A FOUR-YEAR PROGRAM FOR PHILADELPHIA
Things on which the people expect the new administration to concentrate its attention:
The Delaware river bridge.
A drydock big enough to accommodate the largest ships.

MEET MR. RANSLEY!
Factional expediency rather than an intelligent concern for the interests of the community seems to be dictating the choice of candidates for Mr. Moore's seat in Congress.

GOOD VS. BAD MANNERS
The difference between the new Lodge reservation to Article X of the League of Nations covenant and the old reservation is the difference between good manners and insolent obstinacy.

SEVEN MILES UP
OBSERVATIONS made by Mayor Schroeder on an altitude of almost seven miles above Dayton, O., during the winter months, indicate the city is tempted by many would-be industrialists to travel about 450 miles an hour in machines of the type now in use.

COAL
PRESIDENT WILSON asked for a unanimous decision in the coal-strike commission which has just reported its inability to agree.

BRITISH LABOR SANITY
THOSE nervous persons who have been expecting a revolution by force in Great Britain will read with relief the report that the Trade Union Congress by a vote of 3,732,000 to 1,015,000 has decided in favor of seeking their ends by political action rather than by a general strike.

SPREADING OF WRECKERS
IT WAS Lord Curzon who did most to provide a new security for the Turk in Europe, and it was Lord Curzon who engineered the recent commercial absorption of Persia by the British empire in a serene manner while the Paris conference talked of the evils of territorial aggrandizement.

PROVIDING THE IDEAS
Ever and anon the idea occurs that Mr. Hoover might make a platform to suit him in either party if he got busy hunting delegates who reflected his views.

would suffer in some quarters. But the country would benefit.

MUST ALL TRANSIT RELIEF AWAIT THE MAJOR CURE?

Minor Remedies—as, for instance, Relocating the City Hall Square Tracks—Would Help Appreciably in a Crisis

IT can never be said that Philadelphia is untroubled with the seriousness of its transit problem.

The Mayor of three administrations has repeatedly emphasized the magnitude of the transit problem.

Some months ago a highly sensible suggestion was made to the effect that the tracks around the City Hall be relocated as a means of easing the traffic jam.

THE repeal of the daylight-saving law by Congress was in the nature of a disaster for all people who live in cities.

HOW DOES IT STRIKE YOU?

Bolshevism a Bogy That Britain Passed on to Us—How the President Wiped Out Debt We Owe to Lafayette

In ways other than Mr. Wilson conceived does Russia furnish "the acid test" of the success of the present conversation of "good Americans" in cars, hotels and in their homes.

AS LONG AS it took to write that, send it to England and get it back here printed in the London Nation, it was true.

THE lesson of the Russian experience is that the world cannot afford the luxury of such feuds and hatreds as the war has left.

Nancy Wynne Talks of the Meeting at Mr. Yarnall's on Monday—Other Bits of News

I AM deeply interested in the movement among the married men and women who have children of the school age to arrange for more simple entertainments in the coming years.

THE parties for the school set and younger children have been so elaborate that girls have had absolutely nothing to look forward to when they are to come out.

Weekly Comment on Things Musical in Discriminating Philadelphia

THE trouble in the Boston Symphony Orchestra, which culminated last week in the dismissal of the conductor, Frederick Fradkin, has been of long standing.

THE lack of the rigid discipline necessary to a great orchestra has been apparent to an ordinarily keen musical observer ever since the directorship of the organization changed.

WHAT the effect will be of the dismissal of a concertmaster of a great orchestra in mid-season remains to be seen.

THE flower of the French school of string playing is a new concerto for piano and orchestra by a Russian and three numbers by Wagner made up the program of the Philadelphia Orchestra.
