Roy Moore Reports and Features Whites' Victory—Naylor Toys With Georgia Tech

Atlanta, Ga., April 8.—The Athletics played two seven-inning games yesterday, their last in Atlanta. In the first the Whites gave the Grays a severe drubbing by winning 10 to 2. The second game was played with the Georgia Tech team, the Macks winning, 5 to 1.

The outstanding feature of the day's work was the remarkable form displayed by Roy Moore, the young left-hander obtained from the Waco Club and who was late in reporting because of an attack of flu. Moore started his first game today and held the first team batters in the hollow of his pitching palm for the five innings he pitched. Not a man got beyond second base. He issued only one pass, limited the hits to three singles, one of which was a scratch and on the two trips he made to the bat hammered out a double and a home run.

While Moore was hypnotizing the regulars the second team was slugging the offerings of Slim Harris to all parts of the field. It was the worst grilling the former Houston star has received this year. In every round save the second the Whites hammered him for one or more bingles. The tall flinger also looked very bad in his fielding. There was little to the college game. Naylor toyed with the Yellowjackets, who scored in the fifth, when they made one of their three singles, a sacrifice and error by McCann permitting Turner to cross the plate. Naylor fanned twelve men, two in every round save the fifth and seventh, when he whiffed one in each.

LAFAYETTE ABLY HELPS PENN WIN

Joe Straus Also Contributes Freely in Red and Blue's Opening Baseball Victory

Lafayette and Joe Straus enabled the University of Pennsylvania to come forth a winner in the 1920 baseball debut on Franklin Field yesterday. As an exhibition of the finer points of the game, the Lafayette team more than offset the good twirling of the left-hander.

After tossing away numerous chances to make the game close, Lafayette started a rally in the ninth that might have caused the game to result differently, but for the twentieth time the base runners confined their efforts to foot instead of headwork. Seaman was sent in to run for Chilson in this final frame, but he upset the Boston menu by trying to score from second base on a short base hit that Straus fielded perfectly. Hence, the three successive hits made by Lafayette in the ultimate round did nothing more than fatten their swatting figures. The score was 4 to 1.

Straus' part in the Red and Blue triumph was large. In the third inning, after the bases had been loaded, Joe sent one of Penn's three clean drives

into right, scoring two of his college chums. As it turned out, that was enough to win, but it would have been a perfect peg to the pan in the ninth and headed off Seaman's mad rush for the run register. Joe scored a run himself in the eighth. He had reached second on Carney's knockdown of an easy fly. A hit advanced him and he counted on a wild pitch.

Gendel Reeves, former Northeast High star, was the redemptive feature of the Lafayette team. He smote the pill for a single and a double in three times and scored the only run for his benchmen. Reeves also fielded neatly and ran the bases well.

Harry (Kid) Brown Wins on Foul Boston, April 8.—Harry (Kid) Brown, of Philadelphia, won on a foul in the eighth round over South Boston Johnny Lopez before the Armory Club last night. Brown was fouled twice in the second, but continued. From then to the eighth he completely outfigured the local boxer, pushing him severely.

Navy Beats Penn State, 6-5 Annapolis, Md., April 8.—Winning from Penn State at baseball here yesterday, 6 to 5, the midshipmen took a big lead at the start in the eighth and pulled out of the hole in the final session.

FOUNTAIN OF YOUTH FOUND BY SKATING

Norval Baptie f-- More Than 30 Years Has Been a Leader

Norval Baptie, although past the forty-year mark, is considered the best all-around ice skater of America today. Baptie was born in Bathurst, N. D., on March 12, 1878. He was given his first taste of skating when he was ten years of age. Since then he has participated in nearly 5000 races, the toughest of which, to his way of thinking, being the two-mile chase with Johnny Wilson on a circular track at Mendon, Minn., back in 1900. Baptie won by a scant margin.

The fountain of youth is comprised of just two things, according to Baptie—namely, clean living and plenty of ice with which to skate on. When skating Baptie never forgets the ice is seen in his skating coat he acts similar to a man of twenty-one. Although it was his thirtieth year in the ice-skating game, Baptie set no fewer than seven world's indoor records while in Chicago last winter. He will be seen at the Ice Palace, Forty-fifth and Market streets, tomorrow evening in the 200-yard event for which he holds the indoor record of 14 2/3 seconds. Other records held by him are 33 4/5 seconds for 410 yards, 1:02 2/3 for 600-meter race, 5:44 1/2 for the two mile and 2:14 2/5 for the mile. Ring conditions, of course, figure a great deal in record-breaking events. No doubt the Ice Palace course with twelve laps to the mile, is as fast as any in the state today.

Friday night's event will bring out, aside from Baptie, Gilbert Belfay, Phil Kearner and Harry Davidson. All of these men are leaders in the professional classes.

Fur and Fun

I GET a lot of fun out of my business by giving better value for less money.

This Spring, I'm having more fun than a small boy at the circus, because the Australian rabbit fur I bought two years ago at less than half what it costs today, makes it possible for me to do stunts that other hatters call "merchandising miracles."

I can't pull a rabbit out of a silk hat with my sleeves rolled up, but I'm making soft hats out of imported rabbit's fur this Spring for \$3.85, that have all the quality you want in a good hat, and all the style you can get anywhere at any price.

For the young fellow who has been looking for something different since the first Armistice Day, I've got a nifty, new turban brim, with a bow in the back.
