Blauner's
For Women's Wear

—has come to be one of the Slogans on the lips of Philadelphia women. Unlike other trademarks and sayings which have become popular through the expenditure of Thousands of Dollars, our slogan is being daily advertised by our own patrons.

We hear patrons say—"Everybody goes to Blauner's for their clothes" or—"Blauner's always have the newest styles and you pay less for them." They advise their friends to come here—they bring their children here, because they know we specialize in Women's and Children's Clothes.
