

LE DICHIARAZIONI DI NITTI ALLA CAMERA

Il Governo Desidera che l'Italia sia Strumento di Pace in Europa

Published and Distributed Under PERMIT NO. 841. Authorized by the act of October 3, 1917, on file at the Postoffice of Philadelphia, Pa.

Roma, 22 marzo.—Il Presidente del Consiglio dei Ministri, On. Nitti, parlando, oggi, alla Camera sulla politica del nuovo Gabinetto, ha dichiarato che tutte le nazioni d'Europa dovranno affrontare una situazione estremamente difficile...

disaffetto con il loro progresso e non con l'impoverimento della loro esistenza. Quindi Nitti così concluse: "In difesa degli interessi italiani lasciateci ispirare a questi principi generali. Noi desideriamo che l'Italia sia uno strumento di pace, noi desideriamo di avere cordiali relazioni con tutti e specialmente con i nostri vicini; noi non desideriamo ritardare il ristabilimento della pace. Ne' trattati, ne' convenzioni limitino l'azione dell'Italia, la quale bisogna rappresentare non soltanto la forza bilanciata, ma l'elemento di moderazione in difesa dei suoi principi di giustizia. Noi desideriamo un completo accordo con la Francia e l'Inghilterra."

KING GEORGE HOLDS LEVEE

First Since 1914 is Brilliant Affair; Ambassador Davis Present London, March 23.—(By A. P.)—King George's first levee at St. James Palace since 1914, held today, was a brilliant affair. John W. Davis, the United States ambassador, and his staff, all dressed in black, presented a notable contrast to the full-dress uniforms of military and naval officers and ministers and judges in their wigs and official robes. The king drove in semi-state from Buckingham Palace, being escorted by household cavalry.

U. S. STEAMER SINKING FAST

Rock Island Bridge in Collision On Coast of France London, March 23.—(By A. P.)—A wireless dispatch received here states the American steamship Rock Island Bridge collided with an unknown steamer eight miles off Ushant, northwestern France, and is sinking fast. The steamer Bakersfield is proceeding to the scene of the accident.

The distinctive American beverage today Harvard GINGER ALE A Beverage for the Home ITS distinctive delicious flavor appeals to both the children and grown-ups. That is why this true ginger product—aged and mellowed—has solved the problem of "what to drink" in the home.

Essex Almost Doubles Light Car Endurance

Essex Has Performance Like the Costliest Fine Cars—Its World Endurance Record Has Never Been Rivalled

The most important thing that Essex has proved is that weight and size are no longer necessary to finest car quality. All concede average ability in any modern car. So it was to prove ability far beyond what any light car ever has shown that Essex made its famous endurance tests.

Other cars its size and weight cost as much. But none has ever equaled what it has done. You will hardly dare use its over-capacity of power. But you do want the ability and dependability it gives. It means no strains on motor or other mechanism. It means a better, more durable, lasting car. And Essex is easy to operate. Driving does not fatigue. Its instant response to the lightest touch and its smooth, restful comfort in motion account for this.

Such Endurance as You Want in Your Car

Never before was a car driven at top speed for 50 hours. The grind was more severe than years of road use. Yet at the end the Essex showed no measurable wear.

What car, the Essex size and weight, can even attain a mile-a-minute speed, much less keep it up for 50 hours?

These results were decisive. They proved Essex not only the supreme performer of the light car field. They showed that with its advantages of moderate price and economy it combines such endurance and dependability as few large, high-priced cars offer.

Light Car Economy and Big Car Performance

Greater size could add nothing to Essex. It has the qualities which weight and size are built to give—riding comfort, solidity, distinction and smooth, quiet pace. In addition it has fuel, oil and tire economy. And its durability means freedom from repair costs and positive, dependable transportation.

That is another reason why so many women are Essex owners. And they appreciate its safety, too. Its controls are simple and instantaneous. It makes fast time, with security, in difficult traffic.

Essex Wins on Quality Minus Useless Weight

Essex won recognition on the finest quality without useless weight and size. For that issue is uppermost today.

You will take pride in your Essex from the first. Its smartness, its rich fittings and finishing, its quiet luxury and superior performance give it distinction everywhere. And time and use will increase your esteem and respect for it. You will come to rely absolutely on its dependability. You will expect and find it always ready for any demands you may make.

These are the reasons why Essex set a world's sales record in its first year. And orders now are so far ahead it is certain that even that unrivaled mark will be surpassed this year.

Thousands, realizing this, are placing their orders now. We advise that you do likewise, else you may be disappointed in delivery.

Gomery-Schwartz Motor Car Co. 128-140 N. Broad St., Philadelphia, Pa.
