

# RUSSIANS ATTACK POLES FURIOUSLY

### Heavy Artillery and Tanks Pave Way for Soviet Offensive at Zwihef

## BOLSHEVIKI BEATEN BACK

By the Associated Press  
Warsaw, March 23.—Russian Bolshevik forces which have attacked the Polish front with great fury in the vicinity of Bobrinsk have been repulsed everywhere, according to a statement issued at army headquarters here.

The Soviet forces were equipped with armored automobiles and tanks, and seemed to center their attack in the direction of Miazl in an effort to retake that place from the Poles. At some places there was hand-to-hand fighting and villages were taken and retaken before the Bolsheviks were finally driven back.

Lemberg newspapers announce the capture of Miazl by the Soviet forces and say that citizens are fleeing ahead of the Russian army. Ukrainian headquarters have been removed to Husan by Premier Maccepa, it is said.

A communication issued yesterday announced that after the greatest artillery preparation yet experienced the Bolshevik infantry advanced in columns against the bridgehead at Zwihef, aided by tanks and armored motorcars.

"After a sharp engagement," says the communication, "the Polish troops launched a counter-attack, with bayonets and hand grenades, driving the enemy far from the Polish line."

"The Poles," the communication continues, "captured one tank and some machine guns and prisoners. Simultaneously the Polish attacked the Seventh Bolshevik division, which was on the advance in the sector of Emiozow and compelled the enemy to retreat easterly, abandoning his batteries, horses, ammunition carts and machine guns. At other points attempts to cross the River Sinez were checked."

The communication adds that intensive artillery fire continues by both sides along the front and other sectors, and that the Bolsheviks are concentrating as rapidly as possible and reforming their shattered units for the purpose of re-attacking.

On the Podolian front the Bolsheviks have attacked Nowosienawke, Latskaw and Nowoconstantinow and the sector southwest of Derazona. Heavy fighting followed these attacks, which were preceded by artillery preparation. A number of villages in the region of Derazona changed hands time and again, but the Poles, counter-attacking in the end, were the victors. There was much hand-to-hand fighting in those villages, the fighting lasting all day and night.

London, March 23.—(By A. P.)—More than 10,000 anti-Bolshevik soldiers have been found frozen to death on the steppes, it is announced in a Soviet military communication received today from Moscow by wires.

The steppes comprise the plains in southeastern Russia and the western Asiatic province.

The statement reports progress by the Bolsheviks against General Demkin's

forces along the railway in the Ekaterinodar region on the Caucasus front.

Bucharest, March 16.—(Delayed)—A German dirigible balloon, headed for Moscow, fell today near Czernowitz. Its officers and 500,000 rubles, printed in Berlin, and also a printing press for making money were taken charge of and brought here by Rumanians. That is the second dirigible to fall into the hands of the Rumanians under similar circumstances.

## ROME CABINET MAY FALL

Nitti Admits Ministerial Crisis in Italy Is Imminent  
Rome, March 24.—(By A. P.)—The possibility of a cabinet crisis in Italy is suggested by the Giornale D'Italia today. It says Premier Nitti himself admits that it may be possible he will be unable to secure a vote of confidence in the chamber.

In this case, says the newspaper, either Prof. Luigi Luzzati, the minister of the treasury, or Signor Bonomi, the minister of war, would be entrusted with the task of forming another ministry.

## LADY GEDDES BORN IN U. S.

But British Ambassador's Wife Is Not an American Woman  
London, March 24.—(By A. P.)—Lady Geddes, wife of the newly appointed British ambassador, is generally spoken of as an American woman. This, the Pall Mall Gazette points out, is incorrect. Lady Geddes was born in New York state and educated at Windsor, Nova Scotia, but she is the daughter of W. Ross, of Belfast, who spent much of his life in America, but who, the paper says, was never naturalized.

Sir Auckland and Lady Geddes were married in 1906 and have five children.

## LEAGUE COUNCIL IN ROME

Will Meet April 25 or 26—Allied Council at San Remo April 21  
Paris, March 23.—(By A. P.)—The supreme council of the Allies will meet at San Remo, Italy, April 21, according to authoritative advices from Rome. The next meeting of the council of the League of Nations will be held in Rome, April 25 or 26, it is announced.

# ITALIAN DEPUTIES NEAR FIST FIGHT

### Debate on Agrarian Reforms Causes Wild Disorder in Chamber

## NITTI CABINET MAY FALL

By the Associated Press  
Rome, March 24.—Catholics and Maximalists clashed in the Chamber of Deputies yesterday during debate on measures providing for agrarian reforms. For some time there were scenes of wild disorders. Personal encounters were prevented with difficulty by cooler members.

Maximalists had been interrupting the debate for some time, when Salvatore Bandiereri, Catholic, shouted "Oh, oil!" at Signor Serrati, Socialist, referring to the latter's alleged speculation in petroleum. Serrati leaped from his seat and with clenched fists rushed toward the Catholic section, followed by his friends. He was stopped by other deputies, while Socialist deputies shouted "Jesus," "Sacristans" and "Hypocrites" at their opponents.

A second clash occurred when the Catholic Deputy Carpa accused the Socialist Deputy Lamella of having asked the support of the prefect and civil governor of his constituency. Lamella flung himself toward the Catholic benches, accompanied by his adherents. The president of the chamber, former Premier Orlando, despairing of restoring calm, suspended the sitting.

On the resumption of the sitting Deputy Orano, who fought in the war, spoke strongly in opposition to the program of the cabinet as set forth by Premier Nitti on Monday. He accused the majority of weakness in the Fiume controversy.

Alluding to the change in political faith of Orano, who originally was a Socialist, the premier asked what he desired should be the government's policy with regard to Fiume. Orano replied: "We desire from the government an act of patriotism clearly favoring Fiume as a separate entity."

During the course of the session Premier Nitti said the government favored the bill granting the right of suffrage to women.

The possibility of a cabinet crisis in Italy is suggested by the Giornale D'Italia today. It says Premier Nitti himself admits that it may be possible he will be unable to secure a vote of confidence in the chamber.

In this case, says the newspaper, either Prof. Luigi Luzzati, the minister of the treasury, or Signor Bonomi, the minister of war, would succeed Nitti as premier, or Nitti would be entrusted with the task of forming another ministry.

Former Kaiser's Son Granted Dutch Island for Exile  
The Hague, March 23.—(By A. P.)—Announcement by the premier today that the Dutch Government had granted the island of Wieringen to the former crown prince as a place of residence is believed here to complete the steps by which Holland seeks to meet allied demands as to the safe keeping of former Emperor William and his son. A decree by which William of Hohenzollern would be confined to that portion of Utrecht including Amerongen and Doorn was made public last week.

Reports are current the crown prince asked that his residence be fixed on the island, and declined an opportunity to live near his father.

Dayton Population 153,830  
Increase of 31.1 Per Cent—Another Ohio Town Gains 144.1 Per Cent  
Washington, March 24.—(By A. P.)—Population statistics for 1920, announced today by the Census Bureau, included:  
Dayton, O., 153,830, an increase of 37,250, or 31.1 per cent more than 1910; of 2197, or 12.3 per cent; Middletown, N. Y., 18,420, increase of 1107, or 20.3 per cent; Warren, O., 27,050, increase of 15,000, or 144.1 per cent; Trenton, N. J., 6821, increase of 1395, or 22.1 per cent; Junction City, Kan., 7516, increase of 1018, or 34.3 per cent; Kewanee, Ill., 10,026, increase of 6710, or 72.2 per cent.

## Economy applied to this truck means something

The Oldsmobile Economy Truck has earned its title. There is nothing on four wheels of its capacity or near its price that will deliver more comfortably, more quickly, or at less cost. This is not an empty claim on our part, but a matter of actual record—something you can figure in dollars and cents.

Larson-Oldsmobile Company  
Truck Division

Valuation for Insurance Protection

All industrial, mercantile, utilities and shipping enterprises should carry adequate insurance. Unless from 80% to 90% insured, depending on the character of the risk, the assured is a co-insurer. With today's increased price level of 100% over five years ago, most commercial enterprises are not insured up to 80% of their value.

If you are the owner, do you know the real present value of your plant as a basis for proper insurance?

If you are the banker, is the enterprise to which you have loaned money adequately insured?

If you are a bond holder or a stock holder, is your investment protected by being fully insured.

Call the attention of those managing such properties to the Valuation and Report Department of this firm. It is a large organization of experts with exceptional facilities for making valuations in a minimum of time.

We have just received from the Aeolian factories another shipment of the popular Hepp Pianola-Pianos, to be sold at \$775 each. For many weeks we were unable to secure any of these fine instruments, so it is with considerable pleasure that we are again able to announce these instruments for sale. The Hepp Pianola-Piano is one of our most popular player-pianos. Its design and construction are very practicable, and its price is very moderate.

The Hepp Pianola-Piano contains the great Aeolian patents, which have made the Pianola-Pianos famous for their powers of expression. The Hepp is one of the group of six pianos in which the Pianola player-action is built. The Pianola is used only in the Steinway, Weber, Steck, Wheelock, Stroud and Hepp Pianos—all of which are on sale at Hepp's.

The Hepp piano is famous throughout musical circles as an upright piano of unusual merit. It is the only piano built with three sounding-boards. This patented feature gives to Hepp Pianos a tone very similar to that of a grand piano. Hepp Upright Pianos may be purchased from \$475 up. Call, phone or write for catalogs and full particulars.

**Free A 10-Day Tube**

Send the coupon for a 10-Day Tube of Pepsodent. The test will be a revelation to you. Note how your teeth look then.

Millions of teeth now glisten

Millions of teeth are now daily brushed with Pepsodent. You see them everywhere—white, glistening teeth. On every hand it is evident that a new era has dawned in teeth cleaning. But the result is more than beauty. These film-free teeth are safer. To countless people this new method will bring life-long benefits.

See the results

See the results on your own teeth. Let your mirror tell you what they mean to you. The test is easy, pleasant, and is free. Old methods have proved inadequate, as nearly everybody knows. See what this new method does.

Your teeth are coated with a film. It is that viscous coat which you feel with your tongue. Millions of teeth are dimmed by that film, and millions are destroyed. Modern dental science traces most tooth troubles to it.

It is that film-coat that discolors—not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Many other troubles, local and internal, are nowadays traced to those germs.

Brushing doesn't end it

The film clings to the teeth, enters crevices and stays. If not removed it may harden. It destroys the luster of the teeth, and month after month it may do ceaseless damage.

The tooth brush does not end it. The ordinary tooth paste does not dissolve it. So countless teeth discolor and decay despite the daily brushing. Tooth troubles have become, in late years, almost universal.

Dentists long have known the reason. On your visits to them they remove the film and tartar. But what was needed was a daily film combatant, and dental science has been seeking it for years.

Now you can combat it

After years of searching, a way has been found to fight film. Able authorities have proved its efficiency by clinical and laboratory tests. Leading dentists everywhere, after testing it and watching it, now urge its daily use.

**Teeth Are Coated**  
With a Cloudy Film—Watch Them Whiten When You Take It Off

All Statements Approved by High Dental Authorities

For home use the method is embodied in a dentifrice called Pepsodent. This is a new-day tooth paste, made to comply with all modern dental requirements.

A 10-Day Tube is being sent to everyone who asks. This to quickly show the millions what it does.

Applies a digestant

The film is albuminous matter. Pepsodent is based on pepsin, the digestant of albumin. The object is to dissolve the film, then to day by day combat it.

This method long seemed impossible. Pepsin must be activated, and the usual agent is an acid harmful to the teeth. But modern science has discovered a harmless activating method. Countless tests have proved this. And now active pepsin can be every day applied.

Two other elements give Pepsodent a unique efficiency. But film removal is its most important action.

No money accepted

No money is accepted for a ten-day test—not even for the postage. Everyone who asks it is supplied. Thus over two million people yearly are being shown what Pepsodent can do.

Simply mail the coupon. Then note how clean the teeth feel after using Pepsodent. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Compare your teeth now with your teeth in ten days. Then decide for yourself between the new method and the old. This is most important to you. Cut out this coupon so you won't forget.

**ROYAL'S CO-OPERATIVE SELLING PLAN SHOULD WORRY PROFITEERS**

Mr. P. A. Hill, of Royal Boot Shops, Says Exorbitant Shoe Prices Are Unnecessary

Mr. P. A. Hill, managing director of the Royal Boot Shops for men, is basement at N. W. cor. of 13th and Market and on 2nd floor of 1201 Chestnut Street, is undergoing severe criticism by many Philadelphians. Mr. Hill has fathered the now famous co-operative selling policy in force in his shops that makes every customer a partner, and brings the prices of men's good shoes down to the lowest basis, \$3 to \$6 a pair, below the scale in force at most shops.

Mr. Hill's friends say he will turn a deaf ear to trade criticisms. He has the reputation of finishing everything he starts.

His knowledge of shoemaking, factory details, costs of shoemaking, leather costs, etc., is second to none in Philadelphia. As a style creator he is famous. And his knowledge places him in a position to detail, build and buy good shoes at lowest wholesale prices.

Exhibition Draws Crowds.

Evidence of Mr. Hill's success in cutting costs and profits to give high-grade shoes at low prices is seen in exhibition of Spring Royal styles now at both shops. It's attracting a lot of attention because Mr. Hill invites comparison, whether you buy or not. The idea of letting the shoes sell themselves, every style set out on display tables in the store with price plainly marked, is one that takes with the average man who doesn't like to be deceived by overzealous salesmen. The Royal Boot Shops are to be commended in this firm stand to reduce the high cost of shoes, despite all criticisms, and thousands of Philadelphia men will afford them hearty support in the campaign to reduce the cost of good shoes.—Adv.
