# Easter Fashions Are Uppermost in People's Minds Just Now

#### What Is It That Constitutes a Gentleman?

A sightseer in London for the first time is most likely to be taken early any Sunday morning to Seven Dials, where thousands of ragged people attend auction sales of every conceivable second-hand thing ever made by a machine or a human hand, and the several auctioneers, at different points in the huge crowd, always begin their sales by saying "Ladies and Gentlemen."

The whole world pays homage to certain words.

Shakespeare, centuries ago, is said to have used the word "gentleman" four hundred and fifty-two times in his works.

One frequently hears a man say that he thinks of giving up business and turning gentleman.

Is it the work a man does that makes or unmakes a gentleman? It is not so very long ago that Great Britain barred the receiving at Court of any commercial man. Just exactly

> What Is Gentleshippe?

If a man is known by his clothes, the question all turns-upon His Majesty the Tailorsmith.

Can putty, paint and varnish make a genuinely good piece of furniture?

Can lands, money and inherited titles, each or all of them, make a real gentleman?

A university may produce a gentlemanized graduate, but is it not a fact that the beginning of a gentleman is within the threadbare, naked child, within the lad when he first arrives?

Something Has Happened to a Beautiful White Silk

An extraordinarily fine white satin brocade has become slightly soiled on the extreme edges, a thing that is difficult to prevent with white or light colored silks.

This is, however, just where the seam will come in making the brocade up and so it is not really a serious detriment. Nevertheless, we prefer to tell our customers about it and, as a compensation, we have taken a considerable amount from the price.

The new marking is \$10 a yard and, for such a handsome silk as this, this price is very low. The width is 38

## The Clothing Store for Men to **Depend Upon Today**

WANAMAKER'S

-is the clothing store which, from the day it was opened until now, has always been essentially a store of quality.
