DELANY BACKERS FORM COMMITTEE

Body of 100 Business Men to Fight Candidacy of Ransley for Congress

STUART REFUSES TO RUN

A committee of 100 business men has been formed to direct the battle for the nomination and election of Charles A. Delany to fill the short and long terms in succession to J. Hampton Moore as the representative from the Third congressional district. This committee will contest the candidacy of Harry C. Ransley, the Vice choice.

Charles W. Ashbury was chosen chairman of the committee. Headquarters will be in the Nineteenth ward, the ballroom of Senator Martin, next week. From there a house-to-house canvass will be carried on.

Stuart Will Not Run

Former Governor Stuart has decided not to be a candidate for delegate to the Republican national convention from the Germantown-West Philadelphia district on the Moore ticket. His place will be taken by District Attorney Robert M. Galloway, whose name will be placed by the committee.

The Republican executive committee of the Forty-seventh ward, where Peter E. Smith is the Organized ward, has endorsed a number of administration candidates. Smith said this was the result of harmony between the contending elements in the ward, while administration leaders said it was because Smith had deserted the Vice organization.

The candidates endorsed are: Congressman Edmunds for re-election, Senator Daix for re-election, Patrick Conner and John H. Drinkhouse for state representatives, and Alfred E. Burk and William Frehofer for national delegates.

Harry W. Wildey and Arthur Sellers, deputy coroner, have been selected to the charge of the Nineteenth ward. The Thirty-second ward. It is understood they will support Dr. Samuel Brister for state representative against Benjamin M. Golder, who has the backing of the Moore men.

Second District Ticket

The Moore national delegate ticket in the Second district has been completed by the naming of Joseph O'Neill as alternate. The other alternate is George W. Cole, chairman of the Town Meeting party.

William J. Brady and Richard D. Burns are the candidates of President Judge Brown, of the Municipal Court, for state representatives from the Tenth district, Fifteenth ward. Vice candidates may be John Gordon and Alexander Colville.

Frank Feeney, labor leader, said organized labor would oppose Colonel Joseph H. Thompson for United States senator against Senator Penrose. Feeney said the colonel, when a state senator, fought labor legislation.

Two Men Attempted to Enter Store, Witness Testifies

Wynnefield admitted that he had served twenty-seven months for stealing automobiles in Baltimore, while Forrester said that he had spent ninety-six days in a Norfolk jail for receiving stolen goods.

"L" Traffic Halted 20 Minutes

Traffic on the Market Street Elevated line was tied up for about twenty minutes shortly after 7 o'clock last night when a trolley derailed on a west-bound train at Forty-sixth street. The superintendent's office at Sixty-ninth street declared the train was started again in about twenty minutes and the tie-up did not cause any serious congestion, as it occurred between the two rush hours of homeward-bound workers and theatre-goers.

HALF-CHRISTIANS CALLED MOCKERS

Rev. Dr. Macartney Compares Those Rejecting Jesus to Crucified Thief

The Rev. Dr. Clarence Edward Macartney, speaking in the Arch Street Presbyterian Church today, compared those who profess Christianity but who reject Christ as the atoning Redeemer to the mocking thief crucified beside the Saviour on the first Good Friday.

"The crucified Redeemer," he declared, "divides men and churches into two classes as decisively as His own cross separated the mocking and railing thief from the penitent thief. Few mock or rail at Christ as that impenitent malefactor did. But in substance their rejection is much the same. There are those who mock at Christ, but in polite or mystical or philosophical language. There are those who praise His example and point to the beauty of His life and the pathos of His death, but who dimmish Christ as an atoning Redeemer, and therefore rail at Him, but with less excuse than the poor, ignorant malefactor who cursed Him to His face. All these popular cults of the day which talk much about Christ and use the Christian book and the Christian day, but in their hearts reject and abominate

TELLS OF RELIGION TEST

Christ as the only mediator between guilty man and a holy God, thereby put themselves on the unbelieving and impenitent and mocking side of the cross.

"That is the final and the grand test for all systems of thought, for all religions that claim the name of Christian, for all those who call and profess themselves Christians, for all those who stand as teachers and interpreters of Christian theology.

"Let them be summoned to the foot of the cross and there let it be seen how they respond to the teaching of the cross.

"The cross demands the truth: it pierces through all subtrefuges and disguises; it compels a man to say on which side he stands. Yet the cross is merciful. It comes to bestow forgiveness, hope, glory and immortality to that man who, like the penitent thief, can believe in the sacrificial death of the Christ of the cross and call upon Him for life and mercy."
