

# STOKES COMES OUT AS WOOD DELEGATE

Governor Edwards and Several Others Also File Petitions. Dry Slogan Opposed

## JOHNSON MEN FILE, ALSO

Trenton, April 2.—The "Big Four" slate in New Jersey pledged to Major General Leonard Wood for the presidential nomination was completed yesterday when Edward C. Stokes, former governor of this city, filed his petition as a candidate for delegate-at-large to the Republican national convention with the secretary of state. The bulk of the signatures annexed to the Stokes petition were obtained in Camden, Cumberland, Union, Essex and Mercer counties. Coincident with the filing of the Stokes petition Mulford L. Ballard, of East Orange, and Thomas R. Layden, of Paterson, who are pledged to Hiram W. Johnson, filed their petitions as candidates for delegates-at-large and requested that their names be grouped. Senator Warren G. Harding, of Ohio, was placed in the field in this state today when a petition containing 1193 names was filed nominating him as a candidate for the presidency. Counsel for the Standfast Club of Jersey City, who brought the Harding petition to this city, said that the senator would

open his campaign in this state on April 5, when he would address a mass-meeting in Jersey City.

When former Mayor William P. Howe, of Pennington, filed his petition yesterday as a delegate from the fourth district to the Republican national convention he requested that the slogan, "Safeguard the Eighteenth Amendment," be placed opposite his name on the primary ballots. Mr. Howe had the designation included in his petition, but the State Department informed him that his request could not be granted because of the restrictions placed in the general election act governing the filing of petitions.

Governor Edwards, of Jersey City; Mayor Frank Hague, of Jersey City, and James R. Nugent, of Newark, three of the Democratic candidates for delegate-at-large with no choice expressed, also filed their petitions yesterday. Mayor Frederick W. Donnelly, of this city, the fourth candidate for delegate-at-large to the Democratic national convention, filed his petition yesterday. The four candidates, together with the alternate candidates for delegate-at-large to the Democratic convention, will be grouped on the official ballots in compliance with a request made by the eight men.

Other candidates who filed petitions yesterday and their choice for the presidential nomination where indicated include:

- William Richman, Sharptown, Salem county, alternate delegate from First district, Republican; no choice.
- P. Wallis Armstrong, Moorestown, delegate from Second district, Republican; unpledged.
- William W. Woodrell, Mount Holly, delegate from Second district, Republican; Leonard Wood, of Ohio.
- Charles I. Lafferty, Atlantic City, Democratic alternate delegate-at-large; unpledged.

# DOUBTS TRENTON SHORT OF HOMES

Profiteering and Unrest Blamed for Scarcity by Chamber Head

## HOUSES HAVE GAINED

Trenton, April 2.—Following a statement by Mayor Donnelly, that Trenton is facing a desperate shortage of homes, John A. Lambert, president of the Chamber of Commerce, in an interview yesterday expressed a doubt that there is an actual shortage of homes here. Mr. Lambert raises the question as to whether the real cause for the situation is not due to a spirit of unrest and dissatisfaction, and thinks also that profiteering may have something to do with the condition. In support of his contention that some other cause is responsible for the present condition," Mr. Lambert says: "In 1910 the federal census gave Trenton a population of 96,815. While not officially announced, it is generally understood that the census figures for 1920 will show a population of 113,000, or an increase of about 17 per cent. In 1910 there were 18,648 dwellings in the city of Trenton. Between 1910 and the close of 1919 there were 4852 dwellings erected, or an increase of 26 per cent. It would seem from

# N. J. MAY LACK SECRETARY

Officials Say Martin's Term Ends at Midnight Sunday

Trenton, April 2.—"It's not the first time New Jersey has been without a secretary of state," was the comment of Senator Collis B. Allen, of Salem, the majority leader in the upper branch, when asked whether he would request that the Senate meet again before Monday night for the purpose of confirming the nomination of Thomas F. Martin as secretary of state. In support of his contention Mr. Allen pointed to the situation when Secretary David S. Crater fell dead in New York on March 3, 1915, and that Mr. Martin was not appointed to succeed him until two days later. Opinion was freely expressed by state officials and some members of the Legislature that the term of Mr. Martin as secretary of state would cease at midnight Sunday and that the state would be without the services of such an official until such time as the

# URGE BRIDGE AT CROSSING

Commissioner Finds Dead Engineer Caused Fatal Accident

Trenton, April 2.—Elimination of the grade crossing at the junction of the main line and Newark branch of the Central Railroad at Elizabethport is regarded by James Maybury, Jr., chief inspector of the railroad division of the Public Utility Commission, as the only certain means of averting a recurrence of the fatal accident of March 3 last, in which four persons were instantly killed, two fatally injured and thirteen others injured more or less seriously. The conclusions of Mr. Maybury are contained in a report to the commission following an investigation of the causes leading up to the accident. Mr. Maybury expressed his belief that something unexplainable happened to Engineer William Sells of the express, physically or mentally, immediately before the accident and that was responsible for driving his engine at high speed past a signal set at "caution." The engineer was among the four killed.

## What would you do if your husband left you on a ranch with three babies?

ONE day a happy wife and loving mother—the next, deserted and miserable. What made Chaddie McKail's husband suddenly leave her? And what was the secret in his past life that only his pretty cousin knew? Can you imagine what you would do if your husband left you? Would you consider yourself still bound to him?

And if another man fell in love with you, how would you deal with him? Would you dare to do what Chaddie did? And how would you treat the other woman? Don't miss a line of Arthur Stringer's story, an intimate revelation of the workings of a woman's soul—

### The "PRAIRIE MOTHER" By ARTHUR STRINGER

A sequel to "The PRAIRIE WIFE"

Begin it in the Pictorial Review for April

#### Advance spring fashions

Fifteen pages of the smartest, newest Spring styles appear in the Big Easter Number. Six pages of these designs are illustrated in the actual colors of the new seasonable materials.

- The New Wired-hip Velasquez Gowns
- The New Set-in, Gathered Sleeves
- The New Zouave Skirts
- The New Watteau Pleat
- The New Hip-length Jackets
- The New Skirts with Scalloped Hems

Pictorial Review for April is a veritable picture gallery of new Spring styles.

#### Have women any real creative genius?

Or have men a monopoly? How does the feminine mind differ from that of man? And were Rosa Bonheur, George Eliot and Mme. Curie abnormal? Is the bearing of children the only "creative" ability woman possesses?

Dr. Kristine Mann, one of America's most distinguished women physicians, answers these questions in a surprising manner in Pictorial Review for April. Dr. Mann was appointed to supervise the health and moral welfare of the Government's thousands of women war workers and certainly knows what she's talking about.

#### What is a home-made president?

Seventeen million women will vote for President at the next election. Think of the enormous political power they will wield.

How are women going to use this new power? Will they take full advantage of it or not? Indications point to their complete rejection of a machine-made President. Ida Clyde Clark explains exactly why the women of America demand a home-made President.
