A FOUR-YEAR PROGRAM FOR PHILADELPHIA

Things on which the people expect the new administration to concentrate its attention: The Delaware river bridge date the largest ships. Development of the rapid transit sys-4 convention hall. A building for the Free Library. An Art Museum.

Enlargement of the water supply. Homes to accommodate the popu-tion.

GREAT SHIPS AGAIN

THE day of giant steamships, dimmed by the war, is fast returning. Even before the actual hostilities ended "the United States shipping board realized that overemphasis had been placed on the small cargo boat. Hog Island has of late been turning out some vessels nsiderably larger than the pioneer Quistconck.

Across the river, six large merchant and passenger steamships, each averagng more than 20,000 tons, are on the ways.
