what the Marine Corps can do for the ordinarily healthy man. Maywhen he came into the service he was a little stop shouldered, didn't have much "pep." Maybe he was working at a job he didn't care for, didn't have anybody to "pal around with."

The Marine Corps is a body of men, carefully trained to use both hands, both feet and their heads. They are the sort of men who can take Vera Cruz or form a guard of honor for the Prince of Wales, and do both jobs shipshape. They are blood brothers to the French Foreign Legion, the French For-eign Legion, the Pennsylvania State Constabulary, the Canadian Mounted Folice and the Texas Rangers. They are princes of good fellows, and they're wildcats when they're riled.

Good Fellowship of the Corps A life of travel, adventure and outdoor work would naturally at-tract the man who has the makings of a "good fellow" in him. And nowhere do you find more "good fellows" than in the Marine Corps. If ever you have seen a bunch of Marines in their off hours in barracks, or out for a time in any of our large cities, or sightseeing in foreign ports, there is no need to tell you anything about that side of a Marine's exist-

him.

No man does his best work un-

No man does his best work un-less he likes his job. And no man can do good work without plenty of recreation. It is upon these two principles that Marine Corps

training is based. The Marine must be something of a sailor and everything of a sol-

dier. So he is always learning something new and intensely in-

teresting. In addition to taking on quite a bit of seamanship, he learns to hike like an infantryman.

ride like a cavalryman and handle guns like an artilleryman. He

that are waiting for a man who can do so many different kinds of things and do them well.

To keep a man fit there is noth-

ing like athletic sports, and all

ence. And as for his chances of secing the world-there is hardly a country on earth where Marines are not stationed at present. They are in Halti and the Philippines. They are in London, Faris and in China. No big warship sets sail for for-

cign ports without a detachment of Marines aboard. Any healthy young man whe would like to learn a well-paying trade, and at the same time build himself up physically and see the world, should investigate the U.S. Marine Corps. Don't hesitate to call at the Marine Recruiting Office. You will not be urged to en-list, but you WILL be told THE TRUTH about the service. Send for booklet.
