# "FALL IN LOVE WITH LIFE AND STREET CLEANING SPREAD JOY," TIP OF CATTELL

Breath of Spring Wafts Sunny Statistician Into Mood Which Bodes Well for All Philadelphians Who Heed

In the spring E. J. Cattell's fancy stop talking about how old our city is lightly turns to thoughts of love—of or how old we are individually—nor one

his gray eyes are only foils, after II, for the young heart of the num. And when he fell to talking this morn-ing of spring and Philadelphia, of facts and fellowmen, it was from his young than any other city in the world.
"We have the finest body of

"Let us welcome spring this year year lengthens, let us try to put a little nore sunshine into the lives of the we meet as our days lengthen. There is a good old book which so

old men who have still kept the child-heart read and remember and understand, which says, Unless ye become as little children ve shall not enter into the kingdom of heaven. And there is a heaven right here and now that we all can enter if we will give the child in us a chance. The senson of forgetting and forgiving will nominally South American Says Philadelphia close with Easter, but let's give that senson a twelve months' extension, disand adopting the genial and appreciative mood that helps us to be bigger and better men and that helps us to help others to be the same sort of people. Let us quit thanking God that we are

and not the humor that laughs at him man.

something of the spring-there is nothing else to talk about. Let' time about the city statistician, because stop talking about what's done and he is so like the sunshine of the city, as put our energies to work explaining the genial and sane, gentle and wise. The wonderful basis we have in our presentascade of white whiskers that falls day home and business life, which we peross his ruddy face and the wise light intend to make features of the nearby future. We have greater wealth in pro-portion to population than any othe

"We have the finest body of skilled labor on the face of God's, earth—a with the clean-hearted joy of the old fact proved by the circumstance that we fashioned boy and girl." he said. Let us give the child-heart a chance. And now, when God is putting more hours of kets of the world than any two other fact-proved by the circumstance that we irrespective of price in the open mar-kets of the world than any two other cities on the globe. We have a more home-loving, clean-living, honest-act-ing body of population than any other city can boast. Let's get so busy doing the right things that we won't have the time or the inclination to do the wrong ones. And let's give the other fellow credit for being at least 25 per cent as

good as we are. Philadelphia is often accused of failing to brag about her good qualities and assets, but one seldom hears a good mother bragging about herself—that's left to her children, Philadelphia has not only mothered the constitution, the prevalence of disease are compiled by not only mothered the constitution, the prevalence of disease are compiled by flag and the Declaration, but most of the health department. They show that she has a mother's pride in their success. She has praised them so much that she has not had time to speak about herself. This is a splendid motherly "Dirts is swept out of the center of quality, but it can be carried too far. Let us quit thanking God that we are not as other men and remember that others may be thanking God they are not like us.

"Let us practice in our speech the humor that laughs with a man and helps and not the humor that laughs are important to the normal distribution of the humor that laughs are important to the normal distribution of the humor that laughs are important to the normal distribution of the humor that laughs are important to the normal distribution. The normal distribution of the humor that laughs are important to the normal distribution of the normal distribution of the humor that laughs are important to the normal distribution of the normal distri

"After five years of evil passions Let us fall in love with life again, horror and calu and, what's more to the point, tell every one we have fallen in love with it again.

That will encourage them, perhaps, to the same madness.

It is tall in love with its again, norror and calumny, norror and calumny, norror and calumny.

It is tall in love with its again, norror and calumny, norror and calumny. "I liked that old saying: 'A genius is give the wild flowers a chance to grow, a sane men who is able to communi-cate his sanity. We have lots of sane live to greet another spring—with its men and women here in Philadelphia. invitations, suggestions and echoes of Let's get busy on the communicating other days and its promise of that new end of the line. Perhaps a good idea life that comes each year after the would be for us to reverse the general seeming death of winter to give us a order and stop putting our money in bank and giving our advice to others. "Right here in Philadelphia let us us bye and bye.
